Nurses Enslaved:

Women and Slavery in Nineteenth-century Colonial Cuba Sarah L. Franklin, 2012 Scholars have long recognized the importance of gender and hierarchy in the slave societies of the New World yet gendered analysis of Cuba has lagged behind study of other regions Cuban elites recognized that creating and maintaining the Cuban slave society required a rigid social hierarchy based on race gender and legal status Given the dramatic changes that came to Cuba in the wake of the Haitian Revolution and the growth of the enslaved population the maintenance of order required a patriarchy that placed both women and slaves among the lower ranks Based on a variety of archival and printed primary sources this book examines how patriarchy functioned outside the confines of the family unit by scrutinizing the foundation on which nineteenth century Cuban patriarchy rested This book investigates how patriarchy operated in the lives of the women of Cuba from elite women to slaves Through chapters on motherhood marriage education public charity and the sale of slaves insight is gained into the role of patriarchy both as a guiding ideology and lived history in the Caribbean s longest lasting slave society Publisher s description

Slavery in Early Christianity Jennifer A. Glancy, 2024-03-12 A classic work that exposed the centrality of enslaved people and slaveholders in early Christian circles In this expanded edition the distinguished scholar Jennifer A Glancy reflects upon recent discoveries and future trajectories related to the study of ancient slavery s impact on Christianity s development What if the stories traditionally told about slavery as something peripheral or contradictory to Christianity s emergence are wrong This book contends that some of the most cherished Christian texts from Jesus and the apostle Paul prioritized the perspectives of slaveholders Jennifer A Glancy highlights how the strong metaphorical uses of slavery in early Christian discourse can t be disconnected from the reality of enslaved people and their bodies Deftly maneuvering among biblical texts material evidence and the literary and philosophical currents of the Greco Roman world she situates early Christian slavery in its broader cultural setting Glancy s penetrating study into slavery s impact on early Christianity from the pages of the New Testament to the branded collars used by Christians who held people in bondage will be of interest to those asking questions about slavery power and freedom in the long arc of history

Motherhood, Childlessness and the Care of Children in Atlantic Slave Societies Camillia Cowling, Maria Helena Pereira Toledo Machado, Diana Paton, Emily West, 2020-05-21 This book provides critical perspectives on the multiple forms of mothering that took place in Atlantic slave societies Facing repeated child death mothering was a site of trauma and grief for many even as slaveholders romanticized enslaved women s work in caring for slaveholders children Examining a wide range of societies including medieval Spain Brazil and New England and including the work of historians based in Brazil Cuba the United States and Britain this collection breaks new ground in demonstrating the importance of mothering for the perpetuation of slavery and the complexity of the experience of motherhood in such circumstances This pathbreaking collection on all aspects of the experience politics and representations of motherhood under Atlantic slavery analyses societies across the Atlantic world and

will be of interest to those studying the history of slavery as well as those studying mothering throughout history This book comprises two special issues originally published in Slavery Abolition and Women s History Review **Contested Bodies** Sasha Turner,2017-05-05 It is often thought that slaveholders only began to show an interest in female slaves reproductive health after the British government banned the importation of Africans into its West Indian colonies in 1807 However as Sasha Turner shows in this illuminating study for almost thirty years before the slave trade ended Jamaican slaveholders and doctors adjusted slave women s labor discipline and health care to increase birth rates and ensure that infants lived to become adult workers Although slaves interests in healthy pregnancies and babies aligned with those of their masters enslaved mothers healers family and community members distrusted their owners medicine and benevolence Turner contends that the social bonds and cultural practices created around reproductive health care and childbirth challenged the economic purposes slaveholders gave to birthing and raising children Through powerful stories that place the reader on the ground in plantation era Jamaica Contested Bodies reveals enslaved women s contrasting ideas about maternity and raising children which put them at odds not only with their owners but sometimes with abolitionists and enslaved men Turner argues that as the source of new labor these women created rituals customs and relationships around pregnancy childbirth and childrearing that enabled them at times to dictate the nature and pace of their work as well as their value Drawing on a wide range of sources including plantation records abolitionist treatises legislative documents slave narratives runaway advertisements proslavery literature and planter correspondence Contested Bodies yields a fresh account of how the end of the slave trade changed the bodily experiences of those still enslaved in Jamaica **Child Care Justice** Maurice Sykes,Kyra Ostendorf,2022 Join the authors of this book in starting a movement of hope and possibility for an antiracist child care and early childhood education system This volume disrupts mental models regarding where the work of early care and education began with enslaved African women and how the stigma of that beginning relegates present day child care workers to a low status low wage field of practice Expert authors contribute their wisdom experience research and practical knowledge on issues related to equity and social justice They examine the oppressive historical political economic educational and cultural systems that continue to oppress early care educators and by extension racialized children and children in poverty The interrogation and litigation of past and current issues and grievances of injustice and inequities in the field are addressed while threading the needle of social justice and critical consciousness throughout the chapters Child Care Justice calls on educators activists and their allies to rethink reimagine and reconstruct a more equitable and just system for all who receive and provide care to our nation s youngest of children When historically marginalized child care workers are held in high esteem then and only then will America live up to its promise of liberty and justice for all Book Features Centers the historic and current oppression of Black people in the United States as foundational to the disregard for childcare workers today Uses Paulo Freire s critical consciousness framework to guide readers to see analyze and act Calls for a multiracial coalition

undermining the power of social movements and justifying women's marginalization within them. For other ordinary people, collective action gave them the means to survive and fight against such hostilities. What resulted were powerful new forms of horizontal reciprocity and solidarity that allowed people to provide each other with the bread, beans, and comradeship of daily life. The New Deal, when it arrived, provided vital resources to many, but others were cut off from its full benefits, especially if they were women or people of color. What Can We Learn from the Great Depression shows us how we might look to the past to think about how we can shape the future of our own failed economy. These lessons can also help us imagine and build movements to challenge such an economy and to transform the state as a whole in service to the common good without replicating racism and patriarchy.

Gender and International Criminal Law Indira Rosenthal, Valerie Oosterveld, Susana SáCouto, 2022-06-16 The last few decades have seen remarkable developments in international criminal justice, especially in relation to the pursuit of individuals responsible for sexual violence and other gender-based crimes. Historically ignored, justified, or minimised, this category of crimes now has a heightened profile in the international political and judicial arena. Despite this, gender is poorly understood, and blind spots, biases, and stereotypes prevail. This book brings together leading feminist international criminal and humanitarian law academics and practitioners to examine the place of gender in international criminal law (ICL). It identifies and analyses past and current narrow understandings of gender, before considering how a limited conceptualization affects accountability efforts. The authors consider how best to implement a more nuanced understanding of gender in the practice of international criminal law by identifying possible responses, including embedding a sophisticated gender strategy into the practice of ICL, the gender-sensitive application of international human rights and humanitarian law, and encouraging a gender-competent approach to judging in ICL. The authors' aim is to strengthen efforts for accountability for all atrocity crimes: war crimes, crimes against humanity, genocide, and aggression.

Neither Lady nor Slave Susanna Delfino, Michele Gillespie, 2003-10-15 Although historians over the past two decades have written extensively on the plantation mistress and the slave woman, they have largely neglected the world of the working woman. Neither Lady nor Slave pushes southern history beyond the plantation to examine the lives and labors of ordinary southern women, white, free, black, and Indian. Contributors to this volume illuminate women's involvement in the southern market economy in all its diversity. Thirteen essays explore the working lives of a wide range of women: nuns and prostitutes, iron workers and basket weavers, teachers and domestic servants in urban and rural settings across the antebellum South. By highlighting contrasts between paid and unpaid, officially acknowledged and invisible work within the context of cultural attitudes regarding women's proper place in society, the book sheds new light on the ambiguities that marked relations between race, class, and gender in the modernizing South. The contributors are E. Susan Barber, Bess Beatty, Emily Bingham, James Taylor Carson, Emily Clark, Stephanie Cole, Susanna Delfino, Michele Gillespie, Sarah Hill, Barbara J. Howe, Timothy J. Lockley, Stephanie McCurry, Diane Batts Morrow, and Penny L. Richards.

The Colonization of Black

Sexualities Anne Mauro, 2023-05-18 Anne Mauro invites therapists to look through a historical lens to view how the harmful effects of colonization and white supremacy impact their Black clients' sexuality in the modern day. Written from her unique position as a sex therapist and biracial Black woman, Mauro believes that by relearning the history of sexual trauma on African American bodies, clinicians can better assess their clients' intergenerational trauma and inform their work and practice. Chapters address how the patriarchy was an agent in colonization, the impact of colonization on ethnosexuality, slavery and sexuality, ethnosexual historical traumas, and their impact on modern day American sexual behavior and the continuing effects of sexual violence and sexual health disparities in young Black women and girls. With reflective questions woven throughout, the final chapter guides the therapist through clinical practices meant for grounding, healing, and the promotion of authenticity within this work. It offers tangible insights into dismantling oppressive practices and integrating the material into the reader's personal and professional lives. The book is essential reading for students of gender studies, human sexuality, and race studies, as well as all mental health professionals such as sex therapists, marriage and family therapists, and clinical social workers.

Black Female Intellectuals in Nineteenth Century America Rebecca J. Fraser, 2022-12-30 Drawing on letters, personal testimony, works of art, novels, and historic Black newspapers, this book is an interdisciplinary exploration of Black women's contributions to the intellectual life of nineteenth century America. *Black Female Intellectuals in Nineteenth Century America* reconceptualizes the idea of what the term intellectual means through its discussions of both familiar and often forgotten Black women, including Edmonia Lewis, Harriet Powers, Sojourner Truth, and Harriet Tubman, amongst others. This re-envisioning brings those who have previously been excluded from the scholarship of Black intellectualism more generally and Black female intellectuals specifically into the center of the debate. Importantly, it also situates the histories of Black women participating in the intellectual cultures of the United States much earlier than most previous scholarship. This book will be of interest to both undergraduate and postgraduate specialists and students in the fields of African American history, women's and gender history, and American studies, as well as general readers interested in historical and biographical works.

Humans in Shackles Ana Lucia Araujo, 2024-10-19 A sweeping narrative history of the Atlantic slave trade and slavery in the Americas. During the era of the Atlantic slave trade, more than twelve million enslaved Africans were forcibly transported to the Americas in cramped, inhumane conditions. Many of them died on the way, and those who survived had to endure further suffering in the violent conditions that met them onshore. Covering more than three hundred years, *Humans in Shackles* grapples with this history by foregrounding the lived experience of enslaved people in tracing the long, complex history of slavery in the Americas. Based on twenty years of research, this book not only serves as a comprehensive history; it also expands that history by providing a truly transnational account that emphasizes the central role of Brazil in the Atlantic slave trade. Additionally, it is deeply informed by African history and shows how African practices and traditions survived and

persisted in the Americas among communities of enslaved people Drawing on primary sources including travel accounts pamphlets newspaper articles slave narratives and visual sources such as artworks and artifacts Araujo illuminates the social cultural and religious lives of enslaved people working in plantations and urban areas building families and cultivating affective ties congregating and re creating their cultures and organizing rebellions Humans in Shackles puts the lived experiences of enslaved peoples at the center of the story and investigates the heavy impact these atrocities have had on the current wealth disparity of the Americas and rampant anti Black racism

Medieval and Renaissance Lactations Jutta Gisela Sperling, 2016-04-22 The premise of this volume is that the ubiquity of lactation imagery in early modern visual culture and the discourse on breastfeeding in humanist religious medical and literary writings is a distinct cultural phenomenon that deserves systematic study Chapters by art historians social and legal historians historians of science and literary scholars explore some of the ambiguities and contradictions surrounding the issue and point to the need for further study in particular in the realm of lactation imagery in the visual arts This volume builds on existing scholarship on representations of the breast the iconography of the Madonna Lactans allegories of abundance nature and charity women mystics food centered practices of devotion the ubiquitous practice of wet nursing and medical theories of conception It is informed by studies on queer kinship in early modern Europe notions of sacred eroticism in pre tridentine Catholicism feminist investigations of breastfeeding as a sexual practice and by anthropological and historical scholarship on milk exchange and ritual kinship in ancient Mediterranean and medieval Islamic societies Proposing a variety of different methods and analytical frameworks within which to consider instances of lactation imagery breastfeeding practices and their textual references this volume also offers tools to support further research on the topic

Sexuality and Slavery Daina Ramey Berry, Leslie M. Harris, 2018-10 In this groundbreaking collection editors Daina Ramey Berry and Leslie M Harris place sexuality at the center of slavery studies in the Americas the United States the Caribbean and South America While scholars have marginalized or simply overlooked the importance of sexual practices in most mainstream studies of slavery Berry and Harris argue here that sexual intimacy constituted a core terrain of struggle between slaveholders and the enslaved These essays explore consensual sexual intimacy and expression within slave communities as well as sexual relationships across lines of race status and power Contributors explore sexuality as a tool of control exploitation and repression and as an expression of autonomy resistance and defiance

The Boundaries of Freedom Brodwyn Fischer, Keila Grinberg, 2023-08-17 The Boundaries of Freedom brings together for the first time in English writings on the social and cultural history of Brazilian slavery emphasizing the centrality of slavery abolition and Black subjectivity in the forging of modern Brazil Nearly five million enslaved Africans were forced to Brazil s shores over four and a half centuries making slavery integral to every aspect of its colonial and national history stretching beyond temporal and geographical boundaries This book introduces English language readers to a paradigm shifting renaissance in Brazilian scholarship that has taken place in the past several decades upending

longstanding assumptions on slavery's relation to law property sexuality and family reconceiving understandings of slave economies and engaging with issues of agency autonomy and freedom These vibrant debates are explored in fifteen essays that place the Brazilian experience in dialogue with the afterlives of slavery worldwide This title is also available as Open Access on Cambridge Core

Birthing Romans Anna Bonnell Freidin, 2024-05-21 How Romans coped with the anxieties and risks of childbirth Across the vast expanse of the Roman Empire anxieties about childbirth tied individuals to one another to the highest levels of imperial politics even to the movements of the stars Birthing Romans sheds critical light on the diverse ways pregnancy and childbirth were understood experienced and managed in ancient Rome during the first three centuries of the Common Era In this beautifully written book Anna Bonnell Freidin asks how inhabitants of the Roman Empire especially women and girls understood their bodies and constructed communities of care to mitigate and make sense of the risks of pregnancy and childbirth Drawing on medical texts legal documents poetry amulets funerary art and more she shows how these communities were deeply human yet never just human Freidin demonstrates how patients and caregivers took their place alongside divine and material agencies to guard against the risks inherent to childbearing She vividly illustrates how these efforts and vital networks offer a new window onto Romans' anxieties about order hierarchy and the individual's place in the empire and cosmos Unearthing a risky world that is both familiar and not our own Birthing Romans reveals how mistakes misfortunes and interventions in childbearing were seen to have far reaching consequences reverberating across generations and altering the course of people's lives their family histories and even the fate of an empire
