Interdisciplinary Studies in Green Computing Ganesh, K.,Anbuudayasankar, S. P.,2012-12-31 With the growing awareness and popularity of environmental preservation research on green computing has gained recognition around the world Information technology must adopt initiatives in making computers as energy efficient as possible as well as design algorithms and systems for efficiency related computer technologies International and Interdisciplinary Studies in Green Computing provides coverage on strategic green issues and practices for competitive advantages and cost cutting in modern organizations and business sectors in order to reach environmental goals The Business Idea Soren Hougaard,2006-03-20

Successful business ideas are not so much about talent as about a systematic approach The Business Idea encourages new ways of thinking when it comes to entrepreneurship and innovation Too many ventures originate in the solutions the entrepreneur has to offer and not in the problem the customer needs solved Business plans done this way can often lead to disappointment The Business Idea leaves behind this product orientated logic The book presents new applicable entrepreneurship methods for developing creative market insight for identifying windows of opportunity creating business concepts and entrepreneurial strategies for successful market entry Entrepreneurship is a complex and risky process compared to almost everything else in business life so it richly deserves to have its own theoretical and methodological toolbox The Business Idea provides the tools making it of interest to anyone who works with getting an enterprise off the ground or studies entrepreneurship South Africa and the Global Hydrogen Economy The Mapungubwe Institute for Strategic Reflection,2014-07-01
