Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 [Days of Sadness, Years of Triumph](#) Geoffrey Perrett, 1985 First published in 1973 Geoffrey Perrett's portrait of war time America was immediately hailed as a major retrospective Perrett vividly describes the social political and economic fabric of American domestic life from 1939 to 1945 and argues that the World War II years precipitated a crucial if silent social revolution at home one that continues to reverberate today

The Middle Power Project Adam Chapnick, 2011-11-01 The Middle Power Project describes a defining period of Canadian and international history During the Second World War Canada transformed itself from British dominion to self proclaimed middle power It became an active enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times the United Nations This was in many historians opinions the beginning of a golden age in Canadian diplomacy Chapnick suggests that the golden age may not have been so lustrous During the UN negotiations Canadian policymakers were more cautious than idealistic The civil service was inexperienced and often internally divided Canada's significant contributions were generally limited to the much neglected economic and social fields Nevertheless creating the UN changed what it meant to be Canadian Rightly or wrongly from the establishment of the UN onwards Canadians would see themselves as leading internationalists Based on materials not previously available to Canadian scholars The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada's role and interests in the formation of the United Nations It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history

Charles de Gaulle William R. Keylor, 2020-12-07 In this definitive history William R Keylor traces the tumultuous

relationship between Charles de Gaulle and a host of other key twentieth century figures his former mentor Marshal Philippe Pétain who headed the collaborationist government in the southern French city of Vichy as the German army occupied the northern two thirds of the country Sir Winston Churchill the British prime minister whose government supported and financed de Gaulle and the Free French but who clashed with the French leader on a number of hot button issues and most critically the six American presidents from FDR to Nixon Keylor uses the metaphor thorn in the side to emphasize the fact that challenges from the intrepid French leader were often an annoyance to the Americans who all had many more important issues to deal with World War II for Roosevelt and Truman the Cold War for Eisenhower and the Vietnam War for Kennedy and Johnson Richard Nixon alone had an excellent relationship but the two men overlapped for only four months before de Gaulle's retirement Thoroughly researched and deeply knowledgeable this gripping book will appeal to all readers interested in contemporary French and US history *Little, Brown Book of Anecdotes* Clifton Fadiman, 2009-10-31 Fadiman may do for the anecdote what Bartlett did for the quotation A thoroughly entertaining and useful reference source School Library Journal Along with an introduction an index of themes and a bibliography this A to Z collection includes anecdotes about over two thousand famous people from Alexander the Great to Muhammad Ali An enjoyable journey through history and popular culture it offers a blend of biographical tidbits with words of wisdom and just plain funny stories Tailor made for speech writers in search of the right story for a special occasion or for those who enjoy browsing among quotes from our brightest wordsmiths People *Movie Anecdotes* Peter Hay, 1991-12-12 Hollywood Walter Winchell quipped is where they shoot too many movies and not enough actors Always looking for an angle always scheming always the scene of clashing egos the movie industry is where they place you under contract instead of observation and if you don't have anything nice to say write it down In 1940 I had my choice between Hitler and Hollywood French director Ren Clair recalled and I preferred Hollywood just a little In *Movie Anecdotes* Peter Hay treats us to a delightful ride through the world that has captivated audiences for almost a century with stories that are often hilarious sometimes tragic and always entertaining He takes us from the rough and tumble early days when one studio paid Pancho Villa 25 000 to launch his attacks only in daylight after a film crew had set up to the studio era when Joan Crawford refused to cross the street on the MGM lot except in a chauffeured limousine to the shenanigans of today's global industry Here are stories about all the legends Charlie Chaplin Greta Garbo John Barrymore Mae West Lucille Ball Marilyn Monroe Errol Flynn Humphrey Bogart Bette Davis Judy Garland Sophia Loren John Wayne and of course Ronald Reagan There are the great directors from D W Griffith Hitchcock and Eisenstein to Kurosawa Bergman Visconti Huston Ford and Woody Allen And Hay has selected tales of the writers the wits and the grand moguls including perhaps the largest collection of Goldwynisms both genuine and apocryphal Along with the laughter this volume recreates the conflicts that have torn the movie world from battles over money and contracts to discrimination divorces and scandals Colorful incredible bitter funny the stories about moviemaking are as fantastic as the pictures themselves Now they

have been gathered together in an irresistible bouquet that is certain to delight every movie buff and provide fascinating insights for serious students of film

[This Strange, Old World and Other Book Reviews by Katherine Anne Porter](#) Katherine Anne Porter, 2008-12-01 Between 1920 and 1958 Katherine Anne Porter published more than sixty five book review many of which are now largely inaccessible Although several such pieces have appeared in earlier collections of Porter's nonfiction writings never have so many of Porter's reviews nearly fifty been made available in a single volume Collectively the review reveal Porter's opinions on topics ranging from the nature of art and the place of the artist in politics and society to feminism and the role of female artists Particularly evident in the reviews are the critical principles that guided her own work as well as her judgments of the works of other writers In her introductory essay Darlene Harbour Unrue provides important biographical information on Porter traces her career as a reviewer and links critical assumptions in the reviews to the themes and techniques of Porter's fiction Other scholars as well have regarded Porter's critical reviews as valuable tools both for analyzing the fiction and for constructing a portrait of Porter the artist primarily because Porter produced so little fiction three collections of short stories and novellas *Flowering Judas* *The Leaning Tower* and *Pale Horse Pale Rider* and a novel *Ship of Fools* In the preface to the first collection of her nonfiction writings *The Days Before* Porter herself urged readers to look closely at her nonfiction for there they would discover the shape direction and connective tissue of a continuous central interest and preoccupation of a lifetime Most of the reviews which appeared in such publications as the *New York Herald Tribune* the *New York Times* the *Nation* and *New Masses* she apparently undertook for financial reasons but occasionally she would agree to review a friend's latest offering She published no reviews after the success of her best selling novel *Ship of Fools* Porter's scope as a reviewer was impressively broad Because she lived in Mexico City during the revolution had known Diego Rivera and had studied primitive Mexican art she was often called on to review books on Mexican art and on the revolution Porter also reviewed many books by or about women Her reviews of the *Short Novels of Colette* and Katharine

Anthony's translation of Catherine the Great's memoirs are particularly noteworthy for her comments about women artists and her expression of admiration for women who flout traditional roles. These collected reviews illustrate the evolution of one of the most important American writers of the twentieth century and will interest not only Porter scholars but also anyone who appreciates her fiction.

Saint-exupery Stacy Schiff, 2011-07-27 From a master biographer the life story of the daring French aviator who became one of the twentieth century's most beloved authors Antoine de Saint Exupéry disappeared at age forty-four during a reconnaissance flight over southern France. At the time he was best known for a career of daring flights over the Sahara, the Pyrenees, and Patagonia and for his contributions to the science of aviation. But the solitary hours he spent above the earth in open cockpit airplanes gave birth to a more famous legacy: a series of enchanting autobiographical novels and the classic story *The Little Prince*, still the most translated book in the French language. An impoverished aristocrat from one of France's oldest families, Saint Exupéry moved at age twenty-seven to the western Sahara Desert to live alone in a plank shack and manage the way station for the *Aeropostale*, the French mail service. His careers as a novelist and an aviator were born here, and his life once he returned to Europe was defined with brilliant and catastrophic results by the sense of isolated fascination and curiosity he developed in the desert. In this definitive biography, Pulitzer Prize winner Stacy Schiff reveals an intrepid and unconventional life that rivals the best adventure stories.

The Other Americans in Paris Nancy L. Green, 2020-03-04 A thorough and perceptive portrait of the not-so-famous expatriates of the City of Light. The Wall Street Journal History may remember the American artists, writers, and musicians of the Left Bank best, but the reality is that there were many more American businessmen, socialites, manufacturers, representatives, and lawyers living on the other side of the River Seine. Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives, they provide a new view of the notion of expatriates. Historian Nancy L. Green introduces us for the first time to a long-forgotten part of the American overseas population: predecessors to today's expats while exploring the politics of citizenship and the business relationships, love, lives, and wealth or, in some cases, poverty of Americans who staked their claim to the City of Light. *The Other Americans in Paris* shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century.
