**Operations of the Fremantle Submarine Base** David Creed, 2002      *Fremantle's Submarines* Michael

Sturma, 2015-09-15 From unpromising beginnings in March 1942 the Allied submarine base at Fremantle on the west coast of Australia became a vital part of the Allied offensive against Japan. Pushed back from the Philippines and the Netherlands East Indies, American submariners accompanied by a small group of Dutch forces retreated to Fremantle as a last resort. The location was chosen for its good harbor and the fact that it was outside the range of land-based Japanese aircraft. Unfortunately, the base was also far from their patrol areas and supply lines, and it was difficult to reinforce should the enemy attack. Thanks largely to a welcoming civilian population, morale quickly improved. The hospitality and sense of belonging fostered by Western Australians became legendary among Allied submariners and remains central to their wartime memories. Perhaps as a result of such a positive experience, the Allied forces became much more successful in combat. Intertwining social and military history, *Fremantle's Submarines* relates how courage, cooperation, and community made Fremantle arguably the most successful military outpost of World War II from the standpoint of troop morale.      Secret Fleets Lynne Cairns, 2011-09-01 Contrary to what many Australians believe, during 1942 Japanese submarines were active in Australian waters and Japanese spy planes made surveillance flights over our major cities. With enemy submarines patrolling off the Western Australian coast, Fremantle became an important international submarine base, the largest in the Southern Hemisphere. During the war, Fremantle played host to over 170 Allied submarines, with submarines of the United States, British, and Dutch navies making a total of 416 war patrols out of the port between March 1942 and August 1945. The secrecy surrounding the operation of the Fremantle submarine base meant that its existence was little known at the time, and until now has been largely forgotten by history.      **Code Breaking in the Pacific** Peter Donovan, John Mack, 2014-08-14 This book reveals the historical context and the evolution of the technically complex Allied Signals Intelligence (Sigint) activity against Japan from 1920 to 1945. It traces the all-important genesis and development of the cryptanalytic techniques used to break the main Japanese Navy code JN 25 and the Japanese Army's Water Transport Code during WWII. This is the first book to describe, explain, and analyze the code-breaking techniques developed and used to provide this intelligence, thus closing the sole remaining gap in the published accounts of the Pacific War. The authors also explore the organization of cryptographic teams and issues of security, censorship, and leaks. Correcting gaps in previous research, this book illustrates how Sigint remained crucial to Allied planning throughout the war. It helped direct the advance to the Philippines from New Guinea, the sea battles, and the submarine onslaught on merchant shipping. Written by well-known authorities on the history of cryptography and mathematics, *Code Breaking in the Pacific* is designed for cryptologists, mathematicians, and researchers working in communications security. Advanced-level students interested in cryptology, the history of the Pacific War, mathematics, or the history of computing will also find this book a valuable resource.      **Death at a Distance** Michael

Sturma,2013-07-31 Only seven U S submariners earned the Medal of Honor in World War II Sam Dealey the USS Harder s commander was one of them His honor was awarded posthumously after the entire crew was lost off Bataan during a depth charge attack in August 1944 by a Japanese convoy The Harder s fighting spirit is legendary and its record of sinking a total of eighteen enemy ships with a tonnage in excess of 55 000 made Dealey one of the top five submarine skippers in the war During a single patrol his crew sank five enemy destroyers in five short range torpedo attacks an unprecedented feat In addition the Harder played important roles in rescue missions extracting secret operatives deep in enemy territory and saving downed pilots Drawing on previously untapped sources Michael Sturma an Australian teaching at Murdoch University details several daring missions one that involved the heroic Australian commando Bill Jenkins and puts the Harder s action in the context of the overall Pacific campaign In do so the author adds not only significant information to the Harder s story but also provides a fresh perspective on the submarine war     **Back from the Deep** Carl LaVO,2012-10-11 This epic World War II saga follows the USS Squalus and Sculpin as they play out their dramatic destinies in the Pacific The author a seasoned journalist re creates their entire perilous journey The Squalus sank during a test dive in 1939 but thirty three trapped crewmen were saved thanks to the revolutionary use of the McCann diving bell The Sculpin s role in that historic rescue is just the first of many incongruous twists of fate that brought the two subs together after the Squalus was salvaged and rechristened the Sailfish Carl LaVO skillfully weaves together the tragic loss of the Sculpin to a Japanese destroyer with the frenetic wrath of its sister sub Their intertwined fates come to an eerie climax as the Sailfish unleashes a ten hour attack on the Japanese aircraft carrier Chuyo amid a raging typhoon unwittingly killing twenty two of the forty three Americans captured from the sunken Sculpin The saga comes to a close with a moving description of the surviving Sculpin crewmen as they face incredible hardship torture and disease as POWs in Japan This book is certain to instill a renewed appreciation for the intrepid men and stealthy boats that were the soul of the Pacific campaign s silent service     The Submariner's Dictionary Or Submariner's Compendium of Terms & Tar's Handbook of Naval Verbiage and Retired Guy's Re-familiarization Manual Ron Martini,2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can t understand terms like head deck and overhead and who think SOS is a distress signal     *Find 'Em, Chase 'Em, Sink 'Em* Mike Ostlund,2011-11-08 Now in paperback revised and updated the stirring and authoritative account of one of World War II s most highly decorated submarines Find Em Chase Em Sink Em is the first book to recount the tragic and mysterious loss of the World War II submarine USS Gudgeon In April 1944 the highly decorated submarine

USS Gudgeon slipped beneath the waves in one of the most treacherous patrol areas in the most dangerous military service during World War II Neither the Gudgeon nor the crew was ever seen again Author Mike Ostlund s Uncle Bill the operator of a farm implements business was aboard that ship as a lieutenant junior grade Through extensive research of patrol reports in U S and Japanese naval archives interviews with veterans who had served aboard the Gudgeon before its final patrol and the personal effects of the lost men s relatives Ostlund has assembled the most accurate account yet of this remarkably successful submarine s exploits of the men aboard from steward to captain and of what we now know about her demise Find Em Chase Em Sink Em details the memories and life lessons of the young men who went to sea aboard Gudgeon before its last patrol knowing hardly anything and came home having seen too much

**No Ordinary Joes** Larry Colton,2011-10-04 On April 23 1943 the seventy man crew of the USS Grenadier scrambled to save their submarine and themselves after a Japanese aerial torpedo sent it crashing to the ocean floor Miraculously the men were able to bring the sub back to the surface only to be captured by the Japanese No Ordinary Joes tells the harrowing story of four of the Grenadier s crew Bob Palmer of Medford Oregon Chuck Vervalin of Dundee New York Tim McCoy of Dallas Texas and Gordy Cox of Yakima Washington All were enlistees from families that struggled through the Great Depression The lure of service and duty to country were not their primary motivations they were more compelled by the promise of a job that provided three hots and a cot and a steady paycheck On the day they were captured all four were still teenagers Together the men faced unimaginable brutality at the hands of their captors in a prisoner of war camp With no training in how to respond in the face of relentless interrogations and with less than a cup of rice per day for sustenance each man created his own strategy for survival When the liberation finally came all four anticipated a triumphant homecoming to waiting families loved ones and wives but instead were forced to find a new kind of strength as they struggled to resume their lives in a world that had given them up for dead and with the aftershocks of an experience that haunted and colored the rest of their days Author Larry Colton brings the lives of these four ordinary heroes

into brilliant focus Theirs is a story of tragedy and courage romance and war loss and endurance failure and redemption With a scope both panoramic and disarmingly intimate No Ordinary Joes is a powerful look at the atrocities of war the reality of its aftermath and the restorative power of love     *United States Submarines Down Under* David Jones, Peter Nunan, 2005 Two Australian writers who have studied the subject for years tell for the first time the complete story of the American Navy's submarine task force based in Brisbane Australia during World War II     **The Royal Navy in World War Two** Derek G. **Fleeting Attraction** Anthony J. Barker, Lisa Jackson, 1996 Arriving in Early 1942 American servicemen were greeted by Western Australians as handsome heroes from a Hollywood dream world offering protection from invasion as the Japanese bombed the state's northern outposts Over the next three years some thousands of naval personnel in Perth Fremantle Albany and Geraldton continued to have an impact that was both more intense and more welcome than it was in other parts of Australia Yet it was also fleeting As they established themselves the affluence that allowed spectacular generosity also promoted a somewhat insular self sufficiency     *International Books in Print* , 1991     **United States Navy and Marine Corps Bases, Overseas** Paolo Enrico Coletta, Karl Jack Bauer, 1985-07-22 Histories of all important and historically significant overseas U S naval and Marine Corps bases and facilities are presented alphabetically in this work Those bases within a geographic area that permits or permitted overflight rights port visits and the use of offshore anchorages and including Puerto Rico the Virgin Islands and Guam are included Each entry discusses the form and function of the base or facility and gives something of its history and development Bibliographies at the end of each entry provide sources for further research     *Australian Submarines Vol 2* Michael White, 2015-11-01 The book commences with a discussion of the policy issues as to whether Australia needed submarines and then the decision to buy AE1 and AE2 It then goes through their coming to Australia the tragic loss of AE1 in New Guinea on 14 September 1914 and the bravery and daring of the AE2 crew in penetrating the Dardanelles on Anzac Day in 1915 The history then goes on to deal with the J Class submarines that came to Australia in 1919 the first Oxley and Otway which went to the RN in the Depression in 1931 and the fact that in World War Two Australia had no submarines except for the Dutch K IX whose career ended with a battery explosion in 1944 Then the

period of the RN Fourth Submarine Squadron based in Sydney is dealt with including some of the happy memories of those who served in it The book sets out the story of the new RAN submarine arm from 1963 When Oxley S 57 arrived in Neutral Bay Sydney in 1967 so began the new Australian era of submarines The basic dates of the O Boats are outlined along with the building and basic dates of the Collins class The book deals with some of the issues about the intelligence patrols about the Future Submarine and also records the numerous plaques services memorials and museums in Australia and overseas dedicated to Australian submarines and Australian and NZ submariners There is a detailed chapter on special submarine craft such as the X Craft in which some of the submarine heroes like Max Sheean Henty Henty Creer and Ken Briggs served and in some cases died The appendices to this book are numerous and detailed by a strong team from around the world including Garry Mellon Barrie Downer and Pat Heffernan Numerous photographs have been collected and included in the book to fit in with the text from Darren Brown and others The appendices also list all Australian submariners who have qualified and served up until mid 2014 including those who have died      **Naval History** ,2015
