Onze Folklore:

Encyclopedia of American Folklore Linda S. Watts, 2006 Encyclopedia of American Folklore helps readers explore the topics terms themes figures and issues related to the folklore of the United States The Dutch World of Washington Irving Elisabeth Paling Funk, 2025-06-15 The Dutch World of Washington Irving tells an alternative origin story of American literary culture In December of 1809 before finding fame with Rip Van Winkle and The Legend of Sleepy Hollow Washington Irving published his satirical A History of New York from the Beginning of the World to the End of the Dutch Dynasty under the pseudonym Diedrich Knickerbocker Elisabeth Paling Funk explains that the History of New York and the Hudson Valley folktales that followed were part of an early trend of responding to the national desire for a historical record Funk argues that these works uniquely describe this part of the American scene in the period of the Early Republic and bring forward the Dutch strain in its history and culture Funk explores what the young Irving would have read heard and observed during his early life and career in New York City once part of the former colony of New Netherland where he was surrounded by Dutch speaking neighbors and relatives and Dutch literature Based on these sources The Dutch World of Washington Irving argues that Irving s Knickerbocker works not only his History but also his Hudson Valley stories represent a crucial effort to preserve Dutch life and folk customs in the Hudson Valley in the face of Anglo Americanization Providing the first complete glossary of Irving s Dutch vocabulary and drawing on untranslated Dutch sources Funk offers cultural historians scholars of American folklore and literature and the latest generation of Irving s readers unprecedented access into the Dutch world of Washington Irving and his American contemporaries *Folklore* Joseph Jacobs, Alfred Trübner Nutt, Arthur Robinson Wright, William Crooke, 1912 Most vols for 1890 contain list of members of the Folk lore Society Folklore and Nation in Britain and Ireland Matthew Cheeseman, Carina Hart, 2021-08-30 This collection explores folklore and folkloristics within the diverse and contested national discourses of Britain and Ireland examining their role in shaping the islands constituent nations from the eighteenth century to our contemporary moment of uncertainty and change This book is concerned with understanding folklore particularly through its intersections with the narratives of nation entwined within art literature disciplinary practice and lived experience By following these ideas throughout history into the twenty first century the authors show how notions of the folk have inspired and informed varied points from the Brothers Grimm to Brexit They also examine how folklore has been adapting to the real and imagined changes of recent political events acquiring newfound global and local rhetorical power This collection asks why when and how folklore has been deployed enacted and considered in the context of national ideologies and ideas of nationhood in Britain and Ireland Editors Cheeseman and Hart have crafted a thoughtful and timely collection ideal for students and scholars of folklore history literature anthropology sociology and media studies Handbook of American Folklore Richard M. Dorson, 1986-02-22 Includes material on interpretation methods and presentation of research **Explorers, Fortunes and Love Letters** New Netherland Institute, 2010-04-01

When Henry Hudson sailing on the Half Moon for the Dutch East India Company first laid eyes on the entrance to the Hudson River in 1609 a world of seemingly infinite possibilities lay before him and his crew In 1624 the Dutch would take advantage of these opportunities and create the colony of New Netherland building homes and communities that stretched from the Delaware Bay up along the Hudson River Valley to present day Albany New York The story of New Netherland is often overlooked in tales of the founding of America The essays in *Explorers Fortunes and Love Letters A Window on New Netherland* offer a new perspective that takes the spotlight off the Puritans of New England and the settlers of Jamestown Virginia and instead offers striking arguments for casting the Dutch as central players in the American narrative These twelve essays written by preeminent historians of New Netherland pull from diverse perspectives social cultural intellectual economic and political to weave together the dynamic and diverse history of the Dutch in America These scholars explore all aspects of Dutch life ranging from sailing methods to factional politics to written expressions of love The authors discuss how settlers retained traditions from the Netherlands such as the baking of bread and how these traditions changed over time and became engrained in American culture including the transformation of the Dutch St Nicholas into today's Santa Claus The colony of New Netherland was marked by its diversity and this topic is explored in discussions of the relationship between Native Americans and Dutch settlers in the Mohawk Valley the role of Jews in New Netherland and the practice of slavery throughout the colony The Dutch perspective on child rearing practices is also examined as well as the dream of attaining fortune in the New World The Dutch colony of New Netherland and the development of America are not separate stories but are inextricably linked together through historical moments and present realities Dutch settlers played critical roles in building the nation their influences are not lost and forgotten but are clearly evident even today *Explorers Fortunes and Love Letters* brings the reader into the everyday life of New Netherland and displays just how prominently the Dutch shaped America *Journal of American Folklore*, 1917 [American Folklore, Legends, and Tall Tales for Readers Theatre](#) Anthony D. Fredericks, 2008-10-30 Tony Fredericks presents a collection of best loved stories in the popular readers theatre format to integrate with the United States history and language arts curriculum in the upper elementary and middle school grades This collection of over 20 well known and not so well known tales will be invaluable to teachers in American schools as they do their usual units of study in American history and literature Plays focus on entertaining folklore tall tales and legends to aid teachers in building fluency skills in their young readers Included are tips for introducing and using Readers Theatre with students in grades 4-8 **The Pañcatantra in Modern Indian Folklore** William Norman Brown, 1919

Folk Stories from the Hills of Puerto Rico / Cuentos Folklóricos de Las Montañas de Puerto Rico Rafael Ocasio, 2021-05-17 Beginning in 1913 curious U.S. scientists eagerly performed field research in the new American colony of Puerto Rico studying its geology archaeology botany and zoology Under the direction of anthropologist and folklorist Franz Boas the project also included the documentation of hundreds of oral folk stories told through generations highlighting

popular Puerto Rican characters immersed in the island's social and cultural practices of the peasant or *J baro*. Characters from international fairy tales such as Snow White and Cinderella were modified to fit Puerto Rican surroundings in exciting unique adaptations. Other tales included cursed characters turned into animals or stories that reflected a strong connection to *J baro* agrarian traditions. Characters like Juan Bobo stand out even today as personifications of the universal traits of human resilience ascribed to the Puerto Rican *J baro*. Folk legends of historical characters such as the infamous Puerto Rican pirate Roberto Cofres reflect the island's colonial status including the economic restrictions that led to his rise as a notorious thief. Finally, no anthology of Puerto Rican oral folklore would be complete without a few versions of Cucarachita Martina, the kind cockroach who falls in love with Ratoncito Pérez, her beloved mouse husband. Whether you are encountering these stories for the first time or have heard them your whole life, this delightful bilingual collection will be sure to tickle your heart and your funny bone and leave you fascinated once again with the island of Puerto Rico.

[The Paradox of Authenticity](#)
 Joseph Feinberg, 2018-07-24 A theoretically rich and vividly written ethnography of folklore revival and performance in Eastern Europe that provocatively embraces larger questions of social theory, authenticity and philosophy. **The Mexican**
Pet Jan Harold Brunvand, 2025-04-25 A uniquely entertaining book edifying scholarship diverting social history. Elaine Kendall, Los Angeles Times. The book captures the spirit of convivial storytelling and even encourages the activity. Many readers will be gratified to know that Brunvand intends to continue this series of relaxed unofficial excursions into popular legends. Admirers of *curiosa* and the psychology of crowds cannot afford to miss them. Kirkus Reviews. *Nederlandsche tijdschrift voor volkskunde* K. M. Pol de Mont, August Gittée, Alfons de Cock, 1899. **Folklore**, 1890. *The Publishers' Circular and Booksellers' Record*, 1911. **Mexican Folk Narrative from the Los Angeles Area** Elaine K. Miller, 2014-08-27 Urban Los Angeles is the setting in which Elaine Miller has collected her narratives from Mexican Americans. The Mexican folk tradition varied and richly expressive of the inner life not only of a people but also of the individual as each lives it and personalizes it; it is abundantly present in the United States. Since it is in the urban centers that most Mexican Americans have lived, this collection represents an important contribution to the study of that tradition and to the study of the changes urban life effects on traditional folklore. The collection includes sixty-two legendary narratives and twenty traditional tales. The legendary narratives deal with the virgins and saints as well as with such familiar characters as the vanishing hitchhiker, the headless horseman, and the *llorona*. Familiar characters appear in the traditional tales: Juan del Oso, Blancaflor, Pedro de Ordimalas, and others. Elaine Miller concludes that the traditional tales are dying out in the city because tale telling itself is not suited to the fast pace of modern urban life and the situations and characters in the tales are not perceived by the people to be meaningfully related to the everyday challenges and concerns of that life. The legendary tales survive longer in an urban setting because although containing fantastic elements they are related to the beliefs and hopes of the narrator even in the city one may be led to buried treasure on some dark night by a mysterious woman. The

penchant of the informants for the fantastic in many of their tales often reflects their hopes and fears such as their dreams of suddenly acquiring wealth or their fears of being haunted by the dead Miller closely observes the teller's relation to the stories to the duendes the nimas Death God the devil and she notes the tension on the part of the informant in his relation to their religion The material is documented according to several standard tale and motif indices and is placed within the context of the larger body of Hispanic folk tradition by the citation of parallel versions throughout the Hispanic world The tales transcribed from taped interviews are presented in colloquial Spanish accompanied by summaries in English

Culture Work Tim Frandy, B. Marcus Cederström, 2022-07-26 The work folklorists do on the ground and in communities can make a concrete difference in quality of life While the field is not immune to extractive racist colonial heteronormative and misogynistic practices it can counter and combat these same forces in society Culture Work presents case studies of public oriented work that define the Wisconsin Idea of folklore in all its complexities challenges and potentialities Thematically arranged chapters represent interconnected aspects of culture work from amplifying local voices to galvanizing community from within to reflecting on how we might use folklore to build the world we want to live in **Black**

Folklorists in Pursuit of Equality Ronald LaMarr Sharps, 2023-06-16 After the Civil War Emancipation purportedly brought physical freedom to African Americans As the nineteenth century drew to a close blacks continued to experience inequality in all phases of American life social cultural political and economic In pursuit of equality African American movements interpreted folklore to reveal in their rhetoric the soul of a race and a path toward civilization This book provides a comprehensive chronicle of these competing initiatives and their reception starting with the folklore society organized by Hampton Institute in 1893 and continuing through the early 1940s with the American Negro Academy Fisk University graduates William Hannibal Thomas the National Association for the Advancement of Colored People the Urban League the Friends of Negro Freedom the Universal Negro Improvement Association and blacks associated with the Communist Party USA Disavowing a culture of fear money guns and death black folklorists in these movements exposed a racial inner life ranging from loving loyal and happy to imitative tragic spiritual emotional and creative Each characterization of the race justified a distinct path and possible contributions to civilization If unable to know their past members of the movements and other folklorists were fearful that African Americans would be an anomaly among humanity **Studies in Jewish and**
