Manmade Ufos 194494 Fifty Years Of Suppression:

Man-Made UFOs, 1944-94 Renato Vesco, David Hatcher Childress, 1994 A comprehensive and in depth look at the early flying saucer technology of Nazi Germany and the genesis of early man made UFOs From captured German scientists escaped battalions of German soldiers secret communities in South America and Antarctica to today s state of the art Dreamland flying machines the astonishing book blows the lid off the Government UFO Conspiracy Examined in detail are secret underground airfields and factories German secret weapons suction aircraft the origin of NASA gyroscopic stabilisers and engines the secret Marconi aircraft factory in South America and other secret societies both ancient and modern that have kept this craft a secret and much more **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **The Legacy of 1952** Bruce Maccabee Ph D, 2018-07-29 No year in the history of UFOs had greater impact than 1952 It was a year in which the leadership of the United States Air Force was inundated with incredible reports of unknown objects from credible and competent witnesses They described objects that looked like nothing they had ever seen performing maneuvers that did not seem to be possible and at times over very sensitive places such as military bases and key technology sites Events culminated in the summer of that year when these objects appeared for two weekends in a row the nation s Capitol Air Force interceptors and commercial airliners alike saw them as well as people on the ground Orders were given to shoot them down The New York Times ran a headline article about them President Truman demanded answers Air Force General John Samford gave a much publicized press conference in which he attributed the main confusion not to not aliens from another world but to weather The press and public might have believed this but few insiders in the military or intelligence community seem to have Enter the CIA For the remainder of 1952 the Central Intelligence Agency got involved in trying to understand just what was going on Senior analysts appear to have taken UFOs seriously The end result was the infamous Robertson Panel which imprinted the tradition of debunking UFOs not only to the public at large but to the military and intelligence community itself At least those segments of that didn t have a need to know It is a tradition that has lasted to this day Bruce Maccabee has been researching and writing about UFOs for nearly fifty years He is one of the world s leading experts on US government policy toward UFOs and is ideally suited to write this definitive treatment of the most fascinating year of UFOs in American history
