

WHITE HOUSE POLITICS IN A NEW LIGHT

Looking Back at LBJ

EDITED BY MITCHELL B. LERNER

Looking Back At Lbj White House Politics

**Mark H. Rose, Bruce E. Seely, Paul F.
Barrett**

Looking Back At Lbj White House Politics:

Looking Back at LBJ Mitchell B. Lerner, 2005 Lyndon Baines Johnson ascended to the presidency in the wake of tragedy to lead the United States through one of its most violent and divisive decades His troubled presidency was marked by endless controversies over civil rights the Vietnam War foreign policy and law and order issues among others Nearly four decades later it s now possible to reexamine those controversies to illuminate as never before the achievements and failures of one of the nation s most misunderstood presidents Drawing upon a wealth of new sources including recently released phone conversations these authors shine a bright and probing light on LBJ s beleaguered White House tenure Collectively they reinforce the image of Johnson as a highly complex president whose very real achievements have been overshadowed by character flaws and events well beyond his control Four chapters focus on LBJ s foreign policies including a positive appraisal of his handling of the 1964 Panama Crisis but less favorable assessments regarding the downhill slide into Vietnam the Six Day War and policies toward the communist bloc Yet the authors generally depict a president who contrary to conventional views did not allow his domestic agenda to overshadow his efforts as chief architect of foreign policy Five other chapters focus on aspects of LBJ s domestic policies that have been largely neglected women s rights Native Americans agriculture civil disorder and fiscal policy Whether responding to urban riots or balancing different versions of the 1964 Farm Bill Johnson emerges as a president who never lost sight of the political ramifications of his actions and whose legacy is often more complicated than is usually recognized All of these writings attest to the complexities of Lyndon Johnson a larger than life leader whose guiding principles can t always be reduced to the catch phrases he himself and others have employed The new perspectives and revelations they provide point students scholars and presidential buffs alike toward a much more enlightened view of this fascinating figure

A Companion to Lyndon B. Johnson Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President

Father, Son, and Constitution Alexander Wohl, 2013-04-30 When Supreme Court Justice Tom Clark resigned his seat on the bench at the youthful age of 67 after 18 years his decision was unique in the annals of Court history he was leaving so that his son Ramsey just nominated as Attorney General could assume the job Clark himself had once held without conflict of interest As Alexander Wohl shows Tom and Ramsey Clark had a profound impact on American law and society For nearly three quarters of a century they influenced presidents policies and legal rulings during careers that tracked closely with some of the most significant and controversial episodes in modern American history Highlighting their consistent effort to balance individual

liberties with government power Wohl examines how their work reflected the tensions that continue to resonate in today's legal and policy battles The two men however evolved quite differently As a young government lawyer Tom Clark was a key figure in enforcing the relocation of Japanese Americans and as Attorney General he was vilified by civil liberties advocates for the Cold War policies he implemented even as he promoted a progressive strategy on civil rights Ramsey began his career to the ideological left of his father was intimately involved in enforcement of civil rights laws during the turbulent 1960s as Attorney General fought to expand protections of individual rights and as a private attorney represented clients on the farthest reaches of the individual rights government power spectrum A unique approach for understanding our nation's history during the second half of the twentieth century Wohl's study addresses such salient issues as civil rights free speech government surveillance and rights of privacy presidential power and the role of judges in interpreting the Constitution The Clarks' lives and careers also offer a veritable who's who of 20th century American law and policy from Tom's close relationships with Harry Truman Lyndon Johnson Sam Rayburn and Earl Warren to Ramsey's connections with Robert Kennedy LBJ and Martin Luther King Jr Both men befriended and battled J Edgar Hoover and both were targets of political attack twenty years apart by Richard Nixon At its fundamental core however Wohl's book presents a moving and intimate portrait of a unique father-son relationship that endured through triumph and tribulation and that should appeal to anyone interested in how the personal and the political intertwine in a highly public setting

Foreign Policy of Lyndon B. Johnson Jonathan Colman, 2012-09-11 A fresh up to date and balanced overview of Johnson's policies across a range of theatres and issues with the aim of generating a proper understanding of his successes and failures in foreign policy

Chronology of the U.S. Presidency Mathew Manweller, 2012-03-19 This engaging and authoritative four volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the United States the presidency From George Washington to Barack Obama Chronology of the U S Presidency portrays each of the nation's chief executives in richly observed detail Chapter by chapter we meet the real flesh and blood men occupying the one office elected by the entire country the office that most profoundly affects the workings of the government U S relations with other countries and the everyday lives of all American citizens Spanning four volumes this work covers each president's early life and rise to power the pivotal events during his presidency and when applicable his post presidential life In addition the book includes sections on the First Ladies and presidential families plus primary source documents speeches memos messages to Congress and entertaining FYI facts for example once bitter rivals John Adams and Thomas Jefferson died hours apart on the 50th anniversary of the Declaration of Independence they helped create together More than just names and dates history Chronology of the U S Presidency helps readers understand the ways each of these intriguing men changed the country and how he in turn was impacted by his time in power

Presidents and Civil Liberties from Wilson to Obama Samuel Walker, 2012-04-16 This book is a history of the civil liberties records of American presidents from Woodrow Wilson to Barack

Obama It examines the full range of civil liberties issues First Amendment rights of freedom of speech press and assembly due process equal protection including racial justice women s rights and lesbian and gay rights privacy rights including reproductive freedom and national security issues The book argues that presidents have not protected or advanced civil liberties and that several have perpetrated some of the worst violations Some Democratic presidents Wilson and Roosevelt moreover have violated civil liberties as badly as some Republican presidents Nixon and Bush This is the first book to examine the full civil liberties records of each president thus placing a president s record on civil rights with his record on national security issues and also to compare the performance on particular issues of all the presidents covered *US Foreign Policy and the Modernization of Iran* Ben Offler,2015-07-19 *US Foreign Policy and the Modernization of Iran* examines the evolution of US Iranian relations during the presidencies of John F Kennedy Lyndon B Johnson and Richard M Nixon It demonstrates how successive administrations struggled to exert influence over the Shah of Iran s regime domestic and foreign policy **Mental Maps in the Early Cold War Era, 1945-68** S. Casey,J. Wright,2011-07-26 The early Cold War was a period of dramatic change New superpowers emerged the European powers were eclipsed colonial empires tottered Political leaders everywhere had to make immense adjustments This volume explores their hopes and fears their sense of their place in the world and of the constraints under which they laboured *Defending the Public's Enemy* Lonnie T. Brown,2019-07-09 What led a former United States Attorney General to become one of the world s most notorious defenders of the despised *Defending the Public's Enemy* examines Clark s enigmatic life and career in a quest to answer this perplexing question The culmination of ten years of research and interviews Lonnie T Brown Jr explores how Clark evolved from our government s chief lawyer to a strident advocate for some of America s most vilified enemies Clark s early career was enmeshed with seminally important people and events of the 1960s Martin Luther King Jr Watts Riots Selma to Montgomery March Black Panthers Vietnam As a government insider he worked to secure the civil rights of black Americans resisting persistent racist calls for more law and order However upon entering the private sector Clark seemingly changed morphing into the government s adversary by aligning with a mystifying array of demonized clients among them alleged terrorists reputed Nazi war criminals and brutal dictators including Saddam Hussein Is Clark a man of character and integrity committed to ensuring his government s adherence to the ideals of justice and fairness or is he a professional antagonist anti American and reflexively contrarian to the core The provocative life chronicled in *Defending the Public's Enemy* is emblematic of the contradictions at the heart of American political history and society s ambivalent relationship with dissenters and outliers as well as those who defend them *The Full Employment Horizon in 20th-Century America* Michael Dennis,2021-02-11 Through moments of social protest policy debate and popular mobilization this book follows the campaign for economic democracy and the fight for full employment in the United States Starting in the 1930s Dennis explores its intellectual and philosophical underpinnings the class struggle that determined the fate of legislation and the

role of left wing civil rights activists in its revival Demonstrating how the campaign for full employment intersected with movements for women s liberation and civil rights it explores how social groups and oppressed minorities interpreted and appropriated the promise of full employment For many full employment provided an indispensable path to racial and gender emancipation In this book Dennis uncovers the class dimensions and the resistance to full employment in the US He demonstrates how the recurring debates over full employment consistently exposed the contradictions inherent in a capitalist society and challenged the assertion that an allegedly free enterprise system automatically generated employment for all

Hemispheric Alliances Andrew J. Kirkendall,2022-04-27 Hemispheric foreign policy has waxed and waned since the Mexican War and the Cold War presented both extraordinary promises and dangerous threats to U S Latin American cooperation In *Hemispheric Alliances* Andrew J Kirkendall examines the strengths and weaknesses of new models for U S Latin American relations created by liberal Democrats who came to the fore during the Kennedy administration and retained significant influence until the Reagan era Rather than exerting ironfisted power in Latin America liberal Democrats urged Washington to be a moral rather than a militaristic leader in hemispheric affairs Decolonization President Eisenhower s missteps in Latin America and the Cuban Revolution all played key roles in the Kennedy administration s Alliance for Progress which liberal Democrats hailed as a new cornerstone for U S Latin American foreign policy During the Vietnam War era liberal Democrats began to incorporate human rights more centrally into their agendas using Latin America as the primary arena for these policies During the long period of military dictatorship in much of Latin America and the Caribbean liberal Democrats would see their policies dissolved by the Nixon Reagan and Bush administrations who favored militant containment of both communism and absolutism *The Best Transportation System in the World* Mark H. Rose,Bruce E.

Seely,Paul F. Barrett,2010-07-08 This book focuses on the role of government in organizing the nation s transportation industries As the authors show over the course of the twentieth century transportation in the United States was as much a product of hard fought politics lobbying and litigation as it was a naturally evolving system of engineering and available technology *Transplanting the Great Society* Kristin L. Ahlberg,2008 Uses recently declassified sources to trace the successes and limitations of the Johnson administration s efforts to use food aid as a diplomatic tool during the Cold War both to gain support for U S policies and to reward or punish allies such as Israel India and South Vietnam Provided by publisher

The Attack on the Liberty James Scott,2009-06-02 Journalist Scott presents the definitive account of the infamous 1967 attack on the USS Liberty by Israeli forces and the continuing controversy over what really happened b w photos *The Oxford Encyclopedia of American Military and Diplomatic History* Timothy J. Lynch,2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state

Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies

Expansive bibliographies and suggested readings for each article to aid in research

The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States

At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components

Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere

The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both

The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market

Readership University level undergraduate and graduate students in History

Gordian Knot Ryan M. Irwin, 2012-09-07 Gordian Knot explores how African decolonization remade the international order of the mid twentieth century

In looking closely at the apartheid debate the book shows the way South Africa's policies shaped the global conversation about rights and race and eroded Washington's influence at the United Nations

Crisis and Crossfire Peter L. Hahn, 2005 Provides a concise and insightful introduction to the turbulent history of U S Middle East relations

From Development to Dictatorship Thomas C. Field, 2014-05-08 During the most idealistic years of John F Kennedy's Alliance for Progress development program Bolivia was the highest per capita recipient of U S foreign aid in Latin America

Nonetheless Washington's modernization programs in early 1960s Bolivia ended up on a collision course with important sectors of the country's civil society including radical workers rebellious students and a plethora of rightwing and leftwing political parties

In *From Development to Dictatorship* Thomas C Field Jr reconstructs the untold story of USAID's first years in Bolivia including the country's 1964 military coup

Field draws heavily on local sources to demonstrate that Bolivia's turn toward anticommunist development oriented dictatorship was the logical and practical culmination of the military led modernization paradigm that provided the liberal underpinnings of Kennedy's Alliance for Progress

In the process he explores several underappreciated aspects of Cold War liberal internationalism the tendency of development to encourage authoritarian solutions to political unrest the connection between modernization theories and the rise of Third World armed forces and the intimacy between USAID and CIA covert operations

Challenging the conventional dichotomy between ideology and strategy in international politics *From Development to Dictatorship* engages with a growing literature on development as a key rubric for understanding the interconnected processes of decolonization and the Cold War

Drawing the Line at the Big Ditch Adam Clymer, 2008 In this remarkable and revealing

tale noted journalist Clymer shows how the decision to give up the Panama Canal stirred emotions already rubbed raw by the loss of the Vietnam War and shaped American politics for years

Sword of the Spirit, Shield of Faith Andrew Preston, 2012-02-28

A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country's course in the world Ever since John Winthrop argued that the Puritans new home would be a city upon a hill Americans role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln's use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt's strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America's most powerful sources of ideas about the wider world When just days after 9 11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source **Sword of the Spirit Shield of Faith** is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America

Whispering the Strategies of Language: An Mental Journey through **Looking Back At Lbj White House Politics**

In a digitally-driven world wherever screens reign great and instant connection drowns out the subtleties of language, the profound secrets and psychological subtleties hidden within phrases frequently move unheard. Yet, set within the pages of **Looking Back At Lbj White House Politics** a captivating literary prize pulsing with natural feelings, lies an extraordinary quest waiting to be undertaken. Published by a talented wordsmith, that enchanting opus encourages viewers on an introspective journey, lightly unraveling the veiled truths and profound affect resonating within the fabric of each and every word. Within the psychological depths of the moving review, we will embark upon a genuine exploration of the book is primary themes, dissect its charming writing design, and yield to the strong resonance it evokes strong within the recesses of readers hearts.
