The Oxford Handbook of Ellipsis Jeroen van Craenenbroeck,Tanja Temmerman,2018-12-13 This Handbook is the first volume to provide a comprehensive in depth and balanced discussion of ellipsis phenomena whereby the meaning of an utterance is richer than would be expected based solely on its linguistic form Natural language abounds in these apparently incomplete expressions such as I laughed but Ed didn't in which the final portion of the sentence the verb laugh remains unpronounced but is still understood The range of phenomena involved raise general and fundamental questions about the workings of grammar but also constitute a treasure trove of fine grained points of inter and intralinguistic variation The volume is divided into four parts In the first authors examine the role that ellipsis plays and how it is analysed in different theoretical frameworks and linguistic subdisciplines such as HPSG construction grammar inquisitive semantics and computational linguistics Chapters in the second part highlight the usefulness of ellipsis as a diagnostic tool for other linguistic phenomena including movement and islands and codeswitching while part III focuses instead on the types of elliptical constructions found in natural language such as sluicing gapping and null complement anaphora Finally the last part of the book contains case studies that investigate elliptical phenomena in a wide variety of languages including Dutch Japanese Persian and Finnish Sign Language

Community Value Lynda Barley,2007 Time to Listen is a series of booklets that present current research messages for the Church today in an accessible way It is intended to help ordinary churches understand the changes in the world around them In Community Value Lynda Barley explores the fragmentation of community life in Britain and finds that people are searching for community links which churches are in an ideal position to provide Her research indicates that churches far from being forgotten are valued for the key role they play in community life Combining analysis with real life stories she encourages the Church at a local and national level to make the most of the community value they bring to their areas She encourages creative and sustained engagement that will bring churches back to the heart of their localities

When War Ends David J. Francis,2016-02-17 This volume critically examines what happens when war formally ends the difficult and complex challenges and opportunities for winning the peace and reconciling divided communities By reviewing a case study of the West African state of Sierra Leone potential lessons for

other parts of the world can be gained Sierra Leone has emerged as a successful model of liberal peacebuilding that is now popularly advertised and promoted by the international community as a powerful example of a country that they finally got right Concerns about how successful a model Sierra Leone actually is are outlined in this project As such this volume

Handbook of Cognitive Linguistics Ewa Dabrowska,Dagmar Divjak,2015-05-19 Cognitive Linguistics is an approach to language study based on the assumptions that our linguistic abilities are firmly rooted in our cognitive abilities that meaning is essentially conceptualization and that grammar is shaped by usage The Handbook of Cognitive Linguistics provides state of the art overviews of the numerous subfields of cognitive linguistics written by leading international experts which will be useful for established researchers and novices alike It is an interdisciplinary project with contributions from linguists psycholinguists psychologists and computer scientists which will emphasise the most recent developments in the field in particular the shift towards more empirically based research In this way it will we hope help to shape the field encouraging methodologically more rigorous research which incorporates insights from all the cognitive sciences Editor Ewa Dabrowska was awarded the Alexander von Humboldt Professorship 2018

Cognitive Linguistics - Key Topics Ewa Dabrowska,Dagmar Divjak,2019-07-08 The key topics discussed in this book illustrate the breadth of cognitive linguistic research and include semantic typology space fictive motion argument structure constructions and prototype effects in grammar New themes such as individual differences emergence and default non salient interpretations also receive coverage
