**Blood and Ruins** Richard Overy, 2023-04-04 Monumental A vast and detailed study that is surely the finest single volume history of World War II Richard Overy has given us a powerful reminder of the horror of war and the threat posed by dictators with dreams of empire The Wall Street Journal A thought provoking and original reassessment of World War II from Britain's leading military historian A New York Times bestseller Richard Overy sets out in *Blood and Ruins* to recast the way in which we view the Second World War and its origins and aftermath As one of Britain's most decorated and respected World War II historians he argues that this was the last imperial war with almost a century long lead up of global imperial expansion which reached its peak in the territorial ambitions of Italy Germany and Japan in the 1930s and early 1940s before descending into the largest and costliest war in human history and the end after 1945 of all territorial empires Overy also argues for a more global perspective on the war one that looks broader than the typical focus on military conflict between the Allied and Axis states Above all Overy explains the bitter cost for those involved in fighting and the exceptional level of crime and atrocity that marked the war and its protracted aftermath which extended far beyond 1945 *Blood and Ruins* is a masterpiece a new and definitive look at the ultimate struggle over the future of the global order which will compel us to view the war in novel and unfamiliar ways Thought provoking original and challenging *Blood and Ruins* sets out to understand the war anew

*Federal Probation*, 1955      **Comparative Criminology** Hermann Mannheim, 1965 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company

*The Psychological and Medical Effects of Concentration Camps and Related Persecutions on Survivors* Leo Eitinger, 2011-11-01 Research into various aspects of the Holocaust has escalated in recent years just as the ranks of survivor subjects are rapidly diminishing All documents contributing in any way to the knowledge of psychological and medical consequences have been included in this bibliography Materials are drawn from psychological psychiatric and social work literature and from personal accounts In addition to printed books and articles references are made to manuscripts which are housed at one of the three centres where major libraries of this kind exist The bibliography contains titles in English French Polish Dutch and German as well as a number of other languages The major topics are 1 Direct observations of and direct reactions to the concentration camp during imprisonment and immediately after liberation 2 Compensation and rehabilitation 3 Physical and psychological results 4 Children as survivors 5 The second generation

**The Wonder of Their Voices** Alan Rosen, 2010-10-18 Over the last several decades video testimony with aging Holocaust survivors has brought these witnesses into the limelight Yet the success of these projects has made it seem that little survivor testimony took place in earlier years In truth thousands of

survivors began to recount their experience at the earliest opportunity This book provides the first full length case study of early postwar Holocaust testimony focusing on David Boder s 1946 displaced persons interview project In July 1946 Boder a psychologist traveled to Europe to interview victims of the Holocaust who were in the Displaced Persons DP camps and what he called shelter houses During his nine weeks in Europe Boder carried out approximately 130 interviews in nine languages and recorded them on a wire recorder Likely the earliest audio recorded testimony of Holocaust survivors the interviews are valuable today for the spoken word that of the DP narrators and of Boder himself and also for the song sessions and religious services that Boder recorded Eighty sessions were eventually transcribed into English most of which were included in a self published manuscript Alan Rosen sets Boder s project in the context of the postwar response to displaced persons sketches the dramatic background of his previous life and work chronicles in detail the evolving process of interviewing both Jewish and non Jewish DPs and examines from several angles the implications for the history of Holocaust testimony Such early postwar testimony Rosen avers deserves to be taken on its own terms rather than to be enfolded into earlier or later schemas of testimony Moreover Boder s efforts and the support he was given for them demonstrate that American postwar response to the Holocaust was not universally indifferent but rather often engaged concerned and resourceful

*DPs Mark Wyman*,2015-01-15 Wyman has written a highly readable account of the movement of diverse ethnic and cultural groups of Europe s displaced persons 1945 1951 An analysis of the social economic and political circumstances within which relocation resettlement and repatriation of millions of people occurred this study is equally a study in diplomacy in international relations and in social history A vivid and compassionate recreation of the events and circumstances within which displaced persons found themselves of the strategies and means by which people survived or did not and an account of the major powers in response to an unprecedented human crisis mark this as an important book Choice

**How Was It Possible?** Peter Hayes,2015-04-01 As the Holocaust passes out of living memory future generations will no longer come face to face with Holocaust survivors But the lessons of that terrible period in history are too important to let slip past How Was It Possible edited and introduced by Peter Hayes provides teachers and students with a comprehensive resource about the Nazi persecution of Jews Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally the anthology sets out to provide answers to questions that may otherwise defy comprehension This anthology is organized around key issues of the Holocaust from the historical context for antisemitism to the impediments to escaping Nazi Germany and from the logistics of the death camps and the carrying out of genocide to the subsequent struggles of the displaced survivors in the aftermath Prepared in cooperation with the Jewish Foundation for the Righteous this anthology includes contributions from such luminaries as Jean Anel Saul Friedlander Tony Judt Alan Kraut Primo Levi Robert Proctor Richard Rhodes Timothy Snyder and Susan Zuccotti Taken together the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy inviting readers to learn precisely how the

Holocaust was in fact possible      *The Immigrant Other* Rich Furman,Greg Lamphear,Douglas Epps,2016-03-01 The immigrants profiled in *The Immigrant Other* shed light on a system designed to dehumanize and disenfranchise them and they describe the difficulty of finding shelter in an increasingly globalized and unsympathetic world They include Muslims facing discrimination from both the War on Terror and the War on Immigration Latino day laborers Filipino immigrants supporting themselves and their families back home and Brazilian parents terrified of being separated from their naturalized children Immigrants living in Spain Australia Greece and Qatar are also represented showcasing the similarities and differences in the treatment of immigrants worldwide Each chapter in this anthology pairs a description of specific state national and transnational immigration laws and regulations with the testimony of individuals struggling to find legitimacy and sanctuary among them      *Detaining the Immigrant Other* Rich Furman,Douglas Epps,Greg Lamphear,2016-03-16 This edited text explores immigration detention through a global and transnational lens Immigration detention is frequently transnational the complex dynamics of apprehending detaining and deporting undocumented immigrants involve multiple organizations that coordinate and often act across nation state boundaries The lives of undocumented immigrants are also transnational in nature the detention of immigrants in one country often without due process and without providing the opportunity to contact those in their country of origin has profound economic and emotional consequences for their families The authors explore immigration detention in countries that have not often been previously explored in the literature Some of these chapters include analyses of detention in countries such as Malaysia South Africa Turkey and Indonesia They also present chapters that are comparative in nature and deal with larger macro issues about immigration detention in general The authors frequent usage of lived experience in conjunction with a broad scholarly knowledge base is what sets this volume apart from others making it useful and practical for scholars in the social sciences and anybody interested in the global phenomenon of immigration detention      **American Sociological Review** ,1955-02      *Encyclopedia of Soviet Law* F. J. Ferdinand Joseph Maria Feldbrugge, Gerard Pieter Van den Berg, William Bradford Simons,1985-04-26 The revised Encyclopedia follows the format of the 1973 edition It is a compilation of nearly 500 short factual articles on Soviet domestic and international law      **The Sociology of Colonies: The progress of law** René Maunier,1949      **Encyclopedia of Soviet Law** Ferdinand J.M.
