Last of the Hippies Penny Rimbaud, 2015-07-01 First published in 1982 as part
 of the Crass record album Christ The Album Penny Rimbaud s The Last of the Hippies is a fiery anarchist polemic centered
 on the story of his friend Phil Russell aka Wally Hope who was murdered by the State while incarcerated in a mental
 institution Wally Hope was a visionary and a freethinker whose life had a profound influence on many in the culture of the UK
 underground and beyond He was an important figure in what may loosely be described as the organization of the Windsor
 Free Festival from 1972 to 1974 as well providing the impetus for the embryonic Stonehenge Free Festival Wally was
 arrested and incarcerated in a mental institution after having been found in possession of a small amount of LSD He was
 later released and subsequently died The official verdict was that Russell committed suicide although Rimbaud uncovered
 strong evidence that he was murdered Rimbaud s anger over unanswered questions surrounding his friend s death inspired
 him in 1977 to form the anarchist punk band Crass In the space of seven short years from 1977 to their breakup in 1984
 Crass almost single handedly breathed life back into the then moribund peace and anarchist movements The Last of the
 Hippies fast became the seminal text of what was then known as anarcho punk and which later blossomed into the anti
 globalization movement This revised edition comes complete with a new introduction in which Rimbaud questions some of
 the premises that he laid down in the original

Operation Rimbaud Jacques Godbout, 2008 From Governor General s
 Award winner Patricia Claxton comes a new translation of a tale of intrigue impiety and insurrection by Quebec s original
 literary lion Jacques Godbout Thirty five year old Michel Larochelle an agnostic Jesuit sees his membership in the Society of
 Jesus in unconventional terms as a cover for all manner of clandestine activities as he travels the world and samples its many
 earthly delights At the end of the 1960s and with liberal expression reaching its peak it seems almost anything is available to
 this peripatetic man of the cloth So when Larochelle is personally chosen to execute a secret mission dubbed Operation
 Rimbaud on behalf of Haile Selassie Ethiopia s venerable King of Kings he doesn t hesitate Aware of an imminent coup
 threatening the kingdom Selassie entrusts Larochelle along with Selassie s alluring daughter with the perilous task of
 overseeing the safe removal of precious artifacts from the country the original stone tablets bearing the ten commandments
 Honouring his personal adage to kill only when necessary Larochelle keeps the tablets intact while managing to violate
 nearly every law they dictate on a wild romp through the African wilderness pursued by all manner of marauding outlaws and
 haunted by the ghost of one of its most famous visitors Arthur Rimbaud

The Poems of T. S. Eliot: Volume I T. S.
 Eliot, 2018-12-04 The first volume of the first paperback edition of The Poems of T S Eliot This two volume critical edition of T

S Eliot's poems establishes a new text of the Collected Poems 1909-1962 rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut *The Love Song of J Alfred Prufrock*. In addition to the masterpieces *The Poems of T S Eliot* contains the poems of Eliot's youth which were rediscovered only decades later, poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie. Calling upon Eliot's critical writings as well as his drafts, letters and other original materials, Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem. This first volume respects Eliot's decisions by opening with his *Collected Poems 1909-1962* as he arranged and issued it shortly before his death. This is followed by poems uncollected but either written for or suitable for publication and by a new reading text of the drafts of *The Waste Land*. The second volume opens with the two books of verse of other kinds that Eliot issued: *Old Possum's Book of Practical Cats* and *Anabasis*, his translation of St John Perse's *Anabase*. Each of these sections is accompanied by its own commentary. Finally, pertaining to the entire edition, there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse.

The Leuz Index of Plastic Surgery, 1921 A.D. to 1946 A.D., 1977. Approximately 38,000 entries to articles relating to the mainstream of plastic surgery. The compiler states: "The sole source for this index has been the *Index Medicus*. Over 200 subject headings were used to retrieve literature dealing with anatomical location, the pathological process and the corrective procedure utilized. Present *Index Medicus* format with authors and titles interfiled in alphabetical order. Entry gives bibliographical information. Includes list of subject headings used."

Poetry at Stake Carrie Noland, 2021-03-09. Taking seriously Guillaume Apollinaire's wager that twentieth-century poets would one day mechanize poetry as modern industry has mechanized the world, Carrie Noland explores poetic attempts to redefine the relationship between subjective expression and mechanical reproduction, high art and the world of things. Noland builds upon close readings to construct a tradition of diverse lyricists from Arthur Rimbaud, Blaise Cendrars and Ren Char to contemporary performance artists Laurie Anderson and Patti Smith, allied in their concern with the nature of subjectivity in an age of mechanical reproduction.

Becoming Beauvoir Kate Kirkpatrick, 2019-08-22. PROSE Award for Excellence in Biography and Autobiography Finalist 2020. One is not born a woman but becomes one. Simone de Beauvoir. A symbol of liberated womanhood, Simone de Beauvoir's unconventional relationships inspired and scandalised her generation. A philosopher, writer and feminist icon, she won prestigious literary prizes and transformed the way we think about gender with *The Second Sex*. But despite her successes, she wondered if she had sold herself short. Her liaison with Jean-Paul Sartre has been billed as one of the most legendary love affairs of the twentieth century. But for Beauvoir, it came at a cost: for decades she was dismissed as an unoriginal thinker who applied Sartre's ideas. In recent years, new material has come to light, revealing the ingenuity of Beauvoir's own philosophy and the importance of other lovers in her life. This ground-breaking biography draws on never-before-published diaries and letters to tell the fascinating story of
