Beeman Denis Laborde Paul Atkinson and Philippe Joseph Salazar establish that opera can be a pertinent object of anthropological interest ethnographic investigation cultural analysis and historical reflection By touching on opera not merely as a musical aesthetic or artistic category but as a social cultural historical and transnational phenomenon that over the last four centuries has significantly influenced and reflected the identity of Western culture and society this monograph suggests that opera and anthropology no longer need be alien to one another **The International Cyclopedia of Music and Musicians** Oscar Thompson, 1975 **Opera** Guy A.
