Operations Against Enemy Leaders

ML Yell

Operations Against Enemy Leaders:

Operations Against Enemy Leaders Stephen T. Hosmer, 2001-10-09 Operations targeted against senior enemy leaders have long been viewed as a potential means of shaping the policy and behavior of enemy states As a result the United States has launched a variety of overt and covert operations in efforts to attack enemy leaders directly facilitate their overthrow by coup or rebellion or secure their ouster through external invasion This book examines a number of leadership attacks from World War II to the present to offer insights into the comparative efficacy of various forms of leadership attacks their potential coercive and deterrent value and the possible unintended consequences of their ill considered use The book concludes that direct attacks coups and rebellions have met with only limited success and even when successful have sometimes yielded counterproductive results Moreover neither direct attacks nor coups have been of significant coercive or deterrent value although rebellions have at times provided useful negotiating leverage By contrast external invasions have proved to be more efficacious both in shaping the targeted countries policy and behavior and in exerting coercive effects The book concludes by outlining the likely conditions under which future leadership attacks are likely to be sanctioned and by delineating the prerequisites of effective use of air power in such contexts

The Information Age and Diplomacy Amir Dhia, 2006-11 Advances in the field of information and communication technologies have substantially affected most segments of our life leading to the Information Age or Information Revolution On both individual and state scale information has become a vital commodity by which one measures levels of knowledge skills well being prosperity and development This academic work traces the evolution of the Information Age and the emerging trends of diplomacy and politics in today s world It signals potential opportunities and threats while strategically forecasting current and future implications Including three major chapters the work is divided into eleven significant themes It reviews the emergence of knowledge based societies and highlights their main features The course of globalization the worldwide Internet development the consequences of restricting the flow of information and the Revolution in Military Affairs are among the issues examined Also thoroughly treated is the evolution of diplomacy with reference to information and intelligence gathering analysis and policy making The publication outlines the qualifications of diplomats and executives required at the present and coming stages of professionalism In addition to examining contemporary traditional and non traditional conflicts around the globe it takes a look at U S hegemony policies in world affairs Certain cultural and social issues directly linked to the Information Age are dealt with as well They refer to the growing importance of culture and identity awareness in an era of increasing social interdependence and to the global evolution of languages and their use in everyday life and in current affairs The book concludes with a set of observations in the aftermath of the September 11 attacks on the United States The observations point to particular notions and developments that influence our way of living politics and diplomacy Furthermore specific analysis is made to the U S invasion in Iraq in March 2003 and to its consequences

Journal of Special Operations

Medicine ,2006 *Headquarters Bulletin* United States. Marine Corps,1945 Vicarious Warfare Thomas Waldman,2023-01-10 This compelling account charts the historical emergence of vicarious warfare and its contemporary prominence It contrasts its tactical advantages with its hidden costs and potential to cause significant strategic harm

Unwinnable Theo Farrell,2017-09-07 Afghanistan was an unwinnable war As British and American troops withdraw discover this definitive account that explains why It could have been a very different story British forces could have successfully withdrawn from Afghanistan in 2002 having done the job they set out to do to defeat al Qaeda Instead in the years that followed Britain paid a devastating price for their presence in Helmand province So why did Britain enter and remain in an ill fated war Why did it fail so dramatically and was this expedition doomed from the beginning Drawing on unprecedented access to military reports government documents and senior individuals Professor Theo Farrell provides an extraordinary work of scholarship He explains the origins of the war details the campaigns over the subsequent years and examines the West s failure to understand the dynamics of local conflict and learn the lessons of history that ultimately led to devastating costs and repercussions still relevant today The best book so far on Britain s war in Afghanistan International Affairs Masterful irrefutable Farrell records all these military encounters with the irresistible pace of a novelist Sunday Times

Public Affairs and Information Operations: A Strategy for Success Tadd Sholtis,2009-03 USAF commanders are looking for better ways to use the global information environment to win the hearts and minds of Muslim populations and retain the goodwill of traditional allies Their efforts occur against a backdrop of individuals who advocate the integration of public affairs and information operations and those who argue for their separation As the public face of our joint forces public affairs cannot thrive unless it is integrated with all core operational capabilities including information operations

Military Operations on Urbanized Terrain United States. Marine Corps,1998 *7 Leadership Lessons of D-Day* John Antal,2017-08-19 Drawing universal truths from urgent battlefield crises the author provides a terrific guide and training tool for leaders at all levels Ralph Peters New York Times bestselling author The odds were against the Allies on June 6 1944 The task ahead of the paratroopers who jumped over Normandy and the soldiers who waded ashore onto the beaches all under fire was colossal In such circumstances good leadership can be the deciding factor of victory or defeat This book is about the extraordinary leadership of seven men who led American soldiers on D Day and the days that followed Some of them like Eisenhower Theodore Roosevelt Jr and Lt Dick Winters are well known while others are barely a footnote in the history books This book is not a full history of D Day nor does it cover the heroic leadership shown by men in the armies of the Allies or members of the French Resistance who also participated in the Normandy assault and battles for the lodgment areas It is however a primer on how you can lead today no matter what your occupation or role in life by learning from the leadership of these seven figures A critical task for every leader is to understand what leadership is Socrates once said that you cannot understand something unless you can first define it in your own words This book provides the reader with the means to

define leadership by telling seven dramatic immersive and memorable stories that the reader will never forget Nobody tells a story better than John Antal and nobody knows better how to root out the lessons of history James Jay Carafano author of Wiki at War **Covert Regime Change** Lindsey A. O'Rourke,2018-12-15 Lindsey A O Rourke is Assistant Professor of Political Science at Boston College Her research focuses on regime change international security and US foreign policy

Striking First Karl P. Mueller,Jasen J. Castillo,Forrest E. Morgan,Negeen Pegahi,Brian Rosen,2006-09-25 RAND Project AIR FORCE studied the post 9 11 shift in U S defense policy emphasis toward preemptive and preventive attack asking under what conditions preemptive or preventive attack is worth considering as a response to perceived threats It considered the role such first strike strategies are likely to play in future U S national security policy Finally it identified implications these conclusions have for military planners and policymakers as they prepare to deal with national security threats in the next decade

Twenty-First Century Military Innovation Marcus Schulzke,2022-09-07 Contemporary war is as much a quest for decisive technological organizational and doctrinal superiority before the fighting starts as it is an effort to destroy enemy militaries during battle Armed forces that are not actively fighting are instead actively reengineering themselves for success in the next fight and imagining what that next fight may look like Twenty First Century Military Innovation outlines the most theoretically important themes in contemporary warfare especially as these appear in distinctive innovations that signal changes in states warfighting capacities and their political goals Marcus Schulzke examines eight case studies that illustrate the overall direction of military innovation and important underlying themes He devotes three chapters to new weapons technologies drones cyberweapons and nonlethal weapons two chapters to changes in the composition of state military forces private military contractors and special operations forces and three chapters to strategic and tactical changes targeted killing population centric counterinsurgency and degradation Each case study includes an accessible introduction to the topic area an overview of the ongoing scholarly debates surrounding that topic and the most important theoretical implications This book can be read as an overview of the themes that run throughout innovations of varying types or it can be used by readers who are interested in particular topic areas *Victory in War* William C. Martel,2011-06-13 War demands that

scholars and policy makers use victory in precise and coherent terms to communicate what the state seeks to achieve in war The failure historically to define victory in consistent terms has contributed to confused debates when societies consider whether to wage war This volume explores the development of a theoretical narrative or language of victory to help scholars and policy makers define carefully and precisely what they mean by victory in war in order to achieve a deeper understanding of victory as the foundation of strategy in the modern world *Is Al-Qaeda Winning?* United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Terrorism, Nonproliferation, and Trade,2014

Psychological operations United States. Department of the Army,1979 *Encyclopedia of United States National Security* Richard J. Samuels,2006 Covers the origin development and results of all major national security policies over the

last seven decades A thoroughly interdisciplinary work the encyclopedia views national security from a historical economic political and technological perspective **Psychological Operations by United States. Department of the Army.** United States. . Department of the Army.,2018-09-17 Psychological factors are an integral part of all battlefields Each unit movement and every conquest of terrain psychologically affect the battlefield participants and an audience of friendly neutral or hostile groups The psychological effect of combat actions can be seen in the heightened morale of a successful unit or in the discouragement and fear of a defeated unit Properly manipulated attitudes can modify the behavior and the combat effectiveness of the soldier and the unit This manual provides information and guidance for the conduct of psychological operations PSYOP in general limited and cold war The doctrine techniques and procedures found herein are applicable to conventional warfare unconventional warfare UW and foreign internal defense FID operations This manual should be used in conjunction with other official manuals and publications that provide staff organization procedures and guidance for doctrine field operations and maintenance of equipment *Military Review* ,2007 *Quarterly Review of Military Literature* ,2003

FM 100-5 Operations United States. Department of the Army,1993

The book delves into Operations Against Enemy Leaders. Operations Against Enemy Leaders is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Operations Against Enemy Leaders, encompassing both the fundamentals and more intricate discussions.
