

The background of the slide is a scenic landscape featuring a range of mountains under a warm, orange-hued sky, suggesting a sunset or sunrise. The mountains are silhouetted against the bright light of the sun, which is positioned on the right side of the frame. The overall atmosphere is serene and contemplative.

Myself Must I Remake:

Myself Must I Remake Gayatri Chakravorty Spivak, 1974 A biography of the Irish poet dramatist and essayist generally considered the most important poet in English of his time

The Collected Poems of W. B. Yeats William Butler Yeats, 2000 Poetry

Gayatri Spivak Stephen Morton, 2007-02-12 Gayatri Chakravorty Spivak's seminal contribution to contemporary thought defies disciplinary boundaries From her early translations of Derrida to her subsequent engagement with Marxism feminism and postcolonial studies and her recent work on human rights the war on terror and globalization she has proved to be one of the most vital of present day thinkers In this book Stephen Morton offers a wide ranging introduction to and critique of Spivak's work He examines her engagements with philosophers and other thinkers from Kant to Paul de Man feminists from Cixous to Helie Lucas and literary texts by Charlotte Bronte J M Coetzee Mahasweta Devi and Jean Rhys Spivak's thought is also situated in relation to subaltern studies Throughout the book Morton interrogates the materialist basis of Spivak's thought and demonstrates the ethical and political commitment which lies at the heart of her work Stephen Morton provides an ideal introduction to the work of this complex and increasingly important thinker

The Problem of Consciousness in Modern Poetry Hugh Underhill, 1992-07-31 Modernist aesthetics have been identified with a sense of cultural crisis defined by its distance from an ideal of unified consciousness This original study examines the struggle toward that ideal of unitary subjective experience in modern British and Irish poetry from Hardy to Ted Hughes Hugh Underhill argues that the poetry's emphasis on inner states underrepresents the extent to which the crisis is in fact socio historically determined

The Oxford Handbook of W.B. Yeats Lauren Arrington, Matthew Campbell, 2023-05-30 The forty two chapters in this book consider Yeats's early toil his practical and esoteric concerns as his career developed his friends and enemies and how he was and is understood This Handbook brings together critics and writers who have considered what Yeats wrote and how he wrote moving between texts and their contexts in ways that will lead the reader through Yeats's multiple selves as poet playwright public figure and mystic It assembles a variety of views and adds to a sense of dialogue the antinomian or deliberately divided way of thinking that Yeats relished and encouraged This volume puts that sense of a living dialogue in tune both with the history of criticism on Yeats and also with contemporary critical and ethical debates not shirking the complexities of Yeats's more uncomfortable political positions or personal life It provides one basis from which future Yeats scholarship can continue to participate in the fascination of all the contributors here in the satisfying difficulty of this great writer

The Accidental Anthropologist Michael Jackson, 2013-12-16 Journeys through the Congo Sierra Leone and Outback Australia in an inventive memoir by a Commonwealth Poetry Prize winning ethnographer *The Accidental Anthropologist* is a fascinating impeccably written memoir or more accurately a series of fragments Compelling and absorbing as well as intense and insightful Jackson writes a far from classically autobiographical text There is nothing predictable about the mode or incidents he has chosen to write about this is literary memoir at its best and most inventive

Jackson has a fascination with the concept of personal metamorphosis the idea that a life can be dismantled and reassembled in a different country and set of relationships And throughout the story the author makes a pretty good fist of living the theory Jackson s experiences begin with his earnest portrayal of young adulthood in Wellington where he associates on the fringes with many of the literary figures of the early 1960s Bob Lowry Fleur Adcock James K Baxter R A K Mason and the artist McCahon Jackson finds himself homeless in London where he s drawn to help the poor and eventually finds his way to Cambridge where he stumbles upon anthropology His subsequent ethnographic fieldwork takes him to the Congo Sierra Leone and outback Australia Jackson makes it clear that our lives are barely our own they belong as much to the people the landscapes the influences of thought and ideology that absorb us He excels at the intensely personal and captivates with this masterful work *The Accidental Anthropologist* is a challenging and magnificent memoir much of it is spellbinding astute and disquieting

Supreme Fictions B. John, 1974-05-01 In grouping together in a single study the work of Blake Carlyle Yeats and D H Lawrence one becomes aware of a common tradition in which they all participate of certain shared principles attitudes and values and despite the individual inflexion of voice a common language No matter how distinct each author may be and the intrinsic individuality of each should not be underestimated that tradition is obviously Romantic and more particularly vitalist Moreover as one sees the continuation of that Romantic vitalism often to varying degrees and taking different forms in more contemporary writers from Dylan Thomas Richard Eberhart the American Beat writers of the fifties to Ted Hughes and more recently the Children of Albion one recognizes also that Yeats s prediction We were the last romantics was too gloomy in its finality

What Matters Most James Hollis, 2009 Why are we here What is the meaning of existence What truly matters the most in life To even begin to answer these questions we must start by exploring our own internal ideals values and beliefs Presenting the unique perspective of respected analyst and author James Hollis Ph D *What Matters Most* helps readers learn to appreciate even be amazed by events unfolding within even as the external world creates constant struggles

More Hooliganism Stories Mike Houlihan, **Poetry in the Making** Daniel Tyler, 2021 An edited collection on poetic creation in the Victorian period that studies nine major Victorian poets Wordsworth Tennyson Robert and Elizabeth Barrett Browning Clough Christina Rossetti Hopkins Swinburne and Yeats

Yeats and Alchemy William T. Gorski, 1996-01-04 This book traces the development of alchemical discourse in the work of W B Yeats His early essays and *Golden Dawn* transcripts demonstrate that for the poet the alchemist was both artist and initiate Gorski considers the themes of transformation apocalypse and futurity in relation to Yeats alchemical representations of the 1890s He uncovers Yeats postmodern trajectory to reconstitute the body history and material contingency which Yeats original Symbolist aesthetic sought to transcend for a world made wholly of essences Yeats and Alchemy bridges the resistant discourses of hermeticism and poststructuralism in alchemy s reclaiming of the culturally discarded value in its theorizing of construction and deconstruction and in its siting of the Other within the subject Discussions of previously unpublished Yeats

journals theorize on the Body's place and potential in spiritual transformation Gorski also highlights the role Yeats assigned to alchemy in marriage and in his turbulent partnership with Maud Gonne

Yeats Annual No. 8 Warwick Gould, 2016-07-27 Yeats Annual No 8 has two distinct themes Yeats's poetic technique and his aims for an Irish Theatre Essays from Helen Vendler Richard Taylor Timothy Armstrong and Wayne Chapman place the poetry under close scrutiny and offer challenging new studies Yeats himself writes the remaining essays including the long awaited first publication of his Wildean dialogue and an uncollected address on the Irish National Theatre delivered in 1934 Richard Londraville edits four of Yeats's lectures given in England and America in 1902 4

W. B. Yeats and the Language of Sculpture Jack Quin, 2022 A study of the relationship between literature and sculpture in the work of W B Yeats that draws on an extensive range of unpublished archival materials from the poet's early career in the late Victorian period and across his entire oeuvre of poetry plays and critical writing

Worlds Within and Worlds Without Michael Jackson, 2023-04-15 Anthropologist Michael Jackson predicates his intellectual autobiography *Worlds Within and Worlds Without* on the view that works and lives are intimately entangled Through a skillful interweaving of personal and ethnographic descriptions he focuses on the imaginative and practical ways human beings negotiate the space between worlds they call their own and worlds they regard as lying beyond their immediate purview Whether the worlds that elude our empirical grasp are identified with divinities or the dead ether or earth history or myth the Internet or the nation state we experience them ambivalently as potential sources of wellbeing and as possible threats to our very existence Closing ourselves off from the world is not an option for our humanity depends on the ties that bind us to significant others and others to us As Jackson shows the relationship between the familiar and the foreign is not only an existential issue that all human beings address in one way or another It is a methodological issue for anthropologists concerned with the complementarity of individual and collective perspectives ethnos and anthropos the intrapsychic and the intersubjective

Cosmopolitan Criticism and Postcolonial Literature R. Spencer, 2011-04-28 Via readings of novels by J M Coetzee Timothy Mo and Salman Rushdie and the later poetry of W B Yeats this book reveals how postcolonial writing can encourage the enlarged sense of moral and political responsibility needed to supplant ongoing forms of imperial violence with cosmopolitan institutions relationships and ways of thinking

Favourite Heroes and Holy People, 2008-12-20 An inspiring new book full of the influences which a particular hero heroine or inspiring holy person has had on the lives of a number of celebrated national figures

Modernism, Technology, and the Body Tim Armstrong, 1998-02-28 This book is a study of the relations between the body and its technologies in modernism Tim Armstrong traces the links between modernist literary texts and medical psychological and social theory across a range of writers including Yeats Henry James Eliot Stein and Pound Armstrong shows how modernist texts enact experimental procedures which have their origins in nineteenth century psychophysics biology and bodily reform techniques but within a context in which the body is reconceived and subjected to new modes of production representation and commodification

Drawing on a wide range of disciplines Armstrong challenges the received oppositions between technology and literature the instrumental and the aesthetic by demonstrating the leaky boundaries and complex interconnections between these domains This book offers a cultural history of modernism as it negotiated the enduring fact of the human body in a period of rapid technological change **Reading Yeats as A Romantic Antiquarian** DEBALINA ROYCHOWDHURY
