Humber, 2016-01-19 DAD'S BEST MEMORIES AND RECOLLECTIONS is Chaz Humber's epitaph casting a very long and sentimental shadow across North America and beyond. This 230 page volume is his granite monument well polished. It lavishly records 125 of his best memories over a life span of nearly eighty years. The vignettes are serenaded with more than 400 illustrations. Those discovering this volume likely will find themselves wanting to record in their own sunset years their personal memories and recollections. And when they do they are apt to recall what it was like to live in their fluctuating world dominated by a variety of personalities and cascading events. Mr Humber vividly describes what it was like in 1945 to travel in a 1930 Model A Ford from Toronto to Boston. With lively enthusiasm he reports what it was like to live in post World War II Boston to cook a lobster for a former President of the United States or to sell a pair of elevator shoes to one of Hollywood's shortest celebrities or to shine the shoes of a Derby hatted father of a future President of the United States. It is not a remarkable achievement to reflect to recall or to have memories that are treasured. But to tell them with literary aplomb to recall the events that happened nearly seventy five years ago with utmost clarity is definitely an admirable achievement and should be cherished not only by the kin who follow Mr Humber but by those who might like to

turmoil of the 1960s clearly demonstrates how these social conflicts continue to affect contemporary politics In *The Bad Sixties Hollywood Memories of the Counterculture Antiwar and Black Power Movements* Kristen Hoerl focuses on fictionalized portrayals of 1960s activism in popular television and film Hoerl shows how Hollywood has perpetuated politics deploring the detrimental consequences of the 1960s on traditional American values During the decade people collectively raised fundamental questions about the limits of democracy under capitalism But Hollywood has proved dismissive if not adversarial to the role of dissent in fostering progressive social change Film and television are salient resources of shared understanding for audiences born after the 1960s because movies and television programs are the most accessible visual medium for observing the decade s social movements Hoerl indicates that a variety of television programs such as *Family Ties* *The Wonder Years* and *Law and Order* along with Hollywood films including *Forrest Gump* have reinforced images of the bad sixties These stories portray a period in which urban riots antiwar protests sexual experimentation drug abuse and feminism led to national division and moral decay According to Hoerl these messages supply distorted civics lessons about what we should value and how we might legitimately participate in our democracy These warped messages contribute to selective amnesia a term that stresses how popular media renders radical ideas and political projects null or nonexistent Selective amnesia removes the spectacular events and figures that define the late 1960s from their motives and context flattening their meaning into reductive stereotypes Despite popular television and film Hoerl explains memory of 1960s activism still offers a potent resource for imagining how we can strive collectively to achieve social justice and equality

Stanley,2012-06 The Fabulous Fifties were America's Happy Days The Eisenhower Years produced amazing contributions to our American culture and to other cultures around the world In so many ways Americans innovated and the world imitated from Elvis Presley and rock n roll to the Salk anti polio vaccine America's contributions to the world included motion pictures and the Broadway stage radio and television amateur and professional sports jazz the blues country and Western music traditional ballads and popular songs and rock n roll domestic and international business and trade public and private educational opportunities and a rich and varied literature While Americans did not invent all these categories they nevertheless took each to new heights during the Eisenhower Years and shared their bounty with the world The Eisenhower Years generally speaking were happier more

stable more prosperous more optimistic and simpler times than the preceding decades of the 1930s and 40s and the increasingly turbulent 1960s and 70s that followed. In fact, America's exuberance in so many areas of the arts and everyday life was omnipresent. As for political and military achievements, President Eisenhower kept us safely out of war and was wise enough to stay out of the way of America's artists and entrepreneurs. As a result, the Eisenhower Years should forever be remembered as those Happy Days.

My life in Grand Rapids, Michigan Barbara Jean Palmer. This is an autobiographical work of Barbara Jean Palmer who has lived in Grand Rapids, Michigan, almost her entire life since she was two years old. Her life experiences started when she was under five years old. But it was when she was in her early teens, her formative years, that her experiences began to have a profound impact on her life and destiny. They were formative years for her in a very special way, shaping her personality as the following years also would, validating and solidifying her perceptions and beliefs, not only religious but across the economic and sociopolitical spectrum. She was a witness to history and a part of some of the events that shaped Grand Rapids in significant ways through the decades. Her personal experiences also constitute an important part of Grand Rapids history in the sense that they reflect, although from a personal perspective, the cumulative experience of other people with a background similar to hers. Her experiences also reflect some of the events which occurred in a larger context, including national constituting milestones in the long journey toward understanding and harmony among the people of all racial, cultural, historical, and ethnic backgrounds in one of the country's large cities. The work is historical as much as it is autobiographical; it's also contemporary from a local and national perspective because of the fundamental issues it raises and addresses in the quest for a better understanding among all people by focusing on the destiny of the city and of the country as a whole.
