## **Manichaeism In Central Asia And China Nag Hammadi And Manichean Studies Xlv:**

Manichaeism in Central Asia and China Samuel Lieu, 2020-10-26 The discovery of genuine Manichaean texts from sites like Turfan and Tun huang since the beginning of the century has greatly increased our knowledge of the teaching of Manichaeism and of its amazing geographical spread in pre Islamic times This volume brings together the contributions by a leading authority on the subject including a long survey article on the history of the discovery of the texts from Central Asia as well as articles focusing on some of these texts and on the incredible history of adaptation and survival of the sect in China proper The studies include many Chinese texts on Manichaeism made available for the first time in their original scripts and in translation The volume also contains the first ever working catalogue of all Manichaean texts in western as well as oriental languages published up to 1997 **Byzantium to China: Religion, History and Culture on the Silk Roads**, 2022-07-18

This collection of papers reflects the interests and influence of Samuel N C Lieu on scholars and students during his academic career It demonstrates not only the importance of his work on Manichaeism but his broader intellectual contribution to early Christian Roman Byzantine and comparative historical studies His impact on Manichaean studies has been unparalleled resulting in several prestigious book series devoted to the linguistic and historical study of Mani and his religion It is largely thanks to his enterprise that scholars now have access to an extensive library of texts and images unavailable to earlier researchers The volume honours the life and work of a remarkable scholar of international renown

New Light on Manichaeism Jason BeDuhn, 2009 New Light on Manichaeism provides the latest discoveries and insights into the Manichaean religion throughout its more than one thousand year history ranging from glimpses into the life and thought of Mani himself to developments in doctrine and practice in the religion s North African Iranian Central Asian and Chinese settings The volume includes contributions from the leading scholars in the field offering new reconstructions of Manichaean literary and artistic productions and innovative analyses of the religious social and political dynamics that shaped the rise and fall of this world religion **History of Central Asia, The: 4-volume set** Christoph

Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed History of Central Asia series The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations as well as many of the most transformative developments in the history of civilization Christoph Baumer s ambitious four volume treatment of the region charts the 3000 year drama of Scythians and Sarmatians Soviets and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great and Chinghiz Khan Masterfully interweaving the stories of individuals and peoples the author s engaging prose is richly augmented throughout by colour photographs taken on his own travels This set includes The Age of the Steppe Warriors Volume 1 The Age of the Silk Roads Volume 2 The Age of Islam and the Mongols Volume 3 and The Age of Decline and Revival Volume 4 *Augustine and Manichaeism in the Latin West* Johannes van Oort, Otto Wermelinger, Gregor Wurst, 2021-11-22 Manichaeism once a gnostic

world religion soon spread to the Roman West Here the life and the work of the future and without doubt most influential Church Father Augustine 354 430 became inextricably connected with Manichaeian teachings and practices In view of the many new Manichaeian texts in particular it turns out that without a thorough knowledge of the Religion of Light Augustine s theology and philosophy are hardly conceivable This volume brings together the selected papers of the Fribourg Utrecht symposium Augustine and Manichaeism in the Latin West organized on behalf of the International Association of Manichaeian Studies in Fribourg Switzerland in the summer of 1998 It contains a considerable number of contributions by leading authorities on the subject focussing on the diffusion of Mani s religion in the Latin West and on its impact upon St Augustine

Interpreting and Explaining Transcendence Robert A. Yelle,Jenny Ponzio,2021-09-07 In this volume an interdisciplinary group of scholars uses history sociology anthropology and semiotics to approach Transcendence as a human phenomenon and shows the unavoidability of thinking with and through the Beyond Religious experience has often been defined as an encounter with a transcendent God Yet humans arguably have always tried to get outside or beyond themselves and society The drive to exceed some limit or condition of finitude is an eduring aspect of culture even in a disenchanted society that may have cut off most paths of access to the Beyond The contributors to this volume demonstrate the humanity of Transcendence in various ways as an effort to get beyond our crass physical materiality as spiritual entrepreneurship as the ecstasy of rituals of possession and as a literary aesthetic and semiotic event These efforts build from a shared conviction that Transcendence is thoroughly human and accordingly avoid purely confessional and parochial approaches while taking seriously the various claims and behavioral expressions of traditions in which Transcendence has been understood in theological terms
