**Run they said.... War of the Mind** Gary Niel Hitching, 2022-11-30 Mental health is a journey it has lots of ups and downs Just like life we never know which way it will go from happiness to sadness from worry to not a care in the world There are books films and discussions which try to tell you which way to turn when realistically you are the only one who holds the answers Sometimes though you need a bit of help and that s what I got from the strangest place inside my head A poet whenever there was trouble he appeared and led me back to happiness helping me on my journey My friend the poet plotted my pathways and shaped my future carving my destiny as we went through the darkest periods of my life with the only support coming from within and from the pen which indeed is mightier than the sword It can write or draw happier days and times even if the parchment is used and damaged From darkness into light through inner strength and the spoken and written word Si vis pacem para bellum      Positive Affirmations for Black Men Tyrone Coleman, 2022-10-31 Your mind is a powerful tool and positive affirmations can help you sharpen it Watch what happens when you do To be a Black man today means confronting deeply embedded racism in every social institution on a daily basis Even if you re not always aware of what you re up against you probably have to fight harder than you should in most areas of life This can take its toll and often you end up fighting yourself as much as you do the world around you The more barriers you re faced with the more you will build up inside your own mind But there s good news You can reprogram yourself so that those mental barriers never stand in your way And the process is surprisingly simple Denzel Washington and countless other celebrities attribute their success to the use of positive affirmations and you can too Affirmations are amongst the simplest self help strategies you can use to nurture your self confidence and self belief Simply by moving your focus away from your perceived inadequacies and towards your strengths both those you already possess and those you want to work on you can change your fortune And science gives the stamp of approval Regularly repeating affirming statements encourages your brain to believe that they re facts and when you really believe you can do something your actions will follow The secret is to choose the affirmations tailored precisely to the area you need to empower yourself in and this book has you well and truly covered Inside you ll discover What you can learn from the inspirational story of Langston Hughes and how his success shows the power of affirmations How to overcome your health and fitness challenges using positive affirmations How to attract love and friendship to your life using the power of self belief The secret to positioning yourself for a future of wealth and success using nothing more than the way you talk to yourself The art of changing your mindset in order to blossom into an inspiring and effective leader The trick to manifesting your own self confidence for great effect in every area of life How to make sure you never see yourself as the victim and why this is so important Practical strategies to combine with your positive affirmation practice for the fullest effect A targeted prayer for every section so you can align your worship with your goals Positive affirmations for every area you wish to

develop broken down into goal specific sections And much more When the world is against you it s easy to absorb its messages and allow your mind to put up barriers that prevent you from reaching your highest potential But self talk is an incredibly powerful tool Simply by regularly running through positive affirmations you can change the wiring in your mind and open doors you didn t even realize you had closed Reach your full potential no matter what barriers are in your way Scroll up and click Buy Now right now

**Decoding Spacetime** Eric

Carlson,2010-11-08 This is a book about science religion and being yours and mine The study of being is called Ontology Our culture is dominated by a naturalist ontology The question is does ontology include a supernatural component Or is that idea a relic of our primeval past sort of like appendix and adenoids parts that can be excised from the body of our belief system The author argues for the primacy of the transcendent supernatural ontology by means of two books the book of nature and the book of transcendency the Bible each containing its own portion of the evidence Mr Carlson argues for the following The universe represents a small portion of God s ontology a small reality devoted to redemption The signet of redemption is the number 7 its appearance within chronology is deliberate instructive and compelling The Creation Week account reflects a two fold metaphor 1 space time itself was created to support the redemptive act and 2 mankind s history will unfold in a series of seven ages later quantified as millennia The interval between Adam and Abraham literally filled one redemptive bi millennium but the catastrophic effects of 3 realities the Cainite civilization Noah and the break up of Pangaea contribute to the appearance of myth as viewed by the uniformitarian geologist for whom catastrophes appear invisible The 2nd bi millennium Abraham to Messiah was also fulfilled exactly in redemptive time The termination of our age is imminent and dependent upon the chronology of Israel mankind s chronograph A detailed chronology of the history of Israel is flavored with the redemptive signet especially 70 yrs or 70 heptads of yrs By decoding Israel s history in redemptive time and employing the single concept of the favor of God the author derives a Biblical based proof that modern Israel is the same and identical state founded by Samuel in 1096 BC Three independent proofs of this foundational date are provided These proofs show that the Monarchy existed for exactly 511 yrs which period is exactly equal to 73 heptads Israel is an heptadic state The author concludes that the redemptive corollary to Israel s ontology is also proven we have actually entered the end times and the events associated with the last days will soon unfold Because the reality of Israel is visible to all it is apparent that the redemptive offer made to mankind is also real and visible such as that appearing in John 3 16 John 6 40 and Romans 10 9 13 There is much to learn about our world Start now Tomorrow may be too late **Mantra and the Modern Man** ,2019

Borayin Larios,2017-04-10 Popularly Hinduism is believed to be the world s oldest living religion This claim is based on a continuous reverence to the oldest strata of religious authority within the Hindu traditions the Vedic corpus which began to be composed more than three thousand years ago around 1750 1200 BCE The Vedas have been considered by many as the philosophical cornerstone of the Brahmanical traditions stika even previous to the colonial construction of the concept of Hinduism However what can be pieced together from the Vedic texts is very different from contemporary Hindu religious practices beliefs social norms and political realities This book presents the results of a study of the traditional education and

training of Brahmins through the traditional system of education called gurukula as observed in 25 contemporary Vedic schools across the state of Maharashtra This system of education aims to teach Brahmin males how to properly recite memorize and ultimately embody the Veda This book combines insights from ethnographic and textual analysis to unravel how the recitation of the Vedic texts and the Vedic traditions as well as the identity of the traditional Brahmin in general are transmitted from one generation to the next in contemporary India      Our Beloved Osho Arvind Swami Chaitanya,2001
