Mans Disorder And Gods Design Part One:

Man's Disorder and God's Design World Council of Churches. Assembly, 1949 **Man's Disorder and God's Design: The universal church in God's design**, 1949 Man's Disorder & God's Design World Council of Churches. Assembly, 1947 *Who Is the Church? An Ecclesiology for the Twenty-First Century* Cheryl M. Peterson, 2013-05-01 Many congregations today are beset by fears whether over loss of members and money or of irrelevancy in an increasingly pluralistic society To counter this many congregations focus on strategy and purpose what churches do but Cheryl Peterson submits that mainline churches need to focus instead on what or who they are to reclaim a theological rather than sociological understanding of themselves To do this she places the questions of the church's identity and mission into a conversation with the primary ecclesiological paradigms of the past century the neo Reformation concept of the church as a word event and the ecumenical paradigms of the church as communion She argues that these two paradigms assume a context of cultural Christendom that no longer exists focused on the church that is gathered rather than the missional church that is sent out **Building the Kingdom of God on Earth** Martin Erdmann, 2005-03-31 In his book *Building the Kingdom of God on Earth* Dr Erdmann deals primarily with John Foster Dulles participation in the ecumenical movement from 1919 to 1945 Dulles role in shaping the religious economic and political policies of the Federal Council of Churches in its support of world order and peace especially in his function as chairman of the Commission on a Just and Durable Peace was crowned with success in the founding of the United Nations Organisation in 1945 His personal friends Philip Kerr Lord Lothian and Lionel Curtis the principal leaders of the Round Table Group come into the pictures at various times By and large they pursued the same objectives as those of Dulles The book shows the detailed influence of the Round Table Group and its affiliated organisations such as the Royal Institute of International Affairs London and the Council for Foreign Relations New York City on the ecumenical movement using it successfully for their purpose of creating an international community of nations **American Ecclesiastical Review** Herman Joseph Heuser, 1955 *Karl Barth* Mark Galli, 2017 This refreshingly accessible introduction to Karl Barth by Mark Galli takes readers on a whirlwind tour of the life and writings of this giant of twentieth century theology Galli pays special attention to themes and topics of concern for contemporary evangelicals who may need Barth's acute critique as much as early twentieth century liberals did and for surprisingly similar reasons *Ecumenism: A Guide for the Perplexed* R. David Nelson, Charles Raith II, 2017-07-27 *Ecumenism A Guide for the Perplexed* is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations of three significant challenges for contemporary ecumenical theology and practice Along the way the authors

provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium *The Ecumenical Movement* Michael Kinnamon, Brian E. Cope, 1996-12-31 Included in this collection of documents from the twentieth century ecumenical movement are passages from texts produced by assemblies conferences and studies of the World Council of Churches and similar bodies covering three areas of historical concern within modern ecumenism faith and order life and work and mission and evangelism God's Mission in Asia Ken Christoph Miyamoto, 2007-06-15 Ecumenism in postwar Asia institutionalized in the Christian Conference of Asia displayed a remarkable this worldliness from its inception in the 1940s This tendency was in contrast to the tension between the church centric and world centric approaches to Christian mission that marked conciliar mission thinking in the West This work examines the development of such this worldly holiness in Asian ecumenism focusing on M M Thomas of India and C S Song from Taiwan Special attention is drawn to the idea of God s this worldly presence that considers God as redemptively at work in world history apart from the church The study first compares the development of this worldly holiness in the West and Asia and then examines the thinking of Thomas and Song The chapters on these two theologians discuss their backgrounds the basic concerns motivating their intellectual searches and responses to the questions arising from such concerns These chapters also try to understand how these theologians view the relationship between God and the world In so doing the study highlights the significance of the idea of God s this worldly presence shared by Thomas and Song in spite of differences in their backgrounds approaches and theological formulations Having compared Thomas and Song the study concludes that the idea of God s this worldly presence became central to Asian ecumenism because it offered a common unifying vision to Asian Christians who come from a region characterized by tremendous diversity The idea helped them to see the diverse peoples cultures and religions in Asia under one God who transcends the diversity and still takes it seriously **God's Being in Reconciliation** Adam J. Johnson, 2012-03-01 One of the most pressing issues in the doctrine of the atonement today is the question of the unity and diversity of the work of Christ What are we to make of the diversity within the biblical witness and the history of doctrine when it comes to explanations of the meaning and significance of Jesus death and resurrection Without a grasp of the unity of his work our understanding and use of the diversity runs the risk of becoming haphazard and disordered Proposals regarding the unity of Christ s work today tend to focus on the metaphorical nature of language the role of culture and various possible conceptual schemes rarely reflecting on unity and diversity proper to the being God To fill this gap Johnson draws on Karl Barth s integrated account of the doctrines of God and reconciliation harnessing the resources contained within the doctrines of the Trinity and divine perfections to energize a properly theological account of the unity and diversity of the atonement **The Living Church** , 1948 **Man and Nature in God** Lloyd E. Sandelands, 2017-12-02 Contemporary American life is tinged with dissatisfaction Increased wealth and comfort and technological advances have not made individuals happier or society more companionable Today Americans marry later or

not at all and they fail at marriage as often as they succeed Man and Nature in God is a story of contemporary American decadence a grim tale of our flagging relation to nature a tale confirmed at the center of our sexual lives Sandelands grounds his critique in a modern philosophical error We have conflated a particular metaphysical outlook the subjective standpoint of science with our relationship as humans to nature We fail to see that however much we may learn about nature by treating it as object to our subject we cannot in this way learn what we most want and most need to know about nature and about ourselves Answers to such questions as How are we related to nature and How are we to think and act truly in nature continue to elude us Cast as ideology by the isms of humanism naturalism and postmodernism today s subjective standpoint has turned the question of truth into one question of politics The unhappy result has been and continues to be a profound and deadly misunderstanding of nature as well as man epitomized in contemporary American culture today Taking this as his starting point Sandelands suggests how we can save ourselves from our mortifying philosophical error thereby claiming our true relation to nature and reinvigorating our sexual lives He identifies the need for a natural philosophy that takes God to be the starting point of self understanding Although the book is about philosophy it is not only for the academic philosopher Although it is about theology it is not only for the theologian or student of religion And although the book takes modern biological and social sciences to task it is not only for biological and social scientists Instead Man and Nature in God is for everyone concerned about the disma

Telling the Churches' Stories Timothy J. Wengert, Charles W. Brockwell, 1995 This critical look at the practice of writing church history challenges historians of Christianity to be self consciously ecumenical in the practice of their craft The book introduces principles defined by a community of scholars working under the auspices of the Faith and Order Working Group of the National Council of Churches

The Disciples—Second Edition D. Duane Cummins, 2023-07-14 This new second edition refined updated and revised contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ a modern denomination of international stature The Disciples A Struggle for Reformation Revised Edition discusses how Disciples progressed from congregationalism to Covenant how they survived the tumult of Civil War how they developed a ministry of missions on a global scale and how they met the brutal challenge of 21st century COVID

A Worldly Christian Dyron B. Duagherty, 2022-01-01 Stephen Neill 1900 1984 was a towering figure of twentieth century global Christianity but was in many ways a broken man who faced profound and crippling struggles A Worldly Christian charts the extraordinary but often tragic life of a global Christian pioneer par excellence in a church that diversified dramatically during his lifetime Privileged to live in radically different cultural contexts over the course of his life Neill excelled by turns as a missionary and bishop in India an ecumenist in Geneva a professor in Hamburg and Nairobi and a prolific author of some seventy books and hundreds of articles upon his retirement to the UK Throughout this varied career he shared his tremendous knowledge of the world Christian movement with scholars clergy and laypersons alike Many will find his story compelling from Christian scholars to

all those who have cherished his influential body of work and benefit from his legacy **Theologians of a New World**

Order Heather A. Warren,1997-09-25 This book tells how a group of Protestant theologians forged a theology of international engagement for America in the 1930s and 40s and how in doing so they informed the public rationale for the United States participation in World War II and stimulated American leadership in establishing both secular and international organizations for the promotion of world order This remarkable group included Henry P Van Dusen Reinhold Niebuhr John Bennett Francis P Miller Georgia Harkness and Samuel McCrea Cavert Warren show how in creating a coherent theologically derived position and bringing it to bear on contemporary international issues this group combined ideas with public action in a way that set the standard for American theologians social activism in the years to come The

Statesman's Year-Book S. Steinberg,2016-12-27 The classic reference work that provides annually updated information on the countries of the world *A Declaration on Peace* John Howard Yoder,Eugene F. Roop,1991-01-04 Many Christians have become increasingly sensitive to the destructiveness of war They are recognizing war s limited ability as a public policy instrument They are acknowledging the social economic and spiritual consequences of preparing to wage war These concerns have begun to revive the conscience of the church in new ways This text contends that peacemaking is essential to Christian discipleship It is the vocation of the church as a whole Moving beyond the traditional debate around pacifism This statement seeks dialogue concerning a renewed vision of the entire purpose of God in the world In *A Declaration on Peace* Brethren Friends Mennonites and the Fellowship of Reconciliation seek conversation with Christians everywhere on peace war militarism and justice The book offers an ecumenical dialogue on the morality of war grounded in a biblical vision common to all Christian communions Herald Press and John Howard Yoder **Deliverance to the Captives** Karl Barth,2010-11-01

This book takes us behind prison bars to hear powerful simple direct sermons by the man widely known as the twentieth century s most influential theologian Originally delivered to inmates of the prison in Basel Switzerland these sermons shine with Karl Barth s thought and exaltation of the living Christ Including sermons on the great feasts of the Christian year such as Christmas and Easter *Deliverance to the Captives* offers new hope powerfully phrased and a wide entry into the thought of a supreme theologian
