The Imagined Arctic in Speculative Fiction Maria Lindgren Leavenworth, 2023-07-31 The Imagined Arctic in Speculative Fiction explores the ways in which the Arctic is imagined and what function it is made to serve in a selection of speculative fictions non mimetic works that start from the implied question What if Spanning slightly more than two centuries of speculative fiction from the starting point in Mary Shelley's 1818 Frankenstein to contemporary works that engage with the vast ramifications of anthropogenic climate change analyses demonstrate how Arctic discourses are supported or subverted and how new Arctics are added to the textual tradition To illuminate wider lines of inquiry informing the way the world is envisioned humanity's place and function in it and more than human entanglements analyses focus on the function of the actual Arctic and how this function impacts and is impacted by speculative elements With effects of climate change training the global eye on the Arctic and as debates around future northern cultural economic and environmental sustainability intensify there is a need for a deepened understanding of the discourses that have constructed and are constructing the Arctic A careful mapping and serious consideration of both past and contemporary speculative visions thus illuminate the role the Arctic has played and may come to play in a diverse set of practices and fields **The Song Of The Dodo** David

Quammen, 2012-03-31 Why have island ecosystems always suffered such high rates of extinction In our age with all the world's landscapes from Tasmania to the Amazon to Yellowstone now being carved into island like fragments by human activity the implications of this question are more urgent than ever Over the past eight years David Quammen has followed the threads of island biogeography on a globe encircling journey of discovery Mysterious Creatures George M. Eberhart, 2002-12-17 A comprehensive guide to cryptozoology the quest to identify animals that have not been officially catalogued by science and to place these unknown animals into their proper zoological categories In this fascinating two volume encyclopedia author George M Eberhart provides a comprehensive catalog of nearly 1 000 cryptids unknown animals usually reported through eyewitness accounts and not yet described by science Cryptids are the stuff of folklore hoaxes and genuine scientific breakthroughs There are 400 now classified cryptids once considered either extinct or pure fantasy The cryptozoologist's job is to strip away the myth misidentification and mystery and separate fact from fiction Mysterious Creatures covers everything from dinosaurs and the emala ntouka an elephant killing dinosaur like animal of central Africa to searches for the Loch Ness monster Bigfoot and other cryptozoological hoaxes Entries about specific animals include the derivation or meaning of each cryptid's name its scientific name variant names a physical description behavior description of tracks habitat significant sightings present status and possible explanations Illustrations and photographs accompany many entries The book also includes resources and references for further information **Animation in Europe** Rolf Giesen, 2022-08-24 There is a lot one could say about animation in Europe but above all there is no consistent European animation It is as disparate as the various countries involved Audiences will certainly recognize American or Japanese animation but in Europe it can range
