East,1924 Mankind at the Crossroads Louis Israel Dublin,1924 *Mankind at the Crossroads* Edward Murray East,1928 **Crossroads in the Mind of Man** Truman Lee Kelley,1928 **Mankind at the crossroads on the highway to happiness** ,1992 Mankind at the Crossroads Edward Murray East,1923 **The Addison Collection** John W. Newton,2019-09-10 The Addison Collection provides thoughts and observations designed to encourage us to think about philosophical social and political issues of interest It s a Buck describes a teenage boy s thoughts and feeling while experiencing the initial frustrations and then unexpected rewards of being a first time successful deer hunter *Retreats of Stones and Mosses* is a short story about a population of tiny minnows that find and experience a temporary utopia in their country stream It illustrates how an absence of daily challenges which are found in a mainstream environment can lead to apathy and prolonged despair *Space Visitors* involves aliens who arrive on Earth and provide insight on our perception of time and space travel They state that the emphasis we place on an ideal life in the hereafter shouldn t cause us to overlook the importance and beauty of contemporary life The treatise *Our Model Nation* suggests that the basic values and character of America serve as a forerunner to how the world of the future will be structured It addresses issues specific to crime and punishment threats of aggression natural vs institutional government and social destiny The reader should find this collection interesting enjoyable and thought provoking *The Truth of Mankind* Cesáreo Bandera,2024-07-05 *The Truth of Mankind* draws on Ces reo Bandera s long lifetime of critical experience and literary scholarship Bandera is not only a celebrated and distinguished interpreter of Latin and Greek literature of Cervantes and Calder n and many other seminal figures but was also a friend and colleague of the late Ren Girard the celebrated Catholic theorist of the scapegoat mechanism as the fundamental logic underlying all human communities and polities and in the field of literary studies he is considered a decisive interlocutor of Girard Through striking readings of Biblical texts of Cervantes of Virgil and above all of Girard s own works Bandera raises a fundamental question about Girard s theory Can it really as Girard himself thought be articulated in a way that does not rely on any particular theological standpoint Or is it instead as Bandera argues intimately dependent on the revealed truth of Christ on the cross a revealed truth which Girard as a believing Catholic himself confessed *The Truth of Mankind* will be of interest not only to all who wish to understand Girard s thinking and its relationship to Christianity but also to anyone seeking to understand how Christianity can address the most urgent social and ethical questions faced by human life on this planet *The Theosophical Path* Katherine Augusta Westcott Tingley,1923 *The Evangelical Church at the Crossroads of Secular Culture and Change* Dr. Arnold O.

Thompson,2025-03-28 This book lays out in clear biblical and specific ways how the kingdom of God can effectively intersect with the kingdom of this world The author first laid out the dark forces in the churches engagement in the so called cultural wars like storm force winds blowing at the doors of the church to influence its message change its historical methods corrupt its mission It identifies the crises in all three areas The author contends that by and large the so called cultural wars waged by sections of the evangelical church have been lost in the real mission of the Christian church The book does not linger long here but rigorously lays out the biblical mandate and methods for the church to regain its purpose and mission of Christ in the world This is the goal of this book From the start the author understood this was an extensive undertaking to stand like John on the island of Patmos looking at visions of the modern church and to write a manifesto as if to say for God I see you I see what a large and influential segment of the church is doing which I contend is hurting the cause of Christ and His Gospel today But also to say that I see what is needed to again influence the culture to turn to Christ To give as did John a clear voice to defy the confusions and uncertainties and communicate effectively the Gospel of Christ to a lost world This goal would seem impossible to see a revival of the Gospel in secular culture like the great revivals of the past Except the ancient prophets said as did Peter in the revival of Pentecost In the last days God says I will pour out my Spirit on all people Your sons and daughters will prophesy your young men will see visions your old men will dream dreams Acts 2 17 This book is a dream path to the reality of a revival of the Gospel in our times **Mankind and civilization at another crossroad**

Norman Ernest Borlaug,1971 **Mankind at the crossroads** ,1975 *Meals to Come* Dr. Warren Belasco,2006-10-18 In this provocative and lively addition to his acclaimed writings on food Warren Belasco takes a sweeping look at a little explored yet timely topic humanity s deep rooted anxiety about the future of food People have expressed their worries about the future of the food supply in myriad ways and here Belasco explores a fascinating array of material ranging over two hundred years from futuristic novels and films to world s fairs Disney amusement parks supermarket and restaurant architecture organic farmers markets debates over genetic engineering and more Placing food issues in this deep historical context he provides an innovative framework for understanding the future of food today when new prophets warn us against complacency at the same time that new technologies offer promising solutions But will our grandchildren s grandchildren enjoy the cornucopian bounty most of us take for granted This first history of the future to put food at the center of the story provides an intriguing perspective on this question for anyone from general readers to policy analysts historians and students of the future who has wondered about the future of life s most basic requirement *Mankind at the Crossroads on the Highway to Happiness* Sydney Poppitt,1975
