Jesus as the Son of 1-2 Samuel's David Marc Grønbech-Dam, 2024-05-21 Although the Gospel of Matthew emphasizes Jesus as the son of David no one has systematically investigated how 1 2 Samuel influence Matthew s portrayal of Jesus as the son of David This work addresses that lacuna and shows how the sustained use of 1 2 Samuel in Matthew evokes the themes of mercy and righteousness as the hallmarks of a proper Davidic shepherd The book s systematic intertextual and narrative approach offers another way to understand Matthew s Christology and portrayal of the kingdom of heaven It helps

the reader appreciate the justice focused nature of Jesus rule and its religious and political implications

Early Modern Disputations and Dissertations in an Interdisciplinary and European Context Meelis Friedenthal,Hanspeter Marti,Robert Seidel,2021-01-25 From the sixteenth through to the eighteenth century printed disputations were the main academic output of universities This genre is especially attractive as it deals with the most significant cultural and scientific innovations of the early modern period such as the printing revolution and the development of new methods in philosophy education and scholarly exchange via personal networks Until recently academic disputations have attracted comparatively little scholarly attention This volume provides for the first time a comprehensive study of the early modern disputation culture both through theoretical discussions and overviews and numerous case studies that analyze particular features of disputations in various European regions
