one another's narratives and challenge the reader to ponder the nature of ethnographic truth. The book begins with short accounts of the process by which each of the authors became involved in anthropological field research. It then proceeds to describe the research itself and the stories begin to connect as they become active collaborators. The scene shifts in the course of the narrative from China to America and the relationship between the authors shifts from distant wary and somewhat hierarchical to close egalitarian and reciprocal. The authors share their histories through personal stories not technical analyses; their aim is to entertain while addressing the process of ethnography and the dynamics of international and intercultural communication. **Administration** United States. Congress. House. Committee on the Judiciary, 1973 *Soul Woundedness* Paul Houston Blankenship-Lai, 2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle's unhoused youth. *Soul Woundedness* is an intimate, piercing book about everyday life for young adults living on the streets of Seattle. Based on over five years of research and as a participant observer, Paul Houston Blankenship-Lai presents the personal experiences of street kids, highlighting how their spiritual beliefs and practices offer them comfort, a sense of community, and a feeling of belonging amidst their struggles. They also demonstrate how spirituality on the streets can alienate people from themselves and the world. The stories Blankenship-Lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living. By paying deep, sustained attention to what spirituality is like on the streets and what difference it makes, Blankenship-Lai uncovers an important, overlooked dimension in the experience and study of homelessness. They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love. Aimed at a diverse audience, *Soul Woundedness* is a book not merely to educate but to transform. It is particularly relevant for those interested in spirituality's role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change, making a compelling case for a world where everyone has a place to call home. **Fire in the Dark**

, **Climbing Up the Downward Spiral** Dean C. Jones, Michael Joseph, 2010-09-01 *Climbing Up the Downward Spiral* takes a holistic approach in looking at practical neurological and spiritual issues as it walks readers through the shadows of some of the most difficult problems of our time: financial loss, drug and alcohol abuse and addiction, mental illness, and suicide. The authors also share from their considerable personal experience with these problems. Bringing together some twenty years of work with people in programs of downtown late night ministry in different cities as well as personal experiences with illegal drugs, bipolar disorder, and a serious suicide attempt, Jones and Joseph walk readers through the shadows of our lives, offering encouragement, methods of coping, and above all, hope.
