Opera Desire Disease Death Texts And Contexts Series Vol 17:

Opera Linda Hutcheon, Michael Hutcheon, 1996 The authors consider the frequent operatic alliance of tuberculosis with female sexuality as in Verdi's *La Traviata* and Puccini's *La Bohème* the relation between venereal disease and the moral transgression or failure of male heroes as in Wagner's *Parsifal* and Stravinsky's *The Rake's Progress* and the association of cholera and homosexual desire in Berg's *Lulu* and Britten's *Death in Venice* A virtuosic chapter considers how assorted operas have identified smoking with sexuality and rebellion

Paganini Maiko Kawabata, 2013 Our inherited image of Nicolo Paganini as a demonic violinist has never been analysed in depth What really made him demonic In fact the many perceptions of Paganini as demonic Faust magician devil rake libertine Napoleon were inter related but not equivalent This book investigates the legend of Paganini separating fact from fiction it explains how the legendary violinist challenged the very notion of what it meant to be a musician An understanding of his violin techniques and musical ethos goes some way towards meeting this aim beyond which an exploration of the wider cultural context is also presented This book considers Paganini's performance innovations in the light of contemporary attitudes towards music and the supernatural gender sexuality violence heroism masculinity as well conceptions of power A swirl of cultural factors coalesced in the performer to create that phenomenon of Romanticism a larger than life Gothic villain Because the mythology surrounding the violinist outlived and outgrew the man to monstrous proportions so too did the idea of virtuosity inflate out of control acquiring a potent overwhelmingly negative aura in the process An appendix brings together late nineteenth century British press and literature coverage of Paganini that contributed to the developing myth surrounding the now famous composer and performer Publisher's description

From Fiction to Libretto Nassim Winnie Balestrini, 2005 This study introduces the reader to the mostly unknown world of libretto adaptations of nineteenth century American fiction The analysis of stage works based on Washington Irving's *Rip Van Winkle* Nathaniel Hawthorne's *The Scarlet Letter* and Henry James's *Washington Square* explores a largely unexamined area of the reception history of these authors and narratives As opera and drama have been interlinked throughout American theater history the discussion of

adaptations will include multiple types of spoken and musical theater Appendices documenting the existence of over 350 stage works based on nineteenth century American fiction further illustrate how librettists composers and playwrights have participated in the endeavor to understand and contextualize literary texts within cultural history
