Man's Subtle Bodies and Centres Omraam Mikhaël Aïvanhov, 2013-09-16 For thousands of years men have worked to multiply and amplify the sensations and perceptions entering their consciousness through their five senses and it is this play on the keyboard of the senses that they call civilization and culture Well is this not rather meagre However much we cultivate and refine our five senses they will always be severely limited in scope for they belong to the physical plane they will never be capable of exploring any reality above or beyond the physical Until human beings recognize that there are other areas that invite exploration other dimensions to see touch and breathe they will never experience new richer more far reaching or subtler sensations Each of our organs is specialized it has its own particular function to perform and it can convey only its own particular type of sensation In order to experience other new sensations we must call into play those other subtler organs and centres which we all possess Omraam Mikhaël Aïvanhov **Man's Subtle Bodies and Centres** Omraam Mikhaël Aïvanhov, 1988 **Divining the Body** Jan Phillips, 2012-06-07 Honor Your Body as the Instrument of Your Soul This book is an attempt to undo the damage we've sustained living in a culture that thrives on our self hatred It is a sanctification of our human bodies a consecration of ourselves as hosts to the Great Beloved It is a journey of awe and reverence through the sacred terrain of foot and hand back and breast heart and brain The path to peace is the pathway through ourselves starting with the inward step the brave gentle step toward the Divine within from the Introduction Our view of the human body is always evolving From the goddess worship of civilizations millennia ago to the strict social rules of Victorian England to the modern feminist movement the human body particularly the feminine body has always been a point of interest mystery and contention Discover an entirely new way to look at your body as a pathway to the Divine Award winner Jan Phillips takes you on an energizing journey through your physical self drawing connections between the bone muscle and sinew of your body and the spiritual teachings of various faith traditions modern scientific research and her own experiences You will find yourself empowered to work to transform the world around you and overcome self defeating thoughts through positive practical exercises and meditations that show you how to climb back into your body and honor it as the temple of God that it is *The Participatory Turn* Jorge N.
