The Collected Works of J. Krishnamurti Jiddu Krishnamurti,1991 This first volume covers talks given in Italy Norway and India Krishnamurti begins with the statement Friends I should like you to make a living discovery not a discovery induced by the description of others I am not going to try to describe what to me is truth for that would be an impossible attempt One cannot describe or give to another the fullness of an experience Each one must live it for himself What is Right Action ? J Krishnamurti,2022-09-09 This volume covers talks given in New Zealand Ojai New York South America and Mexico Krishnamurti begins by stating What we call problems are merely symptoms which increase and multiply because we do not tackle the whole life as one but divide it as economic social or religious problems Now it is my intention to show that so long as we deal with these problems apart separately we but increase the misunderstanding and therefore the conflict and thereby the suffering and the pain An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form *There is No Thinker Only Thought* J Krishnamurti,2022-09-09 In these talks given in New Delhi Bombay London Saanen Paris and Madras Krishnamurti begins by defining what he means by the word discussion and what it means to go beyond thought I think before we begin it should be made clear what we mean by discussion To me it is a process of discovery through exposing oneself to the fact That is in discussing I discover myself the habit of my thought the way I proceed to think my reactions the way I reason not only intellectually but inwardly It is really exposing oneself not merely verbally but actually so that the discussion becomes a thing worth while to discover for ourselves how we think Because I feel if we could be serious enough for an hour or a little more and really fathom and delve into ourselves as much as we can we shall be able to release not through any action of will a certain sense of energy which is all the time awake which is beyond thought An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore

the early writings and dialogues in their most complete and authentic form The Collected Works of J. Krishnamurti, (1964-1965) Jiddu Krishnamurti, 1991 **Total Freedom** Jiddu Krishnamurti, 1996-08-30 Counted among his admirers are Jonas Salk Aldous Huxley David Hockney and Van Morrison along with countless other philosophers artist writers and students of the spiritual path Now the trustees of Krishnamurti s work have gathered his very best and most illuminating writings and talks to present in one volume the truly essential ideas of this great spiritual thinker Total Freedom includes selections from Krishnamurti s early works his Commentaries on Living and his discourses on life the self meditation sex and love These writings reveal Krishnamurti s core teachings in their full eloquence and power the nature of personal freedom the mysteries of life and death and the pathless land the personal search for truth and peace Warning readers away from blind obedience to creeds or teachers including himself Krishnamurti celebrated the individual quest for truth and thus became one of the most influential guides for independent minded seekers of the twentieth century and beyond **Krishnamurti and the Psychological Revolution** Peter Fritz Walter, 2014-09-18 Krishnamurti and the Psychological Revolution is an essay on the unique teaching of J Krishnamurti It starts with the question What is Consciousness and carefully proposes a holistic definition after reviewing the various psychological and spiritual theories that deal with this subject The actually goes a step ahead and focuses on a more particular issue a provocative question asked by K How to empty consciousness of its content When the author was part of a Krishnamurti circle in Switzerland back in 1986 he proposed to elucidate the matter with a keynote on the topic An essay followed which was the core of the present book Krishnamurti lectured that only a psychological revolution can lead man to a transformation of thought taught that it was possible to empty the content of consciousness on an individual level so as to completely renew and transform our thought and emotional patterns and to free us from self restrictive and limitative conditioning However a careful examination of the question brought the author to the insight that consciousness cannot be emptied what can be done instead is to integrate its content by the development of total awareness and vigilant attention In other words while the process of thought cannot be stopped it is well possible to change the quality of our daily thoughts of our self talk and of our regard upon emotions In this sense it is true that while we cannot change thought because we need it for our cultural and technological progress we can well change the thinker And it is the latter what Krishnamurti meant by saying that we should empty the content of consciousness **The Quest of the Quiet Mind** Stuart Holroyd, Jiddu Krishnamurti, 1980-01-01 **Krishnamurti to Himself** Jiddu Krishnamurti, 1987 Krishnamurti s last journal spoken into a tape recorder at his home Pine Cottage in the Ojai Valley brings the reader close to this renowned spiritual teacher Dictated in the mornings from his bed undisturbed Krishnamurti s observations are captured here in all their immediacy and candor from personal reflections to poetic musings on nature and a serene meditation on death Reflecting the culmination of a life of spiritual exploration these remarkable final teachings engage and enlighten
