### **Somewhat on the Community System**

Andrew Loman,2014-02-04 Hawthorne wrote much of his major fiction in the decade that the theories of Charles Marie Fran ois Fourier crossed the Atlantic and contributed to a wave of communitarian experimentation in the American North Famously Hawthorne briefly lived and worked at Brook Farm a Transcendentalist commune that formally converted to Fourierism when he had left and was embroiled in litigation to recover money he had invested in the community In his fiction Hawthorne responded directly to Fourierism and its critique of capitalism He used his experiences at Brook Farm as the inspiration for The Blithedale Romance and in The House of the Seven Gables cast one of the principal characters as a recovering Fourierist In The Scarlet Letter he engaged with Fourierist debates on marriage and the regulation of desire Somewhat on the Community System examines these interventions and argues that Hawthorne s fiction both seeks to contain Fourierism and responds to its allure Moreover in formulating alternative morally acceptable utopias ones that are predicated on middle class marriage Hawthorne s fiction appropriates key aspects of Fourierist theory

Spirits of Place in American Literary Culture John Gatta,2018-07-02 What might it mean existentially and spiritually for humans to form an intimate relation with particular sites or dwelling places on earth In ancient Rome the notion of a locale s genius loci signaled recognition of its enchanted enspirited identity But in a digitalized America of unprecedented mobility can place still matter as seed ground for the soul Such questions have been broached by ecocritics concerned with how place inflected experience figures in literature and by theologians concerned with ecotheology and ecospirituality This book offers a uniquely integrative perspective informed by a theological phenomenology of place that takes fuller account of the spiritualities associated with built environments than ecocriticism typically does Spirits of Place blends theological and cultural analysis with personal reflection while focusing on the multi layered witness presented by American literature John Gatta s

interpretive readings range across texts by an array of canonical as well as lesser known writers Along the way it addresses such themes as the religious implications of localism vs globalism the diverse spiritualities associated with long term residency resettlement and pilgrimage why some sites seem more hallowed than others and how the creative spirit of Imagination figures in place identified perceptions of the numinous Whether in Christian or other religious terms no discrete place matters absolutely Yet this study demonstrates how and why hallowed geography and the sacramentality of place have mattered throughout our cultural history *The Adventures of Henry Thoreau* Michael Sims,2014-01-01 *The Adventures of Henry Thoreau* sheds illuminating light on one of the most iconic figures in American history *The Complete Writings of Nathaniel Hawthorne* Nathaniel Hawthorne,1900 ***The Works of Nathaniel Hawthorne*** George Parsons Lathrop,1871
