Manifest Destiny And Mission In American History:

Manifest Destiny and Mission in American History Frederick Merk, Lois Bannister Merk, 1995 Before this book first appeared in 1963 most historians wrote as if the continental expansion of the United States were inevitable What is most impressive Henry Steele Commager and Richard Morris declared in 1956 is the ease the simplicity and seeming inevitability of the whole process The notion of inevitability however is perhaps only a secular variation on the theme of the expansionist editor John L O Sullivan who in 1845 coined one of the most famous phrases in American history when he wrote of our manifest destiny to overspread the continent allotted by Providence for the free development of our yearly multiplying millions Frederick Merk rejected inevitability in favor of a more contingent interpretation of American expansionism in the 1840s As his student Henry May later recalled Merk loved to get the facts straight From the Foreword by John Mack Faragher

Manifest Destiny and Mission in American History Frederick Merk, 1963 Manifest Destiny and Mission in American History Frederick Merk, 1963 *Manifest Destiny and Mission in American History* Frederick Merk, 1966

Manifest Destiny and Mission in American History Frederick Merk, 1963 **Virtual America** John Opie, 2008-01-01 Virtual America traces the complex relationship between Americans technology and their environment as it has unfolded over the past several centuries Throughout history Americans have constructed mental pictures of unique places such as the American West that have taken on more authority than the actual gritty landscapes This disconnect from reality is magnified by the new world of virtual realities on the computer screen where personal immersion in interactive simulations becomes the default environment Virtual America identifies the connections or lack thereof between our individual selves an American identity and the geography out there John Opie examines what he calls First Nature the natural world Second Nature metropolitan infrastructure built environment and Third Nature virtual reality in cyberspace He also explores how Americans have historically dreamed about a better life in daily ordinary existence and then fulfilled it through the Engineered America of our built environment the Consumer America of material well being and the Triumphal America of our conviction that we are the world s exceptional model But these dream worlds have also encouraged placelessness and thus indifference to our dwelling in home ground Finally Opie explores Last Nature a sense of place and argues that when we identify an authentic place we can locate authenticity of self a reification of place and self by their connectedness

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on

everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

National Security and Core Values in American History William O. Walker III, William O. Walker, 2009-04-06

Drawing upon themes from the nation's past William O Walker III presents a new interpretation of the history of American exceptionalism Symposium on the Millennium (JCR Vol. 3 No. 2) R. J. Rushdoony, Greg L. Bahnsen, Bruce Bartlett, James B. Jordan, Douglas Kelly, Simon Kistemaker, Tommy W. Rogers, Norman Shepherd, John Sparks, The belief that modern Israel fulfills biblical prophecy is a theological aberration Traditional postmillennialists amillen nialists and premillennialists have never believed that national or geographical Israel is relevant this side of the rapture *Who Is James K. Polk?* Mark R. Cheatham, 2023-11-27 The question Americans asked in 1844 was Who the hell is James K Polk Polk of course was not unknown but was a highly unlikely presidential candidate given the availability of better known options Among the Democrats this included Martin Van Buren John C Calhoun and James Buchanan Among the Whigs Henry Clay was the clear frontrunner Complicating the election were three other candidates President John Tyler a man without a party Joseph Smith the self described prophet of the Church of Jesus Christ of Latter day Saints and the first presidential candidate to be assassinated and James G Birney head of the antislavery Liberty ticket On top of this remarkable cast of characters the stakes of the election were high as the United States was undergoing a tumultuous political transition James K Polk's ascension to the White House over more notable politicians was a pivotal moment in propelling the United States towards civil war and the 1844 election expanded the vigorous campaigning that had been growing since 1824 In *Who Is James K Polk* Mark Cheatham examines the transition from traditional political issues such as banking and tariffs to newer ones like immigration and slavery The book also captures the Whig and Democratic parties at a mature stage of competition and provides detailed descriptions of campaign tactics used by the candidates including rallies music and political cartoons Cheatham has written the definitive account of this important election in this volume for the esteemed American Presidential Elections series **Blood and the Covenant** Pierre Parisien, 2010-11-29 Blood and the Covenant tells the story of a mindset the conception of a personal covenant between God and man and the insidious consequences of this mindset Author Pierre Parisien examines the history of covenantal belief and looks critically at two of its most troubling aspects appropriation the Promised Land and moral dispensation the belief that if you are doing it for God then it is not a sin but a virtuous act Parisien traces the historical consequences of the contract with God from the campaigns of Joshua in Canaan to the present manifestations of ideological Zionism He argues that the course of history has been in great part a consequence of the original Covenant and he charts the regrettable lineage of atrocities committed under the auspices of covenant fulfillment including the conquest of Canaan to the hegemony of Rome the rape of Northern India by the Muslim Sultans the Crusades European colonialism which considered the entire planet as the Promised Land Manifest Destiny and ideological

Zionism Wars crimes against humanity and genocide have too often been the aftermath of the Covenant Will this woeful progression ever come to an end **Unity in Mission** Mitzi Budde,Don Thorsen,2013 **The Frontier Challenge** John G. Clark,2021-10-29 The story of the westward expansion of this country does not stop with the hardships encountered by travelers on the Mormon Trail the discomforts endured by early settlers in sod houses the bravery of the Pony Express riders the romantic solitude of the cowboys or the sufferings of the Indians forced to abandon their homes bleak and alien country Much has been written about these colorful episodes and through the courtesy of Hollywood and TV has been brought into millions of homes in living color But what happened to the people including the Indians who survived the great raid on Fort X the bitter winters and scorching summers spent in primitive housing the terrible loneliness and lack of communication with eastern kin What did migrants do when they reached the end of the Mormon Trail And did the Cherokees Trail of tears become a never ending journey from one relocation to another How did people develop and accommodate themselves to an environment which was itself constantly altered by an ever changing society In these essays we find that tragedy and joy victory and defeat human fulfillment and human degradation are visible in roughly equal proportions in the story of the Americanization of the West that the goals both realistic and unrealistic of one group society or culture are frequently pursued only at the expense of other groups and that the skeletons in the closet of American history abound to a greater extent than a nation convinced of its own virtue is willing to admit Racism has plagued the nation since its inception and exploitation of one group by another was sadly a part of the Western frontier However there was a freshness and vigor in the history of the West Young railroads continued to grow linking productive farms with brawling cities New businesses and new political parties emerged all contributing to the growth of the region that Stephen A Douglas called the adhesive of the Union These essays do not add up to a complete history of the Trans Mississippi West rather each historian has pursued his own particular research interest and various topics and settings are presented in this volume The result is a fascinating collection that serves to illuminate both the tragedies and accomplishments of the westward movement Encyclopedia of U.S. Political History Andrew Robertson,Michael A. Morrison,William G. Shade,Robert Johnston,Robert Zieger,Thomas Langston,Richard Valelly,2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time

periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt's presidency the Supreme Court's conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting

Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered *The Right to Rule* Hugh De Santis, 2021-01-06 In *The Right to Rule* American Exceptionalism and the Coming Multipolar World Order Hugh De Santis explores the evolution of American exceptionalism and its effect on the nation's relations with the external world De Santis argues that the self image of an exceptional providentially blessed society unlike any other is a myth that pays too little heed to the history that shaped America's emergence including its core beliefs and values which are inheritances from seventeenth century England From the republic's founding to its rise as the world's preeminent power American exceptionalism has underpinned the nation's foreign policy but it has become an anachronism in the twenty first century De Santis argues that in the emerging multipolar world order the United States will be one of several powers that determine the structure and rules of international politics rather than the sole arbiter **United States History - Part A , Encyclopedia of U.S. Political History** Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieouui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for

Providence and the Invention of the United States, 1607-1876 Nicholas Guyatt, 2007-07-23 Nicholas Guyatt offers a completely new understanding of a central question in American history how did Americans come to think that God favored the United States above other nations Tracing the story of American providentialism this book uncovers the British roots of American religious nationalism before the American Revolution and the extraordinary struggles of white Americans to reconcile their ideas of national mission with the racial diversity of the early republic Making sense of previously diffuse debates on manifest destiny millenarianism and American mission Providence and the Invention of the United States explains the origins and development of the idea that God has a special plan for America This conviction supplied the United States with a powerful sense of national purpose but it also prevented Americans from clearly understanding events and people that could not easily be fitted into the providential scheme

Martial Culture, Silver Screen Matthew Christopher Hulbert, Matthew E. Stanley, 2020-11-04 Martial Culture Silver Screen analyzes war movies one of the most popular genres in American cinema for what they reveal about the narratives and ideologies that shape U S national identity Edited by Matthew Christopher Hulbert and Matthew E Stanley this volume explores the extent to which the motion picture industry particularly Hollywood has played an outsized role in the construction and evolution of American self definition Moving chronologically eleven essays highlight cinematic versions of military and cultural conflicts spanning from the American Revolution to the War on Terror Each focuses on a selection of films about a specific war or historical period often foregrounding recent productions that remain understudied in the critical literature on cinema history and cultural memory Scrutinizing cinema through the lens of nationalism and its invention of tradition Martial Culture Silver Screen considers how movies possess the power to frame ideologies provide social coherence betray collective neuroses and fears construct narratives of victimhood or heroism forge communities of remembrance and cement tradition and convention Hollywood war films routinely present broad identifiable narratives such as that of the rugged pioneer or the good war through which filmmakers invent representations of the past establishing narratives that advance discrete social and political functions in the present As a result cinematic versions of wartime conflicts condition and reinforce popular understandings of American

national character as it relates to violence individualism democracy militarism capitalism masculinity race class and empire
Approaching war movies as identity forging apparatuses and tools of social power Martial Culture Silver Screen lays bare
how cinematic versions of warfare have helped define for audiences what it means to be American

Manifest Destiny And Mission In American History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Manifest Destiny And Mission In American History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Manifest Destiny And Mission In American History has opened up a world of possibilities. Downloading Manifest Destiny And Mission In American History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Manifest Destiny And Mission In American History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Manifest Destiny And Mission In American History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Manifest Destiny And Mission In American History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading

Manifest Destiny And Mission In American History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Manifest Destiny And Mission In American History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Manifest Destiny And Mission In American History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Manifest Destiny And Mission In American History is one of the best book in our library for free trial.
