Language,

Literacy, and Social Change in Mongolia Phillip P. Marzluf,2017-11-22 Language Literacy and Social Change in Mongolia is the first full length treatment of literacy in Mongolian Challenging readers assumptions about Central Asia and Mongolia this book focuses on Mongolians experiences with reading and writing throughout the past 100 years Literacy as a powerful historical and social variable shows readers how reading and writing have shaped the lives of Mongolians and at the same time how reading and writing have been transformed by historical political economic and other social forces Mongolian literacy serves as an especially rich area of inquiry because of the dramatic political economic and social changes that occurred in the twentieth and twenty first centuries For the seventy years during which Mongolia was a part of the communist Soviet world literacy played an important role in how Mongolians identified themselves conceived of the past and created a new social order Literacy was also a part of the story of authoritarianism and state violence It was used to express

the authority of the communist Mongolian People's Revolutionary Party control the pastoral population and suppress non socialist beliefs and practices Mongolians reading and writing opportunities and resources were tightly controlled and the language policy of replacing the traditional Mongolian script with the Cyrillic alphabet immediately followed the violent repression of Buddhist leaders government officials and intellectuals Beginning with the 1990 Democratic Revolution Mongolians have been thrust into free market capitalism privatization globalization and neoliberalism In post socialist Mongolia literacy no longer serves as the center for Mongolian identity Government subsidies to pastoral literacy resources have been slashed and administrators now find themselves competing with other developing countries for educational funding Due to the pressures caused by globalization Mongolians have begun to talk about literacy and language in terms of crisis and anxiety As global flows of English compete with new symbols from the distant past Mongolians worry about the perceived lowering standards of Mongolian linguistic usage amid rapid economic changes These worries also reveal themselves in official language policies and manifest themselves in the multiple languages and scripts that appear in the capital of Ulaanbaatar and other urban areas

Mongol Uuganaa Ramsay, 2022-01-01 Extremely interesting emotionally engaging Stuart Kelly Uuganaa is a Mongol living in Britain far from the world she grew up in as a nomadic herder she lived in a rt eating marmot meat distilling vodka from goat's yoghurt and learning about Comrade Lenin When her new born son Billy is diagnosed with Down's Syndrome she finds herself facing bigotry and taboo as well as heartbreak In this powerful memoir Uuganaa skilfully interweaves the extraordinary story of her own childhood in Mongolia with the sadly short life of Billy who becomes a symbol of union and disunion cultures and complexity stigma and superstition and inspires Uuganaa to challenge prejudice Mongol is the touching story of one woman's transformation from outsider to fearless champion of love respect and tolerance It's a moving tribute by a remarkable woman to her beloved baby son testifying to his lasting impact on a sometimes imperfect world
