Tiger Lily, and Other Stories Julia Thompson, 2020-04-14 Excerpt The shrill treble of a girl's voice raised

to its highest pitch in anger and remonstrance broke in upon the scholarly meditations of the teacher of the Ridgemont grammar school He raised his head from his book to listen It came again mingled with boyish cries and jeers and the sound of blows and scuffling The teacher a small fagged looking man of middle age rose hastily and went out of the school house Both grammar and high school had just been dismissed and the bare trodden play ground was filled with the departing scholars In the centre of the ground a group of boys had collected and from this group the discordant sounds still proceeded What is the meaning of this disturbance the master asked coming near **The Fawn and Other Stories** Thomas Grissom,2020-08-21 These eclectic short works of fiction should be read as lyric essays of the human condition comparable in intensity and emotion to lyric poetry created out of the human spirit and brought to life by the experiences and imagination of the writer Each story is a vignette of the human heart in conflict with itself as it struggles to resolve those human dilemmas that confront confound and confuse us in making the choices that determine how we live our lives The more troubling and controversial the questions the more relevant and compelling and important the story These are emotionally charged stories about things that matter love and honor and pity and pride and compassion that speak truth to life s mysteries and perplexities the only kind of stories worth writing or reading Includes Readers Guide **A Deal in Wheat; And Other Stories of the New and Old West** Frank Norris,2025-08-23 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Ridan the Devil and Other Stories** Louis Becke,2020-07-17 Reproduction of the original Ridan the Devil and Other Stories by Louis Becke **Rídan The Devil And Other Stories** Louis Becke,2019-07-02 **The Path of Duty, and Other Stories** Harriet S. Ekbia,Bonnie A. Nardi,2017-05-11 An exploration of a new division of labor between machines and humans in which people provide value to the economy with little or no compensation The computerization of the economy and everyday life has transformed the division of labor between humans and machines shifting many people into work that is hidden poorly compensated or accepted as part of being a user of digital technology Through our clicks and swipes logins and profiles emails and posts we are more or less willingly participating in digital activities that yield economic value to others but little or no return to us Hamid Ekbia and Bonnie Nardi call this kind of participation the extraction of economic value from low

cost or free labor in computer mediated networks heteromation In this book they explore the social and technological processes through which economic value is extracted from digitally mediated work the nature of the value created and what prompts people to participate in the process Arguing that heteromation is a new logic of capital accumulation Ekbia and Nardi consider different kinds of heteromated labor communicative labor seen in user generated content on social media cognitive labor including microwork and self service creative labor from gaming environments to literary productions emotional labor often hidden within paid jobs and organizing labor made up of collaborative groups such as citizen scientists Ekbia and Nardi then offer a utopian vision heteromation refigured to bring end users more fully into the prosperity of capitalism
