My Father Was A Bootlegger:

My Father Was a Bootlegger William A. Kelly, 2001 This story is my story of growing up in those hard times of the great depression and WW2 I was taught right from wrong early and for the most part was left alone There was no involvement with parents like Little League baseball or tackle football or neighborhood clubs We were expected to pass in school and be home for dinner and on time I guess it could be called a period of benign neglect If you were a poor player in any sport you didn't play until you got better Mom and Dad never even knew that you were no good If you were really upset about not playing your father might play with you and give you some tips to make you better In no case would he talk to any of your playmates to allow you to play If you got lousy marks and your parents were called to school it was your fault not the teachers nor the politicians or anybody else Your fault and you better improve or else This system seemed to work Certainly better than the current one Books are now being written about how great my generation was I never thought about it All I know is we handled all the crap that was thrown at us and for the most part we were on our own Nobody used drugs We were afraid of them and rightly so When I started writing my experiences were remembered strongly in large bursts so much so that it has taken over four hundred pages just to get me through college The most surprising element of remembering was how strongly the girls in my life came back I really liked the women I got to know and they made life more than tolerable for me I was in heavy air combat in WW2 and yet to this day when the war is mentioned my first thought is about my English girl friend a beautiful female British soldier that I didn't spend three days in London with because I was shipped home early Life at Princeton was difficult because the learning was hard basketball took big hunks of time and girls were very scarce I used the language of my day so the sexual encounters may sound dirty I never thought of them that way I was discriminating in my choices and I like to think my girls were just as choosy when they selected me I was an only child to very young parents My father was a local bootlegger in Atlantic City He had worked for the political boss of the area and was protected from being arrested for his illegal activity I was always scared that he would be arrested anyway Neither my mother nor my father were well educated My mother made it through first year of high school My father made it through 8th grade I always thought both were very smart Their friends seemed to think they were smart also My father always seemed to have several millionaires as friends He dressed neat even in the heart of the depression My mother dressed very smartly and her picture made the newspapers on several occasions during celebration of the Easter parade Both my parents had good personalities and after I got over my shy period I became known as the personality kid in local sports circles I guess there was some rub off Both my father and my mother learned about the stock market by reading the newspaper and as soon as money accumulated from the business each invested They both did very well My father worked by evaluating several stocks while my mother followed tips from friends I guess my father shared some of the business income because mother always had plenty of cash to spend One thing I remember is that on major expenditures like a new car or a house my parents always had serious discussions to help

make the decision The thing about my father that always surprised me was on special occasions he might buy mother a mink coat or a diamond ring or necklace This was always a big surprise to everyone Then they would go to dinner at some fancy restaurant to celebrate This was after they had made some money of course When I had acknowledged to myself that I was smart I sometimes used to try to figure **The Bootlegger's Daughter** Lauri Robinson,2015-08-01 Of all the speakeasies in all the world Mysterious city slicker Ty Bradshaw might have won her father's trust but everyone knows Norma Rose is the true boss of Nightingale's resort And it'll take more than that charming smile to shake the feeling that Ty is not all he seems He walks into hers Ty is a federal agent on a personal mission of revenge But he hasn't figured on falling for a bootlegger's daughter Suddenly flirting with headstrong Norma Rose seems far more exhilarating than chasing gangsters *Blotto, Twinks and the Bootlegger's Moll* Simon Brett,2014-06-15 Hard times send a pair of aristocratic English siblings to Prohibition era Chicago where a bride gangsters and trouble await It's almost too ghastly to say darlings but Blotto and la famille are facing call it an embarrassment of no riches No I wouldn't have imagined it either but this is the 1920s famed for financial reversals At any rate things are so dire that the Dowager Duchess oh she's a tiger an absolute tiger is packing dearest Blotto off to America if you can believe it to marry some hideous heiress and make her the Duchess of Tawcester Well of course Twinks is going with him I adore Blotto but left on his own he couldn't find America from New York Harbor Oh no they've got a girl all picked out the daughter of some man named Chapstick in Chicago Daddy says this Chapstick fellow is bound to be an unspeakable gangster who carries a machine gun and wears those vulgar hats but I'm sure that can't be right I mean Blotto and Twinks involved with gangsters It would be too funny for words Praise for the Blotto and Twinks Mysteries A hilarious spin on the traditional British mystery Publishers Weekly This is the kind of book you'll have to put down frequently as you roar with laughter Booklist starred review **The Bootlegger's Bride** Rick Skwiot,2025-07-01 Can vengeance wipe away the dark shadows of the past Two corpses one suicide the other murder emerge through the Long Lake ice ten years apart yet linked by a St Louis bootlegger's killing three decades earlier Those dramatic events frame twelve year old A J Nowak's search for identity after being orphaned by World War II and its long shadow He struggles to overcome dark family history his explosive anger his bootlegger and loan shark father's D Day death and his widowed mother's desperate self destruction to safeguard A J's legacy from a blackmailer Ultimately A J faces a self defining decision whether to avenge her death by his own hand **The Bootlegger's Other Daughter** Mary Cimarolli,2004-12-06 The generation that toiled through the Great Depression and won the Second World War has become known as the greatest generation But not all of them qualified for that exaggerated epithet in the eyes of their own children In this tender but unsparing memoir Mary Cimarolli remembers a world in which the family home was lost to foreclosure her father made his way by bootlegging and school was a haven to hide from her brother's teasing Her stories are about struggle and survival making do and overcoming and ultimately reconciliation From her perspective as a child she describes the cotton stamps and other

programs of the New Deal the yellow dog Democrat politics and racism of East Texas and the religious revivals and Old Settlers reunions that gave a break from working in the cotton patch The colorful colloquialisms of rural East Texas that dot the manuscript help express both the traditionalism of the region and its changes under the impact of modernization electrification and the coming of war Along with these regional and national trends Cimarolli skillfully interweaves the personal conflict between her parents the death of her brother a few days before his sixteenth birthday and her own inner tensions
