China Review ,2004 **The Transculturation of Judge Dee Stories** Yan WEI,2022-09-07 This book views the Dutch sinologist Robert van Gulik's Judge Dee mysteries as a hybrid East West form of detective fiction and uses the concept of transculturation to discuss their hybrid nature with respect to their sources production and influence The Judge Dee mysteries authored by Robert van Gulik 1910-1967 were the first detective stories to be set in ancient China These hybrid narratives combine Chinese historical figures traditional Chinese crime literature and Chinese history and material culture with ratiocinative methods and psychoanalytic themes familiar from Western detective fiction This new subject and detective image won a global readership and the book discusses the innovations that van Gulik's Judge Dee mysteries brought to both Chinese gong'an literature and Western detective fiction Furthermore it introduces contemporary writers from different countries who specialize in writing detective fiction or gong'an novels set in ancient China The book will meet the interest of fans of Judge Dee stories throughout the world and will also appeal to both students and researchers of comparative literature Chinese literature and crime novels studies *Chinese Science Fiction* Hua Li,2021-06-22 The late 1970s to the mid 1980s a period commonly referred to as the post Mao cultural thaw was a key transitional phase in the evolution of Chinese science fiction This period served as a bridge between science popularization science fiction of the 1950s and 1960s and New Wave Chinese science fiction from the 1990s into the twenty first century Chinese Science Fiction during the Post Mao Cultural Thaw surveys the field of Chinese science fiction and its multimedia practice analysing and assessing science fiction works by well known writers such as Ye Yonglie Zheng Wenguang Tong Enzheng and Xiao Jianheng as well as the often overlooked tech science fiction writers of the post Mao thaw Exploring the socio political and cultural dynamics of science related Chinese literature during this period Hua Li combines close readings of original Chinese literary texts with literary analysis informed by scholarship on science fiction as a genre Chinese literary history and media studies Li argues that this science fiction of the post Mao thaw began its rise as a type of government backed literature yet it often stirred up controversy and received pushback as a contentious and boundary breaking genre Topically structured and interdisciplinary in scope Chinese Science Fiction during the Post Mao Cultural Thaw will appeal to both scholars and fans of science fiction
