the crap I let the world convince me about who I was came back to the surface And what was left was only what was real and true I was finally standing in the fullness of my story I felt hopeful I felt full Our story may crack us open but it also pieces us back together We all have a story to tell This happens to be mine every chapter a window into who I am the journey I m on and the season I m in right now Because this is my story maybe you won t always relate or maybe it will feel like you re looking in a mirror Whatever we have in common and whatever differences lie between us I only hope my story can help shine a light on the beauty of yours That my own soul work will stir something of your own And that by the time you get to the end of my story you re also holding the beautiful beginnings of your own A story only you can tell And I hope that you will
