Nuns Diary:

The Life of Nuns Henrike Lähnemann, Eva Schlotheuber, 2024-06-21 In the Middle Ages half of those who chose the religious life were women yet historians have overlooked entire generations of educated feisty capable and enterprising nuns condemning them to the dusty silence of the archives What though were their motives for entering a convent and what was their daily routine behind its walls like How did they think live and worship both as individuals and as a community How did they maintain contact with the families and communities they had left behind Henrike Lähnemann and Eva Schlotheuber offer readers a vivid insight into the largely unknown lives and work of religious women in the fifteenth and sixteenth centuries Using previously inaccessible personal diaries and letters as well as tapestries painting architecture and music the authors show that the nuns were in fact an active even influential part of medieval society They functioned as role models and engaged in spirited dialogue with other convents with the citizens of their home towns and with the local nobility Full of self confidence they organised their demanding daily lives ran their complex convent economies as successful businesses offered girls a comprehensive theological musical and practical education produced magnificent manuscripts ministered to the convent sick and dying with homemade medicines and to family and friends with advice Initially and fiercely they resisted the Reformation only for some of the convents to survive as Protestant women's foundations to this day Now for the first time in centuries this account by Henrike Lähnemann and Eva Schlotheuber allows the voices of these remarkable women to be heard outside the cloister and to invite us into their world

Refugee Nuns, the French Revolution, and British Literature and Culture Tonya J. Moutray, 2016-03-22 In eighteenth century literature negative representations of Catholic nuns and convents were pervasive Yet during the politico religious crises initiated by the French Revolution a striking literary shift took place as British writers championed the cause of nuns lauded their socially relevant work and addressed the attraction of the convent for British women Interactions with Catholic religious including priests and nuns Tonya J Moutray argues motivated writers including Hester Thrale Piozzi Helen Maria Williams and Charlotte Smith to reevaluate the historical and contemporary utility of religious refugees Beyond an analysis of literary texts Moutray's study also examines nuns personal and collective narratives as well as news coverage of their arrival to England enabling a nuanced investigation of a range of issues including nuns displacement and imprisonment in France their rhetorical and practical strategies to resist authorities representations of refugee migration to and resettlement in England relationships with benefactors and locals and the legal status of English nuns and convents in England including their work in recruitment and education Moutray shows how writers and the media negotiated the multivalent figure of the nun during the 1790s shaping British perceptions of nuns and convents during a time critical to their survival

Models of Charitable Care:

Catholic Nuns and Children in their Care in Amsterdam, 1852-2002 Annelies van Heijst, 2008-06-30 Models of Charitable Care analyses the practice of Catholic nuns in Amsterdam in the 19th and 20th century Attention is paid to the ambiguous ascetic spiritual discourse that underpinned their work it encouraged charity as solidarity with strangers but caused intense emotional distance too Historiography is mainly manufactured by religious and lay academics who shared the congregational perspective and presented fairly positive evaluations Criticism from within however is voiced by care leavers who grew up in homes ran by religious Some are grateful others bitter The sisters were living models who combined an anti worldly outlook with a practical concern for vulnerable creatures Relating various theoretical interpretations a typology of three models is developed with agency as the differentiating criterion

Irish Nuns and Education in the Anglophone World Deirdre Raftery, 2024-01-08 This book charts the history of how Irish born nuns became involved in education in the Anglophone world It presents a heretofore undocumented study of how these women left Ireland to establish convent schools and colleges for women around the globe It challenges the dominant narrative that suggests that Irish teaching Sisters also commonly called nuns were part of the colonial project and shows how they developed their own powerful transnational networks Though they played a role in the education of the daughters of the Empire they retained strong bonds with Ireland reproducing their own Irish education in many parts of the Anglophone world

Medicine River Mary Annette Pember, 2025-04-22 A sweeping and trenchant exploration of the history of Native American boarding schools in the United States and the legacy of abuse wrought by them in an attempt to destroy Native culture and life From the mid nineteenth century to the late 1930s tens of thousands of Native children were pulled from their tribal communities to attend boarding schools whose stated aim was to save the Indian by way of assimilation In reality these boarding schools sponsored by the U S government but often run by various religious orders with little to no regulation were a calculated attempt to dismantle tribes by pulling apart Native families Children were beaten for speaking their Native languages denied food clothing and comfort and forced to work menial jobs in terrible conditions all while utterly deprived of love and affection Amongst those thousands of children was Ojibwe journalist Mary Pember s mother who was sent to a boarding school in northern Wisconsin at age five The

trauma of her experience cast a pall over Pember's own childhood and her relationship with her mother. Highlighting both her mother's experience and the experiences of countless other students at such schools, their families and their children, Medicine River paints a stark but hopeful portrait of communities still reckoning with the trauma of acculturation, religion and abuse caused by the state. Through searing interviews and careful reporting, Pember traces the evolution and continued rebirth of Native cultures and nations in relation to the country that has been intent on eradicating them.

The Princess Nun Gina Cogan, 2020-05-11 The Princess Nun tells the story of Bunchi, 1619-1697, daughter of Emperor Go Mizunoo and founder of Enshu-ji. Bunchi advocated strict adherence to monastic precepts while devoting herself to the posthumous welfare of her family. As the first full-length biographical study of a premodern Japanese nun, this book incorporates issues of gender and social status into its discussion of Bunchi's ascetic practice and religious reforms to rewrite the history of Buddhist reform and Tokugawa religion. Gina Cogan's approach moves beyond the dichotomy of oppression and liberation that dogs the study of non-Western and premodern women to show how Bunchi's aristocratic status enabled her to carry out reforms despite her gender while simultaneously acknowledging how that same status contributed to their conservative nature. Cogan's analysis of how Bunchi used her prestigious position to further her goals places the book in conversation with other works on powerful religious women like Hildegard of Bingen and Teresa of Avila. Through its illumination of the relationship between the court and the shogunate and its analysis of the practice of courtly Buddhism from a female perspective, this study brings historical depth and fresh theoretical insight into the role of gender and class in early Edo Buddhism.

American Colonial Women and Their Art Mary Ellen Snodgrass, 2017-11-10 Less celebrated than their male counterparts, women have been vital contributors to the arts. Works by women of the colonial era represent treasured accomplishments of American culture and still impress us today centuries after their creation. The breadth of creative expression is as impressive as the women themselves. In *American Colonial Women and Their Art: A Chronological Encyclopedia*, Mary Ellen Snodgrass follows the history of creative expression from the early 1600s to the late 1700s. Drawing upon primary sources such as letters, diaries, travel notes, and journals, this timeline encompasses a wide variety of artistic accomplishment, such as stitching, quilting, and rug hooking; painting, sculpture, and sketches; essays, poems, and other writings; dance, acting, and oratory; musical composition and performance. Individual talents highlighted in this volume include miniature portraits by Mary Roberts, pastel likenesses by Henrietta Dering Johnston, stagecraft by Elizabeth Sampson Sullivan, Ashbridge basketry by Namumpum Weetamoo, dance by Mary Stagg, metalwork by blacksmith Elizabeth Hager Pratt, calligraphy by Anna Anastasia Thomas, Western city planning by Deborah Dunch Moody, poems and essays by Phillis Wheatley, and fabric design by Anne Pogue McGinty. Featuring appendices that list individuals by skill and by state, as well as a glossary,

that clarifies the parameters of genres this volume is essential to the study of Colonial women's art Resurrecting the efforts of women to record adorn and illustrate the spirit of their times American Colonial Women and Their Art is a valuable resource that will be of interest to students and scholars of gender and women's studies art history and American history

The Downside Review, 1896 **Church History of England from the Commencement of the Sixteenth Century to the Revolution in 1688** Charles Dodd, 1839 *If Nuns Were Wives* Shani Chen, 2017-09-26 A unique guide to bringing faith devotion and reverence to your marriage by a wife and mother who almost took her holy vows At one time Shani Chen wanted nothing more than to renounce worldly life by becoming a nun But after years of following a devoutly religious path it was the nuns themselves who told Shani that she would find her calling elsewhere Years later she built a fulfilling life for herself as a loving wife and mother One day to her surprise she realized that the lessons that she had learned from the nuns were actually helping her in married life and that when other couples she knew were struggling she seemed to know how to help If Nuns Were Wives is a handbook for wives on how to thrive in marriage using the perspective of a nun With an unconventional engaging style Chen takes her reader on a spiritual journey founded on the realities of love and marriage and transcending dogma and religion building the role of the American wife into a new temple for relationships *The Church History of England, from the Year 1500, to the Year 1688. Coburn, Martha Smith, 2005-10-12 Made doubly marginal by their gender and by their religion American nuns have rarely been granted serious scholarly attention Instead their lives and achievements have been obscured by myths or distorted by stereotypes Placing nuns into the mainstream of American religious and women's history for the first time Spirited Lives reveals their critical impact on the development of Catholic culture and ultimately the building of American

society Focusing on the Sisters of St Joseph of Carondelet one of the largest and most diverse American sisterhoods Carol Coburn and Martha Smith explore how nuns directly influenced the lives of millions of Americans both Catholic and non Catholic through their work in schools hospitals orphanages and other social service institutions Far from functioning as passive handmaidens for Catholic clergy and parishes nuns created financed and administered these institutions struggling with and at times resisting male secular and clerical authority A rich and multifaceted narrative Spirited Lives illuminates the intersection of gender religion and power in nineteenth and early twentieth century America The Family Memoirs of the Rev.
