Any man who says he is an American, but something else also, isn’t an American at all. . .We have room for but one flag, the American flag. . .We have room for but one language here, and that is the English language. . .and we have room for but one sole loyalty and that is a loyalty to the American people.”**

**Selected Political Essays** Orestes Augustus Brownson, Born in Vermont while Thomas Jefferson was president and dying in Detroit while Rutherford B Hayes was president Orestes Brownson knew practically everybody and wrote about practically everything in the nineteenth century Called by some a Marxist before Marx he travelled from various forms of radicalism and religion to political conservatism and religious orthodoxy His socialist roots made him a formidable adversary to Marxist thought in his maturity In his first principles Brownson came to stand at the opposite pole from Ralph Waldo Emerson among his friends was John C Calhoun He set himself against both Abraham Lincoln and Jefferson Davis arguing that authority and liberty both are necessary for a commonwealth Brownson maintained that pure democracy and social equality are death to civilization and liberty that the moral principles taught by the Church deny the rectitude of leveling egalitarianism and that those who would preserve the justice and freedom of the American Republic must resist the degradation of the democratic dogma With force and penetrating intellect Brownson reminded Americans that they must respect the wisdom of traditional values By calling for restraints on American materialism and individualism he did not make himself popular in his time But as Russell Kirk makes clear in his new introduction Brownson s ideas have had continuing influence just as his thought has reentered American political discourse Publication of his essays as part of the Library of Conservative Thought is particularly timely
