the canonical and non canonical figures of 18th century English letters Baktir s study provides answers to many aspects of these questions through a detailed examination of very different texts Baktir does not completely reject Said s argument that European writers created a separate discourse to represent the Orient rather he shows us that there was also a dialogic and negotiating tendency which did not make a radical distinction between the East and the West Relying his argument on 18th century pseudo oriental letters oriental tales and oriental travelogues Baktir demonstrates that the representation of the Ottoman Orient in 18th century English literature differs essentially from earlier centuries because a developing critical and liberal spirit established a negotiation between the two worlds In this book he indicates how the critical and inquisitive spirit of the age of Enlightenment interanimated Oriental and European cultures

Approaches to Teaching the Novels of Henry Fielding Jennifer Preston Wilson, Elizabeth Kraft, 2015-12-01 Offers pedagogical techniques for teaching Henry Fielding's novels bringing considerations of epic comedy romance religion law politics class gender narrative voice style formalism historicism and book history into the college classroom Includes information on editions reference works biographies and online resources Gives syllabus suggestions for undergraduate and graduate courses **Spirits Unseen** Christine Göttler, Wolfgang Neuber, 2008 Investigating the meanings and uses of spiritus in a variety of early modern disciplines and fields natural philosophy theology music literature and the visual arts this book revisits the ambivalent history of a central ancient concept in a period of crisis and change **2012** Joseph Gelfer, 2014-09-11 21 December 2012 was believed to mark the end of the thirteenth Baktun cycle in the Long Count of the Mayan calendar Many people believed this date to mark the end of the world or at the very least a shift to a new form of global consciousness Examining how much of the phenomenon is based on the historical record and how much is contemporary fiction the book explores the landscape of the modern apocalyptic imagination the economics of the spiritual marketplace the commodification of countercultural values and the cult of celebrity **Charlotte Smith's Liberal**

Feminism Anne Chandler, 2025-09-01 This book reassesses the feminist politics of Charlotte Smith 1749-1806 by prioritizing the editorial content of her fiction over the Romantic lyricism of her poetry It describes Smith's application of patriot Whig discourse to the controversies of the Revolutionary era Two constants emerge in Smith's novelistic canon a reform agenda endorsing partisan opposition and a social contract and a feminist agenda foregrounding intellectual freedom These liberal stances provide a counterpoint to a research tradition that has viewed the ups and downs of Smith's radicalism as need driven responses to Revolutionary events and domestic hardships The policy discussions embedded in Smith's novels show that her theory of reform rested as much on ideals of British constitutionalism and enlightened fraternalism as on her own experiences of patriarchal oppression Earnest young men seeking jobs and helping women along the way were central to her vision of cultural renovation Her depictions of male sociability connect with her clear emulation of such forebears as Fielding

and Smollett whose comedic methods add nuance to her polemics Smith the novelist was more interested in the entertainment value of low humour than biographical readings have suggested Overall then this book raises Smith's stature as a contributor both to the Burke Wollstonecraft Paine debates of the 1790s and to the liberal feminism of the early nineteenth century by emphasizing the variety of her prose sources
