

An Open Letter to Congress

Dear Congressional Members:

When a handful of big tech companies become gatekeepers, it threatens everything that makes the Internet so great. Consumers want an open web, where they are empowered to engage and choose from a diverse marketplace of products, services, and platforms. But without this new bipartisan bill, the same five companies will continue to manipulate our digital world.

That's why we are calling for the immediate passage of the American Innovation and Choice Online Act (AICOA).
