

NO PEACE, NO HONOR

NIXON, KISSINGER,
AND BETRAYAL IN VIETNAM

"Berman delivers a crippling blow to the exorbitant claims
of [former President Nixon] and his foreign policy consigliere."

—STANLEY L. KUTLER, *The Washington Post*

LARRY BERMAN

No Peace No Honor Nixon Kissinger And Betrayal In Vietnam

Odd Arne Westad, Sophie Quinn-Judge

No Peace No Honor Nixon Kissinger And Betrayal In Vietnam:

No Peace, No Honor Larry Berman, 2001-09-23 In this shocking exposé on the betrayal of South Vietnam premier historian Larry Berman uses never before seen North Vietnamese documents to create a sweeping indictment against President Nixon and Henry Kissinger On April 30 1975 when U S helicopters pulled the last soldiers out of Saigon the question lingered Had American and Vietnamese lives been lost in vain When the city fell shortly thereafter the answer was clearly yes The Agreement on Ending the War and Restoring Peace in Vietnam signed by Henry Kissinger in 1973 and hailed as peace with honor by President Nixon was a travesty In **No Peace No Honor** Larry Berman reveals the long hidden truth in secret documents concerning U S negotiations that Kissinger had sealed negotiations that led to his sharing the Nobel Peace Prize Based on newly declassified information and a complete North Vietnamese transcription of the talks Berman offers the real story for the first time proving that there is only one word for Nixon and Kissinger's actions toward the United States former ally and the tens of thousands of soldiers who fought and died betrayal

New Perceptions of the Vietnam War Nathalie Huynh Chau Nguyen, 2014-12-12 The effects of the War outside present day Vietnam are ongoing Substantial Vietnamese communities in countries that participated in the conflict are contributing to renewed interpretations of it This collection of new essays explores changes in perceptions of the war and the Vietnamese diaspora examining history politics biography and literature with Vietnamese American Australian and French scholars providing new insights Twelve essays cover South Vietnamese leadership and policies women and civilians veterans overseas smaller allies in the war Australia accounts by U S Australian and South Vietnamese servicemen as well as those of Indigenous soldiers from the U S and Australia memorials and commemorations and the legacy of war on individual lives and government policy

Vietnam's American War Pierre Asselin, 2018-01-11 Communist forces in the Vietnam War lost most battles and suffered disproportionately higher casualties than the United States and its allies throughout the conflict The ground war in South Vietnam and the air war in the North were certainly important in shaping the fates of the victors and losers but they alone fail to explain why Hanoi bested Washington in the end To make sense of the Vietnam War we must look beyond the war itself In his new work Pierre Asselin explains the formative experiences and worldview of the men who devised communist strategies and tactics during the conflict and analyzes their rationale and impact Drawing on two decades of research in Vietnam's own archives including classified policy statements and reports Asselin expertly and straightforwardly relates the Vietnamese communist experience and the reasons the war turned out the way it did

The American Presidency Sidney M. Milkis, Michael Nelson, 2021-12-22 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it along with the influence individual presidents have had Authors Sidney Milkis and Michael Nelson look at each presidency broadly focusing on how individual presidents have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that

launched a modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger context of politics and government in the United States this award winning book offers perspective and insight on the limitations and possibilities of presidential power

Deadlock and Disillusionment Gary W. Reichard, 2016-02-22 Deadlock and Disillusionment American Politics Since 1968 is an insightful consideration of the events people and policy debates that have shaped and continue to influence even control the current political era Rejects conventional wisdom that the dominant force shaping recent American politics in the last half century has been the rise of the Right Considers the achievements and frustrations of each administration from Nixon to Obama in its assessment of contemporary U S politics Features authorship by an expert scholar in the field who takes a thematic rather than a partisan approach to recent American politics Offers a concise comprehensive and thoroughly up to date synthesis of the literature in the field and concludes with a comprehensive bibliographical essay an aid to student research

Nixon's Back Channel to Moscow Richard A. Moss, 2017-01-17 Most Americans consider the reduction of tensions between the United States and the Soviet Union to be among the Nixon administration's most significant foreign policy successes The diplomatic back channel that national security advisor Henry Kissinger established with Soviet ambassador Anatoly Dobrynin became the most important method of achieving this thaw in the Cold War Kissinger praised back channels for preventing leaks streamlining communications and circumventing what he perceived to be the US State Department's unresponsive and self interested bureaucracy Nixon and Kissinger's methods however were widely criticized by State Department officials left out of the loop and by an American press and public weary of executive branch prevarication and secrecy Richard A Moss's penetrating study documents and analyzes US Soviet back channels from Nixon's inauguration through what has widely been heralded as the apex of détente the May 1972 Moscow Summit He traces the evolution of confidential channel diplomacy and examines major flashpoints including the 1970 crisis over Cienfuegos Cuba the Strategic Arms Limitations Talks SALT US dealings with China deescalating tensions in Berlin and the Vietnam War Moss argues that while the back channels improved US Soviet relations in the short term the Nixon Kissinger methods provided a poor foundation for lasting policy Employing newly declassified documents the complete record of the Kissinger Dobrynin channel jointly compiled translated annotated and published by the US State Department and the Russian Foreign Ministry as well as the Nixon tapes Moss reveals the behind the scenes deliberations of Nixon his advisers and their Soviet counterparts Although much has been written about détente this is the first scholarly study that comprehensively assesses the central role of confidential diplomacy in shaping America's foreign policy during this critical era

The Cold War John Lamberton Harper, 2011-05-27 The East West struggle for supremacy from 1945 to 1989 shaped the lives of hundreds of millions and brought the world to the brink of disaster on several occasions More than two decades on the debate over its causes and dynamics is far from over Drawing on the latest archival evidence and scholarly research prize winning historian John Lamberton Harper provides a concise briskly

written assessment of the Cold War Why did it start and eventually envelope nearly every corner of the planet Why did it stay cold at least in its original European theatre Why did it end and who should take the credit Harper illuminates the deep seated behavioural patterns within both the Soviet Union and the United States the search for security through expansion and military might the belief in a messianic mission to uplift humanity but also a readiness to live and let live based on membership in a common state system and a shared interest in survival He stresses ways in which internal competitions for political power tilted both the U S and Soviet systems towards bellicosity and obsessive preparation for a hot war that no one seriously intended to begin It is a story of delusions of omnipotence and rash behavior punctuated by moments of redeeming statesmanship and self restraint Harper concludes that rather than triumphalism a clear look back at the Cold War s close calls with catastrophe and enormous cost in lives and treasure ought to evoke a sense of regret and humility as well as relief

A Companion to Richard M. Nixon Melvin Small,2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon s legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project

Exodus From Empire Terrence E. Paupp,2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global countermovement against the IMF and US hegemony

Liberty's Surest Guardian Jeremi Suri,2012-07-17 The American nation building creed Reconstruction after civil war Reconstruction after empire Reconstruction after fascism Reconstruction after Communist revolution Reconstruction after September 11 Conclusion The future of nation building

Making Sense of the Vietnam Wars Mark Philip Bradley,Marilyn B. Young,2008-04-30 Making sense of the wars for Vietnam has had a long history The question why

Vietnam dominated American and Vietnamese political life for much of the length of the wars and has continued to be asked in the decades since they ended This volume brings together the work of eleven scholars to examine the conceptual and methodological shifts that have marked the contested terrain of Vietnam War scholarship Editors Marilyn Young and Mark Bradley s superb group of renowned contributors spans the generations including those who were active during wartime along with scholars conducting research in Vietnamese sources and uncovering new sources in the United States former Soviet Union China and Eastern and Western Europe Ranging in format from top down reconsiderations of critical decision making moments in Washington Hanoi and Saigon to microhistories of the war that explore its meanings from the bottom up these essays comprise the most up to date collection of scholarship on the controversial historiography of the Vietnam Wars

Unwilling to Quit David L. Prentice,2023-08-22 Although US involvement in the Vietnam conflict began long before 1965 Lyndon Johnson s substantial large commitment of combat troops that year marked the official beginning of America s longest twentieth century war By 1969 after years of intense fighting and thousands of casualties an increasing number of Americans wanted the United States out of Vietnam Richard Nixon looked for a way to pull out while preserving the dignity of the United States at home and abroad and at the same time to support the anticommunist Republic of Vietnam Ultimately he settled on the strategy of Vietnamization the gradual replacement of US soldiers with South Vietnamese forces Drawing on newly declassified documents and international archives Unwilling to Quit dissects the domestic and foreign contexts of America s withdrawal from the Vietnam War David L Prentice demonstrates how congressional and presidential politics were a critical factor in Nixon s decision to abandon his hawkish sensibilities in favor of de escalation Prentice reframes Nixon s choices emphasizes Secretary of Defense Melvin Laird s outsized yet subtle role in the decision making process and considers how South Vietnam s Nguyen Van Thieu and North Vietnam s Le Duan decisively shaped the American exit Prentice brings Vietnamese voices into the discussion and underscores the unprecedented influence of American civilians on US foreign policy during the Vietnamization era

The Third Indochina War Odd Arne Westad,Sophie Quinn-Judge,2006-09-27 This book is the first international history of the Third Indochina War and features contributors from many different countries and scholarly traditions

The History of American Foreign Policy from 1895 Jerald A Combs,2015-02-12 This important text offers a clear concise and affordable narrative and analytical history of American foreign policy since the Spanish American War The book narrates events and policies but goes further to emphasize the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves

Where the Domino Fell James S. Olson,Randy W. Roberts,2011-09-23 Where the Domino Fell recounts the history of American involvement in Vietnam from the end of World War II clarifying the political aims military strategy and social and economic factors that contributed to the participants actions Provides an accessible concise narrative history of the Vietnam conflict A new final

chapter examines Vietnam through the lens of Oliver Stone's films and opens up a discussion of the War in popular culture. A chronology, a glossary, and a bibliography all serve as helpful reference points for students.

US Presidential Elections and Foreign Policy Andrew Johnstone, Andrew Priest, 2017-05-05 While domestic issues loom large in voters' minds during American presidential elections, matters of foreign policy have consistently shaped candidates and their campaigns. From the start of World War II through the collapse of the Soviet Union, presidential hopefuls needed to be perceived as credible global leaders in order to win elections, regardless of the situation at home, and voter behavior depended heavily on whether the nation was at war or peace. Yet there is little written about the importance of foreign policy in US presidential elections or the impact of electoral issues on the formation of foreign policy. In *US Presidential Elections and Foreign Policy*, a team of international scholars examines how the relationship between foreign policy and electoral politics evolved through the latter half of the twentieth century. Covering all presidential elections from 1940 to 1992, from debates over American entry into World War II to the aftermath of the Cold War, the contributors correct the conventional wisdom that domestic issues and the economy are always definitive. Together, they demonstrate that while international concerns were more important in some campaigns than others, foreign policy always matters and is often decisive. This illuminating commentary fills a significant gap in the literature on presidential and electoral politics, emphasizing that candidates' positions on global issues have a palpable impact on American foreign policy.

America's Cold War Campbell Craig, Fredrik Logevall, 2012-03-05 In a brilliant new interpretation, Campbell Craig and Fredrik Logevall reexamine the successes and failures of America's Cold War. The United States dealt effectively with the threats of Soviet predominance in Europe and of nuclear war in the early years of the conflict. But by engineering this policy, American leaders successfully paved the way for domestic actors and institutions with a vested interest in the struggle's continuation. Long after the USSR had been effectively contained, Washington continued to wage a virulent Cold War that entailed a massive arms buildup, wars in Korea and Vietnam, the support of repressive regimes and counterinsurgencies, and a pronounced militarization of American political culture.

America at the Ballot Box Gareth Davies, Julian E. Zelizer, 2015-07-29 Elections are and always have been the lifeblood of American democracy. Often raucous and sharply contentious, sometimes featuring grand debates about the nation's future and invariably full of dramatic moments, elections offer insight into the character and historical evolution of American politics. *America at the Ballot Box* uses the history of presidential elections to illuminate American political democracy and its development from the early Republic to the late twentieth century. Some of the contributions in *America at the Ballot Box* focus on elections that resulted in dramatic political change, including Jefferson's defeat of Adams in 1800, the 1860 election of Lincoln, and Reagan's 1980 landslide victory. Others concentrate on contests whose importance lies more in the way they illuminate the broad underlying processes of political change, such as the corruption controversy of Cleveland's acrimonious election in 1884 or the advent of television advertising during the 1952 campaign when Eisenhower defeated Stevenson. Another set of essays takes a thematic

approach exploring the impact of foreign relations Anglophobia and political communications over long periods of electoral time Uniting all of the chapters is the common conviction that elections provide a unique vantage point from which to view the American political system Ranging from landmark contests to less influential victories and defeats the essays by leading political historians seek to rehabilitate the historical significance of presidential elections and integrate them into the broader evolution of American government policies and politics Contributors Brian Balogh Gareth Davies Meg Jacobs Richard R John Kevin M Kruse Jeffrey L Pasley Andrew Preston Elizabeth Sanders Bruce J Schulman Jay Sexton Adam I P Smith Sean Wilentz Julian E Zelizer

The Last American Diplomat George W. Liebmann, 2012-01-27 Can John D Negroponte be described as The Last American Diplomat In a career spanning 50 years of unprecedented American global power he was the last of a dying breed of patrician diplomats devoted to public service a self effacing and ultimate insider whose prime duty was to advise guide and warn a bulwark of traditional diplomatic realism against ideologue excess Negroponte served as US ambassador to Honduras Mexico the Philippines and Iraq he was US Permanent Representative to the UN Director of National Intelligence and Deputy Secretary of State to George W Bush His was a high flying and seemingly conventional career but one full of surprises Negroponte opposed Kissinger in Vietnam supported a proxy war but opposed direct American military action against Marxists in Central America facing bitter Congress opposition in the process He swam against the floodtide of George W Bush s neocon dominated administration warning against the Iraq war as a possible new Vietnam and criticising aspects of Bush s War on Terror He disconcerted the administration by arguing that the re establishment of Iraq would take as long as five years And he was influential in international social and economic policy working for the successful re settlement of millions of refugees in Southeast Asia following the Vietnam War issuing early warnings about the scourge of AIDS in Africa and successfully launching the North American Free Trade Agreement NAFTA George W Liebmann s incisive account is based on personal and shared experience but it is no hagiography beyond the author s discussions with Negroponte this book is deeply researched in US state papers and includes interviews with leading actors It will provide fascinating reading for anyone interested in the inside story of American diplomacy showing personal and policy struggles and the underlying fissures present even in the world s last remaining superpower

If you ally compulsion such a referred **No Peace No Honor Nixon Kissinger And Betrayal In Vietnam** book that will present you worth, acquire the unquestionably best seller from us currently from several preferred authors.
