Austrian Capital Theory Peter Lewin, Nicolas Cachanosky, 2019-01-10 This Element presents a new framework for Austrian capital theory starting from the notion that capital is value Capital is the value attributed by the valuer at any moment in time to the combination of production goods and labor available for production Capital is the result obtained by calculating the current value of a business unit or business project that employs resources over time It is the result of a subjective entrepreneurial calculation process that relates the flow of consumptions goods to the value of the productive resources that will produce those consumptions goods The entrepreneur is a ubiquitous calculating presence In a review of

the development of Austrian capital theory by Carl Menger Eugen von Böhm-Bawerk Ludwig von Mises Friedrich Hayek Ludwig Lachmann as well as recent contributions the Element incorporates the seminal contributions into the new framework in order to provide a more accessible perspective on Austrian capital theory Future Perspectives on Positive Psychology: A Research Agenda Marisa Salanova, Llewellyn Ellardus Van Zyl, 2022-07-29 **Looking Back, Looking Forward** John Pepper, 2017-08-28 *Language for Special Purposes* Felix Mayer, 2001 Global Perspectives on Interventions in Forensic Therapeutic Communities Geraldine Akerman, Richard Shuker, 2022-02-10 Global Perspectives on Interventions in Forensic Therapeutic Communities A Practitioner's Guide explores the validity and effectiveness of secure settings as therapeutic communities TCs Rooted in practice this book examines the transferability of approaches within international TCs to other forensic settings while considering how the environment contributes to effectiveness In this volume Akerman and Shuker bring together leading clinicians from across the world to offer insight into critical topics including the impact of gang membership on therapeutic process and the community how core creative therapies are integrated and how the model is applied in international settings and across varied contexts Leading clinicians draw on rare reports and papers to explain the therapeutic community model while keeping in mind the diverse contexts within which it is practiced The book provides a much needed global perspective on the diverse role TCs have across forensic services This groundbreaking book is valuable reading for forensic and clinical psychologists counsellors social workers and psychiatrists working in secure prison or rehabilitation settings as well as students in these fields *Hitchcock's Moral Gaze* R. Barton Palmer, Homer B. Pettet, Steven M. Sanders, 2017-01-30 In his essays and interviews Alfred Hitchcock was guarded about substantive matters of morality preferring instead to focus on discussions of technique That has not however discouraged scholars and critics from trying to work out what his films imply about such moral matters as honesty fidelity jealousy courage love and loyalty Through discussions and analyses of such films as *Strangers on a Train* *Rear Window* *Vertigo* *North by Northwest* and *Frenzy* the contributors to this book strive to throw light on the way Hitchcock depicts a moral if not amoral or immoral world Drawing on perspectives from film studies philosophy literature and other disciplines they offer new and compelling interpretations of the filmmaker's moral gaze and the inflection point it provides for modern cinema

Citizens Plus Alan C. Cairns,2011-11-01 We are in the midst of a fundamental re evaluation of the desired relation of Aboriginal and non Aboriginal peoples to each other and of how the former are to be institutionally and constitutionally accommodated within Canada Words matter How we think about where we are and about the future goal of our relationship can confine us in an intellectual prison or liberate us from choices we will otherwise regret In Citizens Plus Alan Cairns unravels the historical record to clarify the current impasse in negotiations between Aboriginal peoples and the state He considers the assimilationist policy assumptions of the imperial era examines more recent government initiatives and analyzes the emergence of the nation to nation paradigm given massive support by the Royal Commission on Aboriginal Peoples We are battered by contending visions he argues a revised assimilation policy that finds its support in the Canadian Alliance Party is countered by the nation to nation vision which frames our future as coexisting solitudes Citizens Plus stakes out a middle ground with its support for constitutional and institutional arrangements which will simultaneously recognize

Aboriginal difference and reinforce a solidarity which binds us together in common citizenship Essential reading for those in political science history Native studies public administration and law Citizens Plus will also appeal to the general public interested in one of the most important and complex issues on our agenda Selected as a BC Book for Everybody
