*Man's Conquest of the Pacific* Peter S. Bellwood, 1979 Brief comments on Australian prehistory      **Review of Mans Conquest of the Pacific** Janet Davidson, 1980      **Handbook of East and Southeast Asian Archaeology** Junko Habu, Peter V. Lape, John W. Olsen, 2017-12-08 The Handbook of East and Southeast Asian Archaeology focuses on the material culture and lifeways of the peoples of prehistoric and early historic East and Southeast Asia their origins behavior and identities as well as their biological linguistic and cultural differences and commonalities Emphasis is placed upon the interpretation of material culture to illuminate and explain social processes and relationships as well as behavior technology patterns and mechanisms of long term change and chronology in addition to the intellectual history of archaeology as a discipline in this diverse region The Handbook augments archaeologically focused chapters contributed by regional scholars by providing histories of research and intellectual traditions and by maintaining a broadly comparative perspective Archaeologically derived data are emphasized with text based documentary information provided to complement interpretations of material culture The Handbook is not restricted to art historical or purely descriptive perspectives its geographical coverage includes the modern nation states of China Mongolia Far Eastern Russia North and South Korea Japan Taiwan Vietnam Cambodia Laos Thailand Burma Malaysia Indonesia the Philippines and East Timor      Javanese Culture and the Meanings of Locality Bagoes Wiryomartono, 2016-07-13 Javanese Culture and the Meanings of Locality Studies on the Arts Urbanism Polity and Society is an examination of the social and cultural geography of Java This book penetrates and surveys the Javanese world and examines the traditions customs arts urban habitation polity history and belief systems of people who speak the Javanese language and live on Java Island in the Indonesian archipelago A primary focus in these essays is to analyze the meanings of locality in the context of arts architecture polity and society with the hope of unveiling the potential of local culture in enriching and strengthening the diversity of the global world      Melanesians and Missionaries Darrell L. Whiteman, 2002-05-10 In Melanesians and Missionaries one of the best of the younger generation of missionary anthropologists demonstrates that a commitment to the missionary enterprise on the part of a solid scholar facilitates rather than hinders the anthropological study of a missionary topic This is better anthropology because Dr Whiteman is able to probe more deeply into his topic and demonstrates that he understands and appreciates both Melanesians and missionaries Charles H Kraft Professor of Anthropology School of World Mission Fuller Theological Seminary Pasadena      *Science of Pacific Island Peoples: Fauna, flora, food and medicine* R. J. Morrison, Paul A. Geraghty, Linda Crowl, 1994      **Vanished Islands and Hidden Continents of the Pacific** Patrick D. Nunn, 2008-10-31 Islands as well as entire continents are reputed to have disappeared in many parts of the world Yet there is little information on this subject concerning its largest ocean the Pacific Over the years geologists have amassed data that point to the undeniable fact of islands having disappeared in the Pacific a phenomenon that the oral traditions of many groups of Pacific

Islanders also highlight There are even a few instances where fragments of Pacific continents have disappeared becoming hidden from view rather than being submerged In this scientifically rigorous yet readily comprehensible account of the fascinating subject of vanished islands and hidden continents in the Pacific the author ranges far and wide from explanations of the region s ancient history to the meanings of island myths Using both original and up to date information he shows that there is real value in bringing together myths and the geological understanding of land movements A description of the Pacific Basin and the ups and downs of the land within its vast ocean is followed by chapters explaining how long before humans arrived in this part of the world islands and continents that no longer exist were once present A succinct account is given of human settlement of the region and the establishment of cultural contexts for the observation of occasional catastrophic earth surface changes and their encryption in folklore The author also addresses the persistent myths of a sunken continent in the Pacific which became widespread after European arrival and were subsequently incorporated into new age and pseudoscience explanations of our planet and its inhabitants Finally he presents original data and research on island disappearances witnessed by humans recorded in oral and written traditions and judged by geoscience to be authentic Examples are drawn from throughout the Pacific showing that not only have islands collapsed and even vanished within the past few hundred years but that they are also liable to do so in the future

*Robert Louis Stevenson's Pacific Impressions* Carla Manfredi, 2018-11-11 This book tackles photography s role during Robert Louis Stevenson s travels

throughout the Pacific Island region and is the first study of his family's previously unpublished photographs. Cutting across disciplinary boundaries, the book integrates photographs with letters, non-fiction and poetry, and includes much unpublished material. The original readings of photographs and non-fiction highlight Stevenson's engagement with colonial ideology and reality and advance new arguments about Victorian travel, settlement and colonialisms in the Pacific. Like the Stevensons, the book moves from the Marquesas to the atolls of the Gilbert Islands in Micronesia, from the Kingdom of Hawai'i's political ambitions to Samoan plantations and the Stevensons' settlement at Vailima. Central to this study is the notion that Pacific history and Pacific Island cultures matter to the interpretation of Stevenson's work, and a rigorous historical and cultural contextualization ensures that local details structure literary and photographic interpretation. The book's historical grounding is key to its insightful conclusions regarding travel, settlement, photography and colonialism.

**Fidschi Zwischen Tradition und Transformation** Hermann Muckler, 2012-12-06. Das vorliegende Buch ist das Ergebnis einer mehrjährigen wissenschaftlichen Auseinandersetzung mit der Inselwelt des Südpazifiks. Die zugrunde liegenden Forschungen fanden in den Jahren 1992 bis 1995 in Fidschi und den umgebenden Inselstaaten statt und mündeten in einer Dissertation mit dem Titel *tauvei und vulagi: Ursachen politischer Instabilität in Fidschi. Kulturwandel, ethnische Konflikte und die Bedeutung des Hauptlingswesens*. Die fidschianische Perspektive. Zusätzliches Material wurde 1996 und 1997 vor Ort erhoben und findet hier seine Berücksichtigung. Die jüngsten Entwicklungen in Zusammenhang mit der Implementierung einer neuen Verfassung für Fidschi und die Wiederaufnahme Fidschis in den British Commonwealth of Nations werden angesprochen und bilden den Schlusspunkt dieser Arbeit, deren Schwerpunkt einer umfassenden Darstellung historischer Ereignisse und Entwicklungen und daraus resultierender Konsequenzen für die rezente Situation Fidschis gewidmet ist. Ausgangspunkt für die intensive Beschäftigung mit der Region war mein Interesse für politische und gesellschaftliche Entwicklungen in ehemals kolonisierten Staaten vor dem jeweiligen soziokulturellen und sozioökonomischen Hintergrund unter Berücksichtigung der Konsequenzen kolonialer Einflüsse und der einzelnen Phasen der Dekolonisation. Die Ergebnisse zweier Forschungsaufenthalte in Fidschi im Jahr 1992 und 1993 dienten bereits im Jahr 1993 als Grundlage für eine Diplomarbeit mit dem Titel *Ethnische Heterogenität in Fidschi als Erbe britischer Kolonialpolitik und ihre Auswirkungen auf die Fidschianer von 1858 bis heute*. *The Life of the Longhouse* Peter Metcalf, 2010. The remarkable longhouses of Borneo remain mysterious. This book describes life within them and puts them in their historical and ethnographic context.

Extinction and Biogeography of Tropical Pacific Birds David W. Steadman, 2006-10-15. Publisher Description. *Paths and Rivers* Rosana Waterson, 2009-01-01. Fieldwork extending over a thirty-year period provided materials for this book. *Paths and Rivers* offers an unusually deep and broad picture of the Sada Toraja as a society in dynamic transition over the course of the past century. The Toraja inhabit the mountainous highlands of South Sulawesi, Indonesia, and are well known for their dramatic architecture, their unusual cliff burials, and their flamboyant ceremonial life, which places extraordinary economic

demands on individuals and families The analysis is informed firstly by a comparative perspective which sets Toraja social structure in the context of the Austronesian world Secondly the author delves deeply into Toraja social memory to show how people think about the past She examines the usefulness of history and myth in the present as a source of identity a template for action or a resource by means of which to claim precedence The book gives a clear picture of the structure and ethos of the indigenous Toraja religion the Aluk To Dolo or Way of the Ancestors with its complex cycle of rituals The book concludes with an analysis of the ceremonial economy which draws upon both domestic subsistence production and the global market economy Paths and Rivers draws together a fascinating picture of one society s journey into modernity

Comparative Austronesian Dictionary Darrell T. Tryon,1995 Volumes in the Trends in Linguistics Documentation series focus on the presentation of linguistic data The series addresses the sustained interest in linguistic descriptions dictionaries grammars and editions of under described and hitherto undocumented languages All world regions and time periods are represented

Parmentier,1987-11-05 At one level this book is a compilation of political traditions of Belau in Micronesia from the divine foundation of political systems to the present day It offers an analysis of the structures and dynamics of Belauan history identifying several forms of order and some of their potentials for change Also the author develops a critique of standard approaches to history in small scale societies He argues for a semiotic approach that recognizes the historical consciousness of actors in the society under study
