strange things that have happened in Number Land but they learned much more than this for the story teller told them much that was interesting about the way in which boys and girls used to write in centuries long past how Ching wrote on palm leaves and Lugal on bricks About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Number Stories of Long Ago (Color Edition) (Yesterday's Classics)* David Eugene Smith,2022-02-25 **Number Stories of Long Ago** D.
