reign from 1706 to 1750 where the early fortepiano was frequently heard In Portuguese Piano Music Harper explores this rich musical tradition offering a brief introduction to the pianistic history of Portugal and overviews of Portugal s contributions to solo piano music piano in instrumental chamber music piano concerti piano for multiple pianists including with works with electronics and didactic piano While paying close attention to female composers Harper adds an annotated and graded bibliography that presents readers with a comprehensive inventory of compositions Appendixes include a selected discography list of publishers and other types of critical source information To further illustrate its contents Portuguese Piano Music contains a CD on which Harper performs representative repertoire some of which are world premieres This work is aimed at pianists teachers pupils musicologists and music lovers seeking to discover the remarkable world of Portuguese piano music      **New York Magazine** ,1976-04-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **Asian American Society** Mary Yu Danico,2014-08-19 Asian Americans are a growing minority population in the United States After a 46 percent population growth between 2000 and 2010 according to the 2010 Census there are 17.3 million Asian Americans today Yet Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian origin subgroups that defy simplistic descriptions or generalizations They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a model minority for the generalized attributes offered uncritically in many media depictions Asian American Society An Encyclopedia provides a thorough introduction to the wide ranging and fast developing field of Asian American studies Published with the Association for Asian American Studies AAAS two volumes of the four volume encyclopedia feature more than 300 A to Z articles authored by AAAS members and experts in the field who examine the social cultural psychological economic and political dimensions of the Asian American experience The next two volumes of this work contain approximately 200 annotated primary documents organized chronologically that detail the impact American society has had on reshaping Asian American identities and social structures over time Features More than 300 articles authored by experts in the field organized in A to Z format help students understand Asian American influences on American life as well as the impact of American society on reshaping Asian American identities and social structures over time A core collection of primary documents and key demographic and social science data provide historical context and key information A Reader s Guide groups related entries by broad topic areas and themes a Glossary defines key terms and a Resource Guide provides lists of books academic journals websites and cross references The multimedia digital edition is enhanced with 75 video clips and features strong search and browse capabilities through the electronic Reader s Guide
