Turner, 2007 This major theoretical work takes existing work on the emotions in significantly new directions It gives a comprehensive account of emotions beginning with general sociological principles moving over important theory construction of social formation and applying this to a detailed and unified grand theory of human emotions Presenting a unified view of the emotions in the social universe the book explores the relationships between emotions social structure and culture Turner hypothesizes how social structure and culture affect emotional arousal in humans and vice versa This book is essential reading for undergraduate and postgraduate students researching sociology of emotions social psychology and contemporary social theory and is also relevant for students and researchers working in the fields of psychology and cultural studies **American Prisons** David Musick, Kristine Gunsaulus-Musick, 2017-05-18 Imprisonment has become big business in the United States Using a history of ideas approach this book examines the cultural underpinnings of prisons in the United States and explores how shared ideas about imprisonment evolve into a complex loosely connected nationwide system of prisons that keeps enough persons to populate a small nation behind bars razor wire and electrified fences Tracing both the history of the prison and the very idea of imprisonment in the United States this book provides students with a critical overview of American prisons and considers their past their present and directions for the future Topics covered include a history of imprisonment in America from 1600 to the present day the twentieth century prison building binge the relationship between U S prisons and the private sector a critical account of capital punishment less visible prison minorities including women children and the elderly and sex violence and disease in prison This comprehensive book is essential reading for advanced courses on corrections and correctional management and offers a compelling and provocative analysis of the realities of American penal culture from past to present It is perfect reading for students of criminal justice corrections penology and the sociology of punishment The Lavender Vote Mark Hertzog, 1996-08 In this book the author describes the differences in demographics attitudes and voting behavior between self identified bisexuals and homosexuals and the rest of the voting population **Getting Better** Bryan Green, 2018-01-16 Ever since the fifties when television became ascendent in American popular culture it has become commonplace to bemoan its bad effects Little or nothing however has been said about its good effects With this observation Henry Perkinson introduces his provocative and original analysis of television and culture Rejecting the determinism inherent in most studies of the effects of television We are what we watch he insists that it is people that

actively change culture media having no agency to do so Nevertheless he argues that television did facilitate the changes we have made in our culture over the past thirty years Perkinson describes how television helped us become critical of our existing culture especially of the relationships that were commonly accepted between men and women blacks and whites politicians and voters employers and employees and between people and the environment These criticisms have brought about dramatic changes in our social political and economic arrangements as well as changes in our intellectual outlook Since these changes came about through our efforts to eliminate or reduce discrimination suffering and injustice Perkinson argues that our culture has become more moral in the age of television In what amounts to a history of recent social change in America Getting Better examines the role television has played in the rise of feminism the black protest movement the presidential elections the Vietnam War Watergate environmentalism religious fundamentalism and the New Age movement This book will be essential reading for students of communications and American culture and for anyone who wants to make sense of the transformations of American life from the 1950s to the present Even those who do not agree that things are getting better will find that Perkinson s analysis helps to make things more coherent

Out of the Revolution Delores P. Aldridge, Carlene Young, 2000-11-01 The introduction of Black studies programs into institutions of higher education was a direct response to the mandate for change at all levels that characterized the civil rights movement and the social rebellions of the 1950s and 1960s In Out of the Revolution Delores P Aldridge and Carlene Young collect thirty one of the nation s top scholars to provide a complete reference for understanding the impetus for the development of and future considerations for the discipline of Africana studies Topics addressed include epistemological considerations humanistic perspectives the role of bureaucracy and the academic institution the social psychological political and economic dimensions the position of black women in the field and how the discipline has empowered the black student This invaluable resource for educators and students alike concludes with a look at graduates in Africana studies and their careers and a discussion of the future of the field

Contemporary Perspectives On Masculinity Ken Clatterbaugh, 2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and

timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society
