Bireda,2021-06-09 How did America become a nation obsessed with race A Time for Change How White Supremacy Ideology Harms All Americans explores America s beginnings as a class based society the creation of America s racial consciousness through the invention of the social construction of whiteness and the ways in which white supremacist ideology has been infused reinforced and perpetuated in the collective American mind and culture through the utilization of stereotypical images of blacks The purpose of this book is to explore how the ideology of white supremacy has done immeasurable damage to all Americans whites as well as blacks and other persons of color In this context the relationship between racism and classism is explored This book provides an opportunity by which those Americans who identify and are perceived as white can engage in a process of self reflection to transcend one s attachment to the social construction of whiteness and white supremacy ideology that have been forced upon them It is the premise of this book that racial healing in this nation can only occur through a true examination of America s history as well as individual and collective responsibility and efforts to undo over 300 years of racist cultural conditioning **Subliminal Persuasion** Dave Lakhani,2008-07-14 If you re an entrepreneur salesperson advertiser or business owner understanding the art of subliminal persuasion will give your bottom line a big boost In Subliminal Persuasion master marketer Dave Lakhani reveals in step by step detail the exact techniques that really work in persuading and influencing others It s not about lying or tricking anyone It s about know what will appeal to people and how communicate that appeal effectively profitably and ethically This is marketing that really convinces *Challenged: Living Our Faith in a Post Modern Age* John King,2019-12-03 My wife and I love our sons unconditionally and equally Talking with one of them about his atheism has brought me to a new dimension in my relationship with him to a review of my own christian beliefs to a more critical examination of the church and to a different understanding of ministry in today s world As personal as I make this all sound my family represents a thousand families a hundred thousand and more who have sat in painful silence because religious differences have taken away their voice They tire of confrontation angry discussions verse hurling and jabbing one another with theories over every conceivable divisive issue It is a powerful idea that those who do not share our faith should know that we do not so much in our argument as in our love It is time to listen *The Spectre of Sound* Kevin Donnelly,2019-07-25 This book is a major new study dealing with notions of film music as a device that desires to control its audience using a most powerful thing emotion The author emphasises the manipulative and ephemeral character of film music dealing not only with traditional orchestral film music but also looks at film music s colonisation of television and discusses pop music in relation to films and the historical dimensions to ability to possess audiences that have so many important cultural and aesthetic effects It challenges the dominant but limited conception of film music as restricted to film by looking at its use in television and influence in the

Veils of Distortion John Zada, 2021-02-22 A rare and insightful account by a

newsroom insider of how the news skews our perceptions and disorients society Fake news has become a ubiquitous catchphrase and a worldwide obsession Yet too few of us know that shades of falsehood have always run through the mainstream news media As news organizations double down in their efforts to shock and entertain more people than ever before are tuning out disillusioned by negative and manipulative news cycles In *Veils of Distortion* John Zada draws on two decades of journalism experience to explain how and why the news has become broken By depicting our world through a tiny sample of dramatized events that are often far removed from our experiences the news warps our picture of reality What we see is not the world that actually is but rather a caricature of it a simple two toned realm in which dangers and conflicts lurk around every corner The societal angst that results can make the news a self fulfilling prophecy and can turn our minds into prisons of blinkered thought Zada walks us through the newsroom to reveal these distorting veils He offers suggestions on how to mitigate the effects of this coarse infotainment which if left unchecked will continue to dumb down and polarize our society causing it to further unravel
