Open Classroom Distance Learning In Schools:

   The Open Classroom Jo Bradley,2003 This text presents a forward looking assessment of approaches to teaching in schools that involve distance learning from both the teacher s and learner s perspectives   The Open Classroom Bradley,2004   **The Open Classroom** Jo Bradley,2005-09-29 The e revolution that has swept the higher and further education sector over the last decade is now starting to make a real impact in school level teaching and learning around the world There is a rapidly growing interest in and demand for open and distance learning solutions for schools not only in terms of improving access for example for the children of travellers or for those in geographically remote areas but also in terms of improving pedagogy for more conventional teaching by offering teachers parents and pupils greater support and access to learning materials and resources This ground breaking book with contributions from around the world including the UK US New Zealand Canada and India looks at the key areas of development in this new field provides best practice examples and inspiring case studies and will increase the awareness of the opportunities and challenges in this potentially huge field   **Teacher Education Through Open and Distance Learning** Bernadette Robinson,Colin Latchem,2004-11-23 How can open and distance learning and information and communications technology ICT provide us with more and better teachers Open and distance learning is increasingly used in teacher education in developing and developed countries It has the potential to strengthen and expand the teaching profession of the twenty first century and to help achieve the target of education for all by 2015 Teacher Education Through Open and Distance Learning examines the case for using open and distance learning and ICT to train our educators It describes and analyses the ways in which these methods and technologies are used for initial teacher training and continuing professional development training principals and school managers training those who provide non formal adult and community education communities of practice and sharing of knowledge and ideas within the teaching profession It also discusses the policy making management technology costing evaluation and quality assurance aspects of this work The contributors are outstanding practitioners in the field The first review in over a decade Teacher Education Through Open and Distance Learning draws on wide ranging and international experience to summarise the strengths and weaknesses of new approaches to the education of teachers It offers invaluable guidance to policymakers planners headteachers and teachers   **Handbook of Research on K-12 Online and Blended Learning** RIchard E. Ferdig,Kathryn Kennedy,2014 The Handbook of Research on K 12 Online and Blended Learning is an edited collection of chapters that sets out to present the current state of research in K 12 online and blended learning The beginning chapters lay the groundwork of the historical international and political landscape as well as present the scope of research methodologies used Subsequent sections share a synthesis of theoretical and empirical work describing where we have been what we currently know and where we hope to go with research in the areas of learning and learners content domains teaching the role of the other and technological innovations Book home page   **Virtual Learning**
