Ontological And Psychological Constitution Of Christ:

The Ontological and Psychological Constitution of Christ Bernard J. F. Lonergan, Frederick E. Crowe, Robert M. Doran, 1988-01-01 entirety to contemporary readers Book Jacket **The Ontological and Psychological Constitution of Christ** Bernard J. F. Lonergan, 2002 entirety to contemporary readers Book Jacket **On the Ontological and Psychological Constitution of Christ. Supplement** Bernard J. F. Lonergan, 1884 **Collected Works of Bernard Lonergan..** Bernard J. F.. Lonergan, 2015 Here Lonergan tackles the metaphysical and psychological questions raised by the unique makeup of Christ who is both fully human and fully divine according to traditional Christian theology His analysis falls into two parts ontological and psychological In dealing with the ontology of the incarnate Word Lonergan explores the notion of person and in doing so provides an interesting treatment of the existential question of personal authenticity raised by Kierkegaard and treated by Lonergan under the heading of Existenz Moving into his psychological analysis he argues that consciousness is not a matter of introspection a perception of oneself as object but rather an awareness of oneself as subject He then applies this understanding to the self awareness of Christ with particular reference to the question of Christ's knowledge of himself as both human and divine **Collected Works of Bernard Lonergan: Ontological and psychological constitution of Christ** Bernard J. F. Lonergan, 1988 **On the Ontological and Psychological Constitution of Christ** Bernard J. F. Lonergan, Timothy P. Fallon, 1979 **On the Ontological and Psychological Constitution of Christ** Bernard J. F. Lonergan, 1979 *Collected Works of Bernard Lonergan. [Volume 7], the Ontological and Psychological Constitution of Christ* Bernard J. F. Lonergan, 2002 **An Augustinian Christology** Joseph Walker-Lenow, 2023-11 In *An Augustinian Christology* Completing Christ Joseph Walker Lenow advances a striking christological thesis Jesus Christ true God and true human only becomes who he is through his relations to the world around him To understand both his person and work it is necessary to see him as receptive to and determined by the people he meets the environments he inhabits even those people who come to worship him Christ and the redemption he brings cannot be understood apart from these factors for it is through the existence and agency of the created world that he redeems To pursue these claims Walker Lenow draws on an underappreciated resource in the history of Christian thought St Augustine of Hippo's theology of the whole Christ Presenting Augustine's christology across the full range of his writings Joseph Walker Lenow recovers a christocentric Augustine with the potential to transform our understandings of the Church and its mission in our world *The Death and Life of Speculative Theology* Ryan Hemmer, 2023-07-25 *The Death and Life of Speculative Theology* argues that speculative theology can be decoupled from classicism transformed through modern science philosophy and culture and made useful for addressing intellectual problems in this cosmopolitan age Speculative theology can provoke organize regulate and invigorate intellectual pluralism and thereby contribute to making the world a home for the human spirit Drawing on the thought of Bernard Lonergan Ryan Hemmer narrates the rise and fall of speculative theology

Prothro,Isaac Augustine Morales,2024-09-10 Notable Catholic interpreters of Scripture discern the guiding values of biblical interpretation at the brink of a new era for the church Under the influence of Benedict XVI and Francis Roman Catholics whether lay or religious have found renewed interest in studying sacred Scripture Yet the church has also grown and faces new challenges in the new millennium What does the future of Catholic biblical interpretation look like And how ought the church s rich heritage of biblical interpretation continue to influence it This volume collects essays by some of the most influential voices in Catholic biblical scholarship today Covering a variety of topics from the Old Testament to the New Testament and biblical theology the essays are united by a common goal to hear the word of God and proclaim and apply it within the church The authors pay special tribute to Marie Joseph Lagrange This nineteenth century French Dominican led the way in blending critical methodology with respect for the Church s authority in order to put scriptural study in service to the good of souls Featuring diverse and authentically Catholic perspectives The Future of Catholic Biblical Interpretation represents fresh purpose and direction for the church s long and fruitful tradition of exegesis One of the Trinity Has Suffered: Balthasar's Theology of Divine Suffering in Dialogue Joshua R. Brotherton,2020-01-01 Hans Urs von Balthasar s discourse on the descent of Christ into hell and its implications for the Triune God have been disputed for half a century One of the Trinity has Suffered evaluates and revises von Balthasar s theology of divine suffering in a way that interacts with and significantly enriches contemporary Catholic theology In this book Joshua R Brotherton engages twentieth century Thomistic theology as well as the thought of Pope Emeritus Benedict XVI Joseph Ratzinger and Pope St John Paul II Drawing from the vast secondary literature on von Balthasar Brotherton offers a balanced assessment of his work on the topic of divine suffering both critical and appreciative Recognizing von Balthasar s laudable attempt to integrate mystical spirituality and systematic theology Brotherton seeks to distinguish valid insights from confused mixtures of metaphorical meta symbolic and philosophical metaphysical discourse on God particularly with respect to the classical problem of how the Creator who willed to become incarnate may be said to suffer Truly One of the Trinity has suffered and yet this mystery of faith must be carefully explained and understood in conformity with sustained Catholic reflection on divine immutability and simplicity the dual nature and unique personhood of Christ the Trinity of divine subsistent relations the freedom of God in creating and becoming man the analogy of being the problem of evil and the immensity and infinite value of Christ s redemptive suffering **Christ and History** Frederick E. New Perspectives on Sartre Adrian van den Hoven, Adrian Mirvish, 2010-05-11 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre's last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre's relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre's thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre's relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre's work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit Lex Crucis William P.

Loewe, 2016-06-03 What is the true story of God and humankind and how does that story become a saving story These are pivotal questions that constitute the narratives Christians tell about themselves their values and how the Christian life is to be lived In shaping those stories into a coherent intelligible framework that provides comprehensive meaning soteriology the doctrine of redemption developed as a keystone to Christian consciousness This study investigates that development of the soteriological tradition Employing Bernard Lonergan's notion of the stages of meaning as a hermeneutic the volume traces the origins of soteriology in the early Christian tradition represented by Irenaeus to its establishment as a systematic theory

in Anselm Aquinas and subsequent developments in the Protestant tradition of Luther and Schleiermacher The author concludes with a constructive exploration of Lonergan s own work on the question of soteriology that overcomes the modernist distortions that hinder Schleiermacher s account and offers an articulation of the dynamics of Christian conversion that opens onto the social cultural and political mediations of redemption necessary for the contemporary age **The Incarnate Word** Bernard Lonergan,2016-01-01 The papers deal with scientific mathematical theological and philosophical questions including discussions of such topics as the proper foundation of metaphysics the form of inference the nature of love and marriage and the role of the university in the modern world Locating Atonement Zondervan,2015-11-10 A Close Look at Atonement s Place in Contemporary Systematic Theology In light of renewed interest in the doctrine of atonement during which a range of atonement models have gained momentum among different traditions it s important to map these models to the broader context of theological thought on this aspect of Christ s work and to show how no single approach has the complete picture The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology Locating Atonement stays away from discussion of theories of atonement typologies of those theories and contests among various theories Instead its focus is on the question What else is there to do in atonement theology besides rehashing types and theories The twelve diverse essays in this collection include discussions on Atonement and the concept of punishment Atonement and ascension Atonement and human suffering Atonement and covenant Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future **The Incarnate Lord** Thomas Joseph White,2015 The Incarnate Lord then considers central themes in Christology from a metaphysical perspective Particular attention is given to the hypostatic union the two natures of Christ the knowledge and obedience of Jesus the passion and death of Christ his descent into hell and resurrection A central concern of the book is to argue for the perennial importance of ontological principles of Christology inherited from patristic and scholastic authors However the book also seeks to advance an interpretation of Thomistic Christology in a modern context The teaching Aquinas then is central to the study but it is placed in conversation with various modern theologians such as Karl Barth Karl Rahner and Hans Urs von Balthasar Ultimately the goal of the work is to suggest how traditional Catholic theology might thrive under modern conditions and also develop fruitfully from engaging in contemporary controversies
