Managing Of Police Organizations:

Managing Police Organizations Paul M. Whisenand, Jennifer McCain, 2013 For courses in police management and leadership The indispensable guide for leading police personnel to breakthrough performance Now in its eighth edition Managing Police Organizations sets the standard for police leadership and management by exploring the relationship between leadership management and results Written for a broad audience the book focuses on developing character and leadership competencies Using case studies and structured learning exercises it seeks to break down constricting operational levels and barriers within police organizations and the communities they serve The text follows a logical three part organization and each chapter examines a key challenge for police managers and presents practical ideas and methods police managers can use to successfully lead their agencies toward quality and excellence of service **Managing Police**

Organizations David A. Tansik, James Franklin Elliott, 1981 **The Managing of Police Organizations** Paul M. Whisenand, Robert Fred Ferguson, 1996 Complete overview of managing a police organization including coverage of organizational management theory leadership strategies The book also discusses strategic planning stress management wellness and police community relations **Managing Police Organizations** Gary W. Cordner, Dennis Jay Kenney, 1996

The Managing Of Police Organizations Paul M. Whisenand, Robert Fred Ferguson, 1996 **Leadership and Management in Police Organizations** Matthew J. Giblin, 2016-09-16 Built on a foundation of nearly 1 200 references Leadership and Management in Police Organizations is a highly readable text that shows how organizational theory and behavior can be applied to improve the operations leadership and management of law enforcement Author Matthew J Giblin emphasizes leadership and management as separate skills in successful police supervisors and executives illustrating to students how the two skills combine to improve individual and organizational efficacy in policing Readers will come away with a stronger understanding of why organizational decisions matter and the impact research can have on police departments *Managing Police Organizations* Paul M. Whisenand, 2009 Now in its seventh edition Managing Police Organizations sets the standard for police leadership and management by exploring the relationship between leadership management and results Written for a broad audience the book focuses on developing one s character and one s leadership competencies Using case studies and structured learning exercises it seeks to chip away at constricting operational levels and barriers within the organization itself and the community it serves This edition features a three part format two new chapters and ideas and methods police managers can use to successfully lead their agencies toward quality and excellence of service Managing Policy and Reform in an Era of American Police Conflict Jack St. Hilaire, 2023-08-11 The Greek philosopher Socrates posed a guardian model that would protect his Athenian world the custodes watchmen yet mused who would guard them but themselves In The Republic Plato spoke favorably about the guardians of the republic they should be trusted to behave and perform their duties appropriately without oversight Half a millennium later the Roman satirist Juvenal

proposed that men who feared their wives infidelity could neither trust them nor the guardians who guarded them Similarly James Madison opposed oppression through blind trust and thus conceptualized Madisonian Democracy Quis custodiet ipsos custodies Who will guard the guardians In an era of conflict with America s police and the communities they serve today s publicly expressed attitudes toward law enforcement often reflect Socrates dilemma and the concerns of Juvenal more than that of Plato s tributes Contemporary debates concerning the increase in violent crime and the need for fundamental changes to American policing reached a new intensity and stalemate with the death of George Floyd in Minneapolis in May 2020 Police officers shot and killed 999 people in 2019 and 1021 people in 2020 in the United States 2020 was also one of the deadliest years for law enforcement with 264 officers killed the highest since 1974 In the first six months of 2021 523 civilians were shot and killed by officers Numerous active and former police officers face criminal charges for the January 6 United States Capitol Attack in Washington DC in 2021 Many current and former employees of the U S Border Patrol were discovered to be members of a Facebook group that posted racist and anti immigration content Sixty current members were found to have committed misconduct by posting explicit and violent messages mocking migrants and threatening lawmakers on the site Communities are now hiring civilians to high positions in the police department s command staff justifying the need to improve deteriorating community relations For the first time in its 27 years of measuring confidence in the police in the United States Gallup found that most American adults do not trust law enforcement This book investigates and exposes the complex challenges facing law enforcement leaders and government officials with police reform policies and standards police accreditation and police legitimacy in the eyes of the community Through informative and educational discussions with law enforcement leaders from various agencies professional police organizations and academic researchers the book qualitatively evaluates individual autonomy organizational culture and political environments which influence strategic decisions made on policy and reform efforts by law enforcement officials in the United States within the milieu of national police accreditation

Managing the Police Organization Larry K. Gaines, Truett A. Ricks, 1978 Traditional innovative concepts of police administration are examined in writings focusing primarily on alternatives to the quasi military administrative style The text presents background material on the status of police administration and suggests new directions that police agencies may take to improve the quality of law enforcement Two alternatives to the classical organizational arrangement the human relations perspective decentralization participative democratic leadership and decisionmaking and the systems approach data systems identification of goals control and coordination based on data analysis are emphasized The writings are divided into five areas perspectives on the role of the police and of police administration the police organization organizational behavior in police systems control processes in the police organization and changing the police organization
