

With a new Introduction by Harvey C. Mansfield

Raymond Aron

The Opium of the Intellectuals

Foreword by

Daniel J. Mahoney and Brian C. Anderson

Opium Of The Intellectuals

David Ohana

Opium Of The Intellectuals:

The Opium of the Intellectuals Raymond Aron, 2017-07-05 Raymond Aron's 1955 masterpiece *The Opium of the Intellectuals* is one of the great works of twentieth century political reflection. Aron shows how noble ideas can slide into the tyranny of secular religion and emphasizes how political thought has the profound responsibility of telling the truth about social and political reality in all its mundane imperfections and tragic complexities. Aron explodes the three myths of radical thought: the Left, the Revolution, and the Proletariat. Each of these ideas, Aron shows, are ideological mystifying rather than illuminating. He also provides a fascinating sociology of intellectual life and a powerful critique of historical determinism in the classically restrained prose for which he is justly famous. For this new edition prepared by Daniel J. Mahoney and Brian C. Anderson as part of Transaction's ongoing Aron Project, political scientist Harvey Mansfield provides a luminous introduction that underscores the permanent relevance of Aron's work. The new edition also includes as an appendix *Fanaticism, Prudence, and Faith*, a remarkable essay that Aron wrote to defend *Opium* from its critics and to explain further his view of the proper role of political thinking. The book will be of interest to all students of political theory, history, and sociology. *The Opium of the Intellectuals* Raymond Aron, 1957

L'Opium Des Intellectuels. The Opium of the Intellectuals ... Translated by Terence Kilmartin. On the Situation of the Intelligentsia in France and in the World at Large. Raymond Aron, Terence Kilmartin, 1957

Intellectuals in Twentieth-Century France Jeremy Jennings, 2016-07-27 This book examines the role and place of the intellectual in twentieth century French society. The essays are for the most part written by eminent French scholars and made available to the English speaking reader as a growing body of research which explores the ethical and historical issues raised by the prominence of the intellectual in politics since the Dreyfus Affair. The volume concludes with an examination of the contrasting and complementary roles of the French and British intellectual. Forms of Hatred Leonidas Donskis, 2003 This book analyzes such symbolic designs of the modern troubled imagination as the conspiracy theory of society, deterministic concepts of identity and order, antisemitic obsessions, self-hatred, and the myth of the loss of roots. It offers among other things the unique East Central European materials incorporated in a broad imaginative synthesis and critique of contemporary social analysis.

Public Intellectuals and Their Discontents Yadullah Shahibzadeh, 2020-09-30 This book addresses the ways in which the figure of the intellectuals and their relationship to the public has been theorized through the conceptualizations of bureaucracy, democracy, and communism as universal processes from the 19th century to the present. Starting with Hegel and Marx, the author looks at the rise of the figure of the universal intellectual in various forms before turning to what is presented as a transformation of the figure of the intellectual into the public intellectual advanced by the New Philosophies and the critical response offered by Edward Said. The study presents two comparative case studies: the Iranian Revolution and the public intellectuals in Europe, specifically in Norway, before concluding with a focus on the decay of the figure of the intellectuals and highlighting Rancière's critique of the intellectual.

masses distinction *The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century* Peter E. Gordon, Warren Breckman, 2019-08-29 The Cambridge History of Modern European Thought is an authoritative and comprehensive exploration of the themes thinkers and movements that shaped our intellectual world in the late eighteenth and nineteenth century Representing both individual figures and the contexts within which they developed their ideas each essay is written in a clear accessible style by leading scholars in the field and offers both originality and interpretive insight This second volume surveys twentieth century European intellectual history conceived as a crisis in modernity Comprised of twenty one chapters it focuses on figures such as Freud Heidegger Adorno and Arendt surveys major schools of thought including Phenomenology Existentialism and Conservatism and discusses critical movements such as Postcolonialism Structuralism and Post structuralism Renouncing a single master narrative of European thought across the period Peter E Gordon and Warren Breckman establish a formidable new multi faceted vision of European intellectual history for the global modern age

Intellectuals and Power François Laruelle, 2014-12-23 In this important new book the leading philosopher François Laruelle examines the role of intellectuals in our societies today specifically with regards to criminal justice He argues that rather than concerning themselves with abstract philosophical notions like justice truth and violence intellectuals should focus on the human victims Drawing on his influential theory of non philosophy he shows how we can submit the theorizing of intellectuals to the scrutiny of the everyday suffering of the victims of crime In the course of a wide ranging discussion with Philippe Petit Laruelle suspends the presumed authority of intellectuals by challenging the image of the dominant intellectual exemplified by philosophers such as Sartre Foucault Lyotard and Debray In place of domination he puts forward instead a theory of determination the determined intellectual is one whose character is conditioned by his relationship to the victim rather than one who attempts to dominate the victim's experience through a process of theorizing While philosophy consistently takes the voice away from victims of suffering non philosophy is able to construct a theory of violence and crime that gives voice to the victim This highly original book will be essential reading for all those interested in contemporary French philosophy and all those concerned with justice in the modern world

The New York Intellectuals Reader Neil J. Munro, 2013-10-31 In the early 1930s in a small alcove at City College in New York a group of young passionate and politically radical students argued for hours about the finer points of Marxist doctrine the true nature of socialism and whether or not Stalin or Trotsky was the true heir to Lenin These young intellectuals went on to write for and found some of the most well known political and literary journals of the 20th century such as The Masses Politics Partisan Review Encounter Commentary Dissent and The Public Interest Figures such as Daniel Bell Nathan Glazer Sidney Hook Susan Sontag Dwight MacDonald and Seymour Lipset penned some of the most important books of social science in the mid twentieth century They believed above all else in the importance of argument and the power of the pen They were a vibrant group of engaged political thinkers and writers but most importantly they were public intellectuals committed to addressing

the most important political social and cultural questions of the day Here with helpful head notes and a comprehensive introduction by Neil Jumonville The New York Intellectuals Reader brings the work of these thinkers back into conversation

Intellectuals and Politics in Post-War France D. Drake,2001-11-11 What did French intellectuals have to say about Gaullism the Cold War colonialism the women s movement and the events of May 68 David Drake examines the political commitment of intellectuals in France from Sartre and Camus to Bernard Henri L vy and Bourdieu In this accessible study he explores why there was a radical reassessment of the intellectual s role in the mid 1970s 80s and how a new generation engaged with Islam racism the Balkan Wars and the strikes of 1995 Intellectuals in Politics Jeremy Jennings,Tony Kemp-Welch,2013-04-15 After an introduction to the major issues confronting intellectuals this book explores the various aspects of the intellectual s role including philosophers and academics who have tried to define the function of the intellectual how intellectuals have assumed the status of the conscience of the nation and the voice of the oppressed the interaction of intellectuals with Marxism the place of the intellectual in American society Covering regions as diverse as Israel Algeria Britain Ireland central Europe and America this collection considers the question of whether the intellectual can still lay claim to the language of truth In answering this study tells us much about the modern world in which we live Coverage includes the following thinkers Gramsci Weber Yeats Auden Levy Mailer Walzer Marx and many more *The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century* Warren Breckman,Peter E. Gordon,2019-08-29 An authoritative and comprehensive survey of the major themes thinkers and movements in modern European intellectual history The Intellectual Origins of Modernity David Ohana,2019-03-21 The Intellectual Origins of Modernity explores the long and winding road of modernity from Rousseau to Foucault and its roots which are not to be found in a desire for enlightenment or in the idea of progress but in the Promethean passion of Western humankind Modernity is the Promethean passion the passion of humans to be their own master to use their insight to make a world different from the one that they found and to liberate themselves from their immemorial chains This passion created the political ideologies of the nineteenth century and made its imprint on the totalitarian regimes that arose in their wake in the twentieth Underlying the Promethean passion there was modernity humankind s project of self creation and enlightenment the existence of a constant tension between the actual and the desirable between reality and the ideal Beneath the weariness the exhaustion and the skepticism of post modernist criticism is a refusal to take Promethean horizons into account This book attests the importance of reason which remains a powerful critical weapon of humankind against the idols that have come out of modernity totalitarianism fundamentalism the golem of technology genetic engineering and a boundless will to power Without it the new Prometheus is liable to return the fire to the gods *The Public Intellectual* Jerry Weinberger,Arthur M. Melzer,M. Richard Zinman,2004-09-01 Whether intellectuals are counter cultural escapists corrupting the young or secular prophets leading us to prosperity they are a fixture of modern political life In *The Public Intellectual Between Philosophy and*

Politics Arthur M Melzer Jerry Weinberger and M Richard Zinman bring together a wide variety of noted scholars to discuss the characteristics nature and role of public thinkers By looking at scholarly life in the West this work explores the relationship between thought and action ideas and events reason and history A Politics of Understanding Reed M. Davis,2009-12 Frequently hailed as one of the greatest defenders of democratic liberalism in postwar Europe Raymond Aron left behind a staggering amount of published work on a remarkably wide range of topics both scholarly and popular While trained in philosophy Aron nevertheless left his mark on such fields as economics sociology nuclear strategic thought and international relations A Politics of Understanding assesses the originality and consistency in Aron s corpus especially in the areas of international relations theory and strategic thought and provides a concise and clearly written explanation of the basic concepts at work in Aron s philosophy Walter Kaufmann Stanley Corngold,2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921 1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche s reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann s thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann s range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century s most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar s incomparable libido sciendi or lust for knowledge

The Unmasking Style in Social Theory Peter Baehr,2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment The Unmasking Style in Social Theory charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology s relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include

Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory *The SAGE Handbook of European Foreign Policy* Knud Erik Jorgensen, Aasne Kalland Aarstad, Edith Drieskens, Katie Laatikainen, Ben

Tonra, 2015-04-30 During the last two decades the study of European foreign policy has experienced remarkable growth presumably reflecting a more significant international role of the European Union The Union has significantly expanded its policy portfolio and though empty symbolic politics still exists the Union's international relations have become more substantial and its foreign policy more focused European foreign policy has become a dynamic policy area being adapted to changing challenges and environments such as the Arab Spring new emerging economies powers the crisis of multilateralism and much more The SAGE Handbook of European Foreign Policy Two Volume set is a major reference work for Foreign Policy Programmes around the world The Handbook is designed to be accessible to graduate and postgraduate students in a wide variety of disciplines across the humanities and social sciences Both volumes are structured to address areas of critical concern to scholars at the cutting edge of all major dimensions of foreign policy The volumes are composed of original chapters written specifically to the following themes Research traditions and historical experience Theoretical perspectives EU actors State actors Societal actors The politics of European foreign policy Bilateral relations Relations with multilateral institutions Individual policies Transnational challenges The Handbook will be an essential reference for both advanced students and scholars **The Dark Side of the Left** Richard J. Ellis, 1998 Political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left

Fragmented France Jack Hayward, 2007-04-26 For a thousand years France has struggled to impose unity upon its diverse components For most of the time its leaders have sought to define its identity by opposition to the Anglo Saxons first England then Britain and the USA The prologue explores France's self image by contrast with the Anglo American counter identity Part one deals with the unfinished Revolution from 1789 to 1878 when the Third Republic achieved relative stability After examining the variety of symbolic representatives of Frenchness in the search for democratic legitimacy and national unanimity the enduring divisions in French society are explained in their ideological social religious territorial and political aspects Emphasis is given to the role of writers and intellectuals in expressing these cleavages before analysing how parliamentary democracy was established by the Third Republic Part two starts by relating French political paralysis to the slowness of socio economic modernisation before turning to the polarizing role of intellectuals in perpetuating varieties of Left and Right battles over who personified anti France The adversarial character of French party politics is then considered as it fluctuated

up to the present in terms of the fragmented Left and Right between the rhetorical revolutionary and reactionary extremes and the conservative or timidly reformist realities The colonial and international role of France is described stressing Franco German European Union leadership The protectionist aversion to competitive global capitalism results in reluctant adaption to forces beyond French control

The book delves into Opium Of The Intellectuals. Opium Of The Intellectuals is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Opium Of The Intellectuals, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Opium Of The Intellectuals
- Chapter 2: Essential Elements of Opium Of The Intellectuals
- Chapter 3: Opium Of The Intellectuals in Everyday Life
- Chapter 4: Opium Of The Intellectuals in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Opium Of The Intellectuals. This chapter will explore what Opium Of The Intellectuals is, why Opium Of The Intellectuals is vital, and how to effectively learn about Opium Of The Intellectuals.
3. In chapter 2, this book will delve into the foundational concepts of Opium Of The Intellectuals. The second chapter will elucidate the essential principles that need to be understood to grasp Opium Of The Intellectuals in its entirety.
4. In chapter 3, the author will examine the practical applications of Opium Of The Intellectuals in daily life. This chapter will showcase real-world examples of how Opium Of The Intellectuals can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Opium Of The Intellectuals in specific contexts. This chapter will explore how Opium Of The Intellectuals is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Opium Of The Intellectuals. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Opium Of The Intellectuals.

Opium Of The Intellectuals Introduction

In the digital age, access to information has become easier than ever before. The ability to download Opium Of The Intellectuals has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Opium Of The Intellectuals has opened up a world of possibilities. Downloading Opium Of The Intellectuals provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Opium Of The Intellectuals has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access

information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Opium Of The Intellectuals. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Opium Of The Intellectuals. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Opium Of The Intellectuals, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Opium Of The Intellectuals has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Opium Of The Intellectuals Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
