Shell Of Rural Britain:

The Shell Book of Rural Britain Keith Mossman, 1978-01-01 **British Sources of Information P.**

Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual *Refugees from Nazism to Britain in Trade, Industry, and Engineering*

, 2025-09-04 From an unlikely Technical College in internment run by the dubious character Ludwig Warschauer or the unusual female electrical engineer Ira Rischowski to the unprecedented and creative initiative that was the trading estates where many refugees set up their businesses this book is full of surprises You may be intrigued to learn how much the refugees contributed to the British War Effort from Ludwig L wy who created new aircraft for the RAF to Londex a little known engineering company which made lighting equipment for buoys and submarines and many others these case studies reveal how the refugees helped Britain win the war Contributors are Tony Morgan Scott Cairns Tiffany Beebe Andrea Hammel Anna Nyburg Simon Willey Cathryn Enis Simon Parkin Felicitas Starr Egger Jonathan Aylen C Charmian Brinson Rob David Stephen Richardson Nicholas Russell Esther Saraga and Miriam David *Crude Britannia* James Marriott, Terry Macalister, 2021-05-20 Dripping with delicious detail Aditya Chakraborty Taking the reader on a journey through North East Scotland Merseyside South Wales the Thames Estuary and London this is the story of Britain s oil soaked past present and future Travelling the country the authors discover how the financial power and political muscle of an industry built the culture of a nation from pop music to kitchen appliances and how companies constructed an empire extracting the wealth of the world from Iran to Nigeria and Alaska Today the tide seems to be going out Britain s refineries have been quietly closed the North Sea oilfields are declining and wind farms are being built in their place As the country painfully shifts into its new post industrial role in the shadow of Covid Brexit and the climate crisis many believe the age of oil to be over But is it Speaking to oil company executives and traders as well as refinery workers filmmakers and musicians activists and politicians the authors put real people at the heart of a compelling story **Redefining Nature** Roy Ellen, Katsuyoshi

Fukui, 2021-01-07 How can anthropology improve our understanding of the interrelationship between nature and culture What can anthropology contribute to practical debates which depend on particular definitions of nature such as that concerning sustainable development Humankind has evolved over several million years by living in and utilizing nature and by assimilating it into culture Indeed the technological and cultural advancement of the species has been widely acknowledged to rest upon human domination and control of nature Yet by the 1960s the idea of culture in confrontation

with nature was being challenged by science philosophy and the environmental movement Anthropology is increasingly concerned with such issues as they become more urgent for humankind as a whole This important book reviews the current state of the concepts of nature we use both as scientific devices and ideological constructs and is organised around three themes nature as a cultural construction the cultural management of the environment and relations between plants animals and humans

Trademarks, Brands, and Competitiveness Teresa da Silva Lopes, Paul Duguid, 2010-05-04 Trade Marks Brands and Competitiveness brings together scholars from a variety of disciplines to provide a critical account of the contribution of branding to economic growth the relationship between trademark law and brand strategy and the building and repositioning of individual brands as case studies in the effects of competition

Trains, Culture, and Mobility Benjamin Fraser, Steven D. Spalding, 2012-01-01 Trains Culture and Mobility Riding the Rails goes beyond textual representations of rail travel to engage an impressive range of political sociological and urban theory Taken together these essays highlight the complexity of the modern experience of train mobility and its salient relation to a number of cultural discourses Incorporating traditionally marginal areas of cultural production such as graffiti museums architecture or even plunging into the social experience of travel inside the traincar itself each essay constitutes an attempt to work from the act of riding the train toward questions of much larger significance Crisscrossing cultures from the New World and Old from East and West these essays share a common preoccupation with the way in which trains and railway networks have mapped and re mapped the contours of both cities and states in the modern period Bringing together individual and large scale social practices this volume traces out the cultural implications of Riding the Rails
