Metropolitan Management, Transportation and Planning, 1907 The Lewiston Shootings Robert Conlin, 2024-07-30 Never again would anyone say "It will never happen here." Because it did. October 25, 2023 was just an ordinary night in Lewiston, a small working class city of 37,000 in central Maine. Friends and families had gathered to do what they loved to do with the people they wanted to be with at a bowling alley called Just in Time Recreation Center and Schemengees, a popular sports bar and restaurant. They felt immune from the violent crime that seemed to wrack the rest of the country in a state that the FBI had just named the safest in America. Then Robert Card II, a deeply paranoid Army Reserve soldier, walked into both places with a high powered rifle and opened fire, killing 18 people and wounding 13 more. He then fled to a third location where, according to the evidence and the testimony of his best friend, he likely planned to lay in wait and kill his ex-co-workers when they came to work the next morning. The tragedy is that the numerous red flags he had raised in the months before weren't enough to stop him before he carried out his terrible plan. A combination of watered down gun control laws and law enforcement and military negligence made sure of that. In *THE LEWISTON SHOOTINGS: An All American Tragedy*, author and award winning journalist Robert Conlin traces the shootings that deeply scarred a community that thought it was the last place on earth where a mass shooting would take place. *Engaged Knowledge Management* K. Desouza, Y.

Awazu, 2005-06-07 The authors contend that current knowledge management efforts in organizations need to be re-focused so that they can be better poised for success. Topics discussed include missing capabilities of knowledge management, knowledge management in strategic alliances, customer knowledge management, knowledge markets, and knowledge management systems, among others. The authors take a pragmatic approach to knowledge management and present the material in a jargon-free and accessible way. Working Mother, 1993-06 The magazine that helps career moms balance their personal and professional lives. *Fire in the Bedroll (Llamarada de Petate)* Susannah Anderson, 2005-02-01 An autobiographical account of a marriage that looked idyllic from the outside. She, a missionaries' kid, intelligent, educated,

conscientious He a minister of the gospel Seminary graduate family man charming host Together parents home owners church planters In reality a battered wife Frightened children Sudden violence Lies and manipulation Sixteen years of fear This book exposes the corrupt heart of the marriage and explores the questions Why didn t she just leave and How did she finally break the bonds that held her The author offers no professional opinions proposes no legislation espouses no theories She only tells her story as it happened in hopes that it may help someone else to find her way to the sunlight **Draft**
