I AM your source of supply, and all that I have is yours. My infinite abundance is available to all, but your consciousness must be of abundance, with no thought of lack or shortage. Feel your consciousness expand and expand, and let it go on expanding without any limitation, for limitation causes blockages in the constant flow. With limitation comes fear, and with fear stagnation, and when something becomes stagnant, the circulation is cut off and it goes dead. Keep the circulation flowing. Let there be a constant giving and receiving on all levels, and know the meaning of infinite abundance. Know that you are one with Me, that you are one with all the wealth in the world and that nothing is taken to the self, nothing is hoarded. All is there to be used wisely. Be a good steward of all My good and perfect gifts. Seek My guidance and direction as to the right use of My infinite supply.

IT is important that there is balance in every situation at all times. You will find when everything you undertake is done under My guidance, there will always be perfect balance. That is why you have to allow life to unfold without trying to force anything, for as you do, nothing can go wrong and nothing can be out of timing. It does not mean that you sit and do nothing, expecting everything to fall into your lap. You have to keep ever alert, you have to keep your consciousness raised, you have to expect the very best, you have to have faith that all is very, very well. You have to wait upon Me in absolute faith and confidence. You have to know without a shadow of a doubt that I AM your constant guide and companion. You have to know that your ways are guided by Me and by Me alone, so that every step you take is firm and sure and everything you do is done in love.

Opening Doors Within Eileen Caddy, 1987 A diary of inspirational and practical messages offered in the hope that they will help others find faith fulfillment and inner peace *Opening Doors Within the Margin* Sean O'Brien, 2013-05 So what do you need to know before you talk to a real estate agent or broker to sell or buy your home This effort is not intended to make you into a real estate agent It is not meant to give you a bag of tricks to use to try to stump the chump when interviewing agents to use when buying or selling a home What I want you to take away from this is simple first I want you to know what is going on within both sides of the transaction and why Second I want to help you save thousands of dollars when you sell Third if you are a buyer I want you to have a good understanding of your role in the process as well as potentially save you a few thousand dollars This is important because with this as a guide you will be able to understand your agent s or your broker s motivation as well as their worth or worthlessness I plan to take you through some rather disturbing day in the life of facts and then lots of discussion about the language that you will encounter But most of all I want you to see how much money changes hands and how quickly if you aren t careful If you dig into this material and superimpose it over your situation these ideas will help you save literally thousands of dollars It will also take away almost all of the anxiety generally associated with this size and type of transaction
