Laura R. Merker

Nursing Career Ladders:

Career Ladders ,1984 Recognizing the need to provide an environment that supports the professional growth of individual nurses the Cabinet on Nursing Services of the American Nurses Association developed this document on career ladder programs for nurses It is designed to serve as a resource for individuals who are charged with initiating and implementing career ladder programs within a health care organization Preface page 5 **Nursing Career Ladders** Joyce Alt,Gary R. Houston,1986 **Nursing Career Ladders** Donna Semeniuk,1983 **The Clinical Career Ladder** Laura R. Merker,1985 The Path to Building a Successful Nursing Career Jennifer M. Manning,2020-12-14 This textbook provides a one stop reference resource and guide for nurses interested in advancing their careers It addresses self assessment goal setting and self discipline as well as academic paths and non academic career paths and includes two chapters on strategic path development covering internal motivation risk taking work life balance work environment networking professional membership and mentorship Lastly the book discusses professional growth topics such as civility burnout professional development and keeping informed and explores specific professionalism topics like professional behavior ethics social media and executive presence Intended for nurses at any level this textbook examines topics relevant to today s nursing professionals and offers guidance on building a successful nursing career It also helps student nurses create a path for their career and professional growth both during their training program and beyond Management and Leadership for Nurse Managers Russell C. Swansburg,1996 This edition of the highly acclaimed Management and Leadership for Nurse Managers offers theoretical and practical perspectives on the major management functions as they are practiced in today s organizations The author introduces current and future nurse managers to the challenges of planning organizing leading and controlling The most recent research on management theory is incorporated throughout the book in the context of its practical application New coverage includes total quality management pay for performance the rising temporary workforce and downsizing **Management and Leadership for Nurse Administrators** Linda Roussel,Richard J. Swansburg,Russell C. Swansburg,2006 Designed for the management and development of professional nurses this text provides management concepts and theories giving professional administrators theoretical and practical knowledge enabling them to maintain morale motivation and productivity Organized around the four management functions of Planning Organizing Leadership and Evaluation it includes new chapters on total quality management the theory of human resource development and collective bargaining Additionally content has been added to include recommendations from the work of the Institute of Medicine and the Magnet Appraisal process **Introduction to Management and Leadership for Nurse Managers** Russell C. Swansburg,Richard J. Swansburg,2002 Leadership Management Finance *Moving Up in the New Economy* Joan Fitzgerald,2018-07-05 The United States used to be a country where ordinary people could expect to improve their economic condition as they moved through life For millions of us this is no longer the case Many Americans today have a lower

standard of living as adults than they had in their parents homes as children This book is about restoring the upward mobility of U S workers Specifically it addresses the workforce development strategy of creating not just jobs but career ladders from Moving Up in the New Economy Career ladder strategies create opportunities for low wage workers to learn new skills and advance through a progression of higher skilled and better paid jobs For example nurses aides can become licensed practical nurses administrative assistants can become information technology workers and bank tellers can become loan officers Career ladder programs could provide opportunities for upward mobility and also stave off impending national shortages of skilled workers But there are a variety of obstacles that must be faced candidly if career ladder programs are to succeed In Moving Up in the New Economy Joan Fitzgerald explores specific programs in different sectors of the economy health care child care education manufacturing and biotechnology to offer a comprehensive analysis of this innovative approach to job training Addressing the successes achieved and the problems faced by career ladder programs this timely book will be of interest to anyone interested in career development workforce training and employment issues especially those that affect low wage workers

Real Stories of Nursing Research Mary Maureen Kirkpatrick McLaughlin, Sally Bulla, 2010-10-25 Real Stories of Nursing Research The Quest for Magnet Recognition demonstrates how direct care nurses in clinical settings can overcome their fear and conduct nursing research studies that impact and improve patient care Highlighting research in Magnet designated hospitals located in all types of settings this reference includes studies that have used quantitative qualitative and mixed method designs This text takes real nurses stories and their research abstracts and shows that staff nurses really can do research Including helpful hints from experts like librarians statisticians and IRB reviewers who show the reader how to make the research journey smoother Real Stories of Nursing Research addresses overcoming fears of research and is an essential text for any nurse or hospital seeking magnet status
